Singer, 1990 **Special Bibliography Series**, 1957 **Time Frames** Scott Nygren, 2007 **Communicating with Asia** Harry Irwin, 2020-09-28 Anyone who deals with people from different cultures needs intercultural communication skills whether they are in the workplace on a business trip overseas dealing with foreign guests or simply socializing with friends This is not just a matter of knowing how to bow in Japan or what gifts to give in Korea Rather it is necessary to understand the dynamics of different cultures and intercultural communication Communicating with Asia is a comprehensive guide to cultural literacy for Australians who deal with Asians and vice versa It is abundantly illustrated with examples from Japan China Hong Kong Taiwan Singapore Malaysia Thailand Indonesia and other countries Richard Storry - Collected Writings Richard Storry, 2013-12-16 This volume of the Collected Writings of Modern Western Scholars on Japan series published under the Japan Library imprint collects the work of Richard Storry on contemporary issues and the history of Japan **Psychoanalyses / Feminisms** Peter L. Rudnytsky, Andrew Gordon, 2000-01-01 Brings together 12 provocative and iconoclastic contributions by leading scholars and new voices probing the complementary yet contested relations between various forms of contemporary psychoanalysis and feminism Contributors use and interrogate Freud Lacan Klein and Jessica Benjamin as well as object relations theory self psychology and Horneyan theory as they discuss the work of such writers as D H Lawrence Emily Bronte and Kathy Acker Material stems from an April 1994 conference held at the University of Florida Homosexualities Stephen O. Murray, 2002-06 Breathtaking in its historical and geographical scope this book provides a sweeping examination of the construction of male and female homosexualities stressing both the variability of the forms same sex desire can take and the key recurring patterns it has formed throughout history An indispensable resource on same sex sexual relationships and their social contexts Essential reading Choice P romises to deliver a lot and even more extraordinarily succeeds in its lofty aims O riginal and refreshing A sensational book part of what I see emerging as a new commonsense revolution within academe Kevin White International Gay and Lesbian Review Studying the Enemy Christiane Reinhold, 2018-10-24 Unlike the majority of contemporary scholarly works that examine Sino Japanese relations between 1925 and 1945 this study de emphasizes the story of conflict and war in favor of one that revolves around the way in which the Chinese intellectually encountered the enemy the Japanese *A Collector's Guide to Books on Japan in English* Jozef Rogala, 2012-10-12 For

librarians and private collectors of books on Japan in English Jozef Rogala's alphabetical guide will prove an invaluable and very accessible addition to existing bibliographic sources and references not least because of the supporting biographies of major writers and the historical and cultural notes provided Includes subject index *Unwrapping Japan* Eyal Ben-Ari, Brian Moeran, Jim Valentine, 2010-10-18 Recent years have witnessed an explosive growth in the literature published about Japan Yet it seems that the more that is written about Japan and Japanism its culture society people the more mysterious it becomes As well as exploring issues relating to advertising tourism women festivals and the art world the book depicts how the study of Japanese society contributes to anthropological theory and understanding The editors use the term unwrapping to provide insights into Japanese culture and relate these insights to broader problems and questions prevalent in contemporary anthropological discourse The issues explored include the contribution of applied anthropology to theory the relationship between tourism and nostalgia the interplay of marginality and belonging the role of advertising in gender relations status in the art world and the place of Japanese genres of writing within anthropology texts **Astonishment and Evocation** Ivo Strecker, Markus Verne, 2013-06-01 All societies are shaped by arts media and other persuasive practices that can awe captivate enchant or otherwise seem to cast a spell on the audience Likewise scholarship itself often is driven by a sense of wonder and a willingness to be open to what lies beyond the obvious This book broadens and deepens this perspective Inspired by Stephen Tyler's view of ethnography as an art of evocation international scholars from the fields of aesthetics anthropology and rhetoric explore the spellbinding power of elusive meanings as people experience them in daily life and while gazing at works of art watching films or studying other cultures The book is divided into three parts covering the evocative power of visual art the immersion in ritual and performance and the reading writing and interpretation of texts Taken as a whole the contributions to the book demonstrate how astonishment and evocation deserve an important place in the conceptual repertoire of the human sciences **Great Economic Thinkers from Antiquity to the Historical School** Bertram Schefold, 2016-03-31 This book contains commentaries from the series *Klassiker der Nationalökonomie* classics of economics which have been translated into English for the first time This selection focuses on neglected but notable writers in a deserted sub discipline localising the beginning of economic science not with Adam Smith but with the moral question of usury and the good life in Antiquity Bertram Schefold's choice of authors for the *Klassiker* series which he has edited since 1991 and his comments on the various re-edited works are proof of his highly original and thought provoking interpretation of the history of economic thought HET This volume is an important contribution to HET not only because it delivers original and fresh insights about such well known figures as Aristotle Jevons or Wicksell but also because it deals with authors and ideas who have been forgotten or neglected in the previous literature In this regard Schefold's book could prove to be seminal for the field of the history of economic thought for in the age of globalisation our usual restriction to the thinkers of Western Europe and the USA might eventually be overcome This book will give the reader a far broader view of economics

compared to that of the latest research This volume is suitable for those who are interested in and study history of economic thought as well as economic theory and philosophy **Contemporary Views on the Holocaust** R.L. Braham, 2012-12-06

This book is the second in a series of studies published under the auspices of the Institute for Holocaust Studies of the Graduate School and University Center of The City University of New York Like the first book it is an outgrowth of the lectures and special studies sponsored by the institute during the 1981-82 and 1982-83 academic years This volume is divided into five parts Part I Ethics and the Holocaust contains a pioneering investigation of one of the most neglected areas in Holocaust studies Francine Klagsbrun a well known writer and popular lecturer provides an erudite overview of the value of life in Jewish thought and tradition With full understanding of the talmudic scholars position on Jewish ethics and using concrete examples of the life and death dilemmas that confronted many Jews in their concentration camp experiences Klagsbrun provides dramatic evidence of the triumph of moral and ethical principles over the forces of evil during the Holocaust this darkest period in Jewish history The next two chapters grouped under the heading The Allies and the Holocaust deal with the failure of the Western Allies to respond to the desperate needs of the persecuted Jews of Europe during the Second World War The first is by Professor Bela Vago an authority on the Holocaust and East Central European history at the University of Haifa **Dancing Into Darkness** Sondra Horton Fraleigh, 1999-07-15

Butoh also known as dance of darkness is a postmodern dance form that began in Japan as an effort to recover the primal body or the body that has not been robbed as butoh founder Tatsumi Hijikata put it Butoh has become increasingly popular in the United States and throughout the world diversifying its aesthetic while at the same time asserting the power of its spiritual foundations Dancing into Darkness is Sondra Horton Fraleigh's chronological diary of her deepening understanding of and appreciation for this art form as she moves from a position of aesthetic response as an audience member to that of assimilation as a student of Zen and butoh Fraleigh witnesses her own artistic and personal transformation through essays poems interviews and reflections spanning twelve years of study much of it in Japan Numerous performance photographs and original calligraphy by Fraleigh's Zen teacher Shodo Akane illuminate her words Edwin O. Reischauer and the American

Discovery of Japan George R. Packard, 2010-04-05 In 1961 President Kennedy named Edwin O Reischauer the U S Ambassador to Japan Already deeply intimate with the country Reischauer hoped to establish a more equal partnership with Japan which had long been maligned in the American imagination Reischauer pushed his fellow citizens to abandon caricature and stereotype and recognize Japan as a peace loving democracy Though his efforts were often condemned for being too soft the immensity of his influence and the truth of his arguments can be felt today Having worked as Reischauer's special assistant in Tokyo George R Packard writes the definitive and first biography of this rare charismatic talent Reischauer reset the balance between two powerful nations During World War II he analyzed intelligence and trained American codebreakers in Japanese He helped steer Japan toward democracy and then wrote its definitive English language

history Reischauer's scholarship supplied the foundations for future East Asian disciplines and his prescient research foretold America's missteps with China and involvement in Vietnam At the time of his death in 1990 Reischauer warned the U S against adopting an attitude toward Asia that was too narrow and self centered India Pakistan and North Korea are now nuclear powers and Reischauer's political brilliance has become more necessary and trenchant than ever
