## **Misconceptions On Basic Human Rights In Islam:**

**Common Misconceptions About Human Rights in Islam** Abdul-Rahman Al-Sheha, 2022-12-09 A book in English in which the author discusses the principle of human rights in Islam. These rights are considered and preserved in the Noble Quran and the Prophetic tradition, the two main sources of Islamic legislation. *Islamic Myths and Memories* Itzhak Weismann, Mark Sedgwick, Ulrika Mårtensson, 2016-05-06 Islamic myths and collective memory are very much alive in today's localized struggles for identity and are deployed in the ongoing construction of worldwide cultural networks. This book brings the theoretical perspectives of myth making and collective memory to the study of Islam and globalization and to the study of the place of the mass media in the contemporary Islamic resurgence. It explores the annulment of spatial and temporal distance by globalization and by the communications revolution underlying it and how this has affected the cherished myths and memories of the Muslim community. It shows how contemporary Islamic thinkers and movements respond to the challenges of globalization by preserving, reviving, reshaping or transforming myths and memories. **50 Great Myths**

**About Religions** John Morreall, Tamara Sonn, 2014-04-03 50 Great Myths about Religions is an intriguing, informative and often humorous introduction to some of the long-standing myths that surround religious belief. This engaging book will get its readers thinking about how and why certain myths have arisen and their continuing influence on our personal and collective view of religion. Offers a lively, informative and thought-provoking introduction to some of the common misbeliefs surrounding religions. Discusses myths about religious belief in general as well as specific ideas that surround Judaism, Christianity, Islam, atheism and agnosticism. Covers a wide range of myths from ancient legends such as the Bible forbidding pork being eaten because it causes illness to modern urban fables such as Barack Obama being a Muslim. Unpacks each myth in turn, explaining why it arose, how it spread and why the beliefs that stem from it are questionable. Includes a fascinating discussion about human nature and the main characteristics that predispose us to create and circulate myths to begin with. Underpinned by a wide knowledge of academic research, it is written by two respected religion scholars and experienced authors.

**Misconceptions on Human Rights in Islam** Abd Ar Rahman Ash Sheha, 2023-12-31 This book sheds ample light on the question of human rights in Islam as outlined in the Quran and the teachings of Prophet Muhammad, peace be upon him. All these rights aim at making man lead a life of compassion and dignity so that he acquires all good qualities and deals with others in the best manner. The author explains the human rights and the freedoms Islam ensures at the different levels and clarifies the misconceptions that are often expressed regarding the different aspects of freedom.
