These essays use an interdisciplinary approach to read through Disney's domestic cultural production, innocent national icons as well as theme parks, cartoons, and television to analyze the global impact of American popular culture, the politics of Disney, and the complex reception Disney productions have received around the world. The Disney corporation's ever-increasing visibility, the opening of Euro Disney and new stores in malls, and vast influence over global culture demands critical attention not only in film and television studies but in international diplomacy, architecture, economics, and other related fields. Disney Discourse consolidates the best of the current work on Disney and provides a representative sample of past analyses of the Disney empire. The Top 25 Best Beaches. **The Encyclopedia of Best Films** Jay Robert Nash, 2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three to five star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system, which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations: for viewing, recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre, i.e., animated, drama, sports, mystery, adventure, etc., as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection. **Freehand** Helen Birch, 2013-09-10 Examples, explanations, inspiration.
