Anything was possible in Marguerite's life. Until the day her father died while she was in her young teens and her mother all but retreated from life. Marguerite carried on trying to live by the words her father taught her until everything she'd believed in came crashing down when her mother whispered into her ear as she was dying. Now Marguerite is a young woman out for revenge and a year after her mother's passing she and her grandfather head to London for her. Come out. At least that's what her grandfather believes. Marguerite is there with exquisitely planned revenges on the five men she believes responsible for her parents' deaths. Thomas Joseph Donovan is also in London. He is there on a mission from President Madison. He is to meet with and discuss strategies with a group of men who had put forth a plan to prevent what seems now to be an inevitable war with the young country. But everywhere he goes it seems that Marguerite is there ahead of him. Beautiful, intelligent, apparently conniving. Marguerite Balfour. They each have their own secret agendas; they each have their own reasons with one out to disgrace and destroy the other out to decide if his country should become involved in the Englishmen's plot. They each are very much in the other's way, especially when their mutual attraction threatens to make Thomas suspicious of the men he has come to see. As one after the other they appear to fall into disgrace, he comes to believe there can be only one person who could be pulling the strings, making the puppets dance to her tune. Marguerite. But why? Follow along as Marguerite's well-laid plans unfold as Donovan can only try to earn her trust, becoming more concerned for her safety with every passing day.

Five years in the past, Morgan Drummond, Marquis of Westham, deserted London after his curst temper nearly ended his best friend's life. But now Morgan has beaten down his devils, assured himself he is rehabilitated enough to return to the city intent on finding a suitable and likewise mild-mannered wife. Alas, so much for the best-laid plans of mice and men and Morgan Drummond. He arrives to find his ingenious butler hating to see the mansion go empty during the Season and a man with a good eye for turning a profit has rented out the place to an odd assortment of tenants. Really odd. For good or ill, among this motley crew installed in the mansion is the Clifford family, including one Miss Emma Clifford, whose determined spirit proves her to be the one woman in England Morgan knows is completely wrong for him. So why does she seem so right? Don't miss the book that follows this story featuring Perry Shepherd. Shall We Dance? Witty dialogue, peppers a plot full of delectable details exposing the foibles and follies of the age, another playfully perfect Regency-era romp. Publishers Weekly Starred Review
