Mischief, Mayhem, and Marriage Rebecca Connolly, 2021-11-23 One good scandal deserves another Lady Alexandrina Lawson has never minded her widowhood After the disaster that was her first marriage she found it rather enjoyable despite the pity she received What the public saw as devoted mourning to a respected man was in fact a complete disinterest in participating in anything Society could offer her ever again When an invitation to a cousin's London event proves disastrous for Alexandrina her reputation and that of her child her choice becomes simple rescue or ruin Enter Taft Debenham Earl of Harwood Taft could not have less interest in Lady Lawson or her cold manner but neither could he stand by and let her suffer a forced marriage to a drunken idiot Sacrificing himself on the altar of Society thinking how his own reputation might benefit he provides a rather clever solution marry the woman himself and claim outrage for the offenses against her Over the protests of his bride and those of his own sanity Taft begins the greatest scheme he could ever imagine Nothing surprises him more than beginning to discover that his wife has a heart beneath her icy exterior And that he would do almost anything to claim it *Mischief Mayhem and Marriage* is a sweet Regency romance and can be read as a stand alone or as the sequel to Rebecca Connolly's previous novel *The Rivals of Rosennor Hall* It is also part of the upcoming *Supposed Scandal* series

and Beyond Gaglozoo H. A. Berdie, 2016-04-25 It is through a deep reflection that I have been able to frame the title of this book which is *The Theatre of Love Sex Marriage and Beyond* In fact the contents of this book take their roots from the title This book is designed to cover as much as possible a substantial number of the various aspects of the subjects I have discussed as dealt with specifically by the innumerable authors at one time or the other It is without the slightest doubt that not all or every aspect of the subjects of love sex and marriage written or propounded by authors researchers psychologists sexologists and medical scientists can be found in one book These different and innumerable ideas theories hypothesis and research findings are as scattered in uncountable books articles newsprints or papers and magazines I will in all honesty admit that what I have attempted to do in this book is only a tip of the iceberg considering the infinitude of the intellectual input and output of others in the myriad of data on the subject I have divided this book into four parts love sex marriage and the beyond These notwithstanding I hope this humble rendition however inadequate would give readers a general overview of the essentials of these enigmatic subjects of love sex marriage and the beyond **The Law Times Reports** ,1860
