and mental illness *Flannery O'Connor's Religion of the Grotesque* Marshall Bruce Gentry, 1986 *Rodrigo* Robert S. Tapia, 2015-08-26 Rodrigo Pardav is just eight when his father immigrates from Mexico to the United States in search of a better life for his family. Although his father writes and sends money often it is never enough to satisfy the basic needs of the family. Finally five years later Rodrigos father is able to bring his family to Chicago where he hopes they will all immerse in their adoptive culture. However Rodrigo is not as willing to assimilate to the American way of life as his father had hoped. Rodrigo feeling confused and isolated living in the United States finds refuge in his identity and heritage as he embarks on a coming of age journey through adolescence during the turbulent 1960s. When he turns eighteen and registers for the draft heated and intense arguments erupt between his parents about Rodrigos military duty. His parents send him back to Mexico City just as the Vietnam conflict begins. Three years later as the war rages on Rodrigo realizes that his impulsive younger brother is about to turn eighteen. Knowing that his brother will likely register for the draft and choose to fight in Vietnam rather than flee the country causes Rodrigo to reflect on his own character and ultimately face a difficult decision. In this fascinating tale based on true events a young Mexican man attempts to acclimate to a new way of life and somehow survive the American dream during 1960s America.

Style and Emotion in Comic Novels and Short Stories Agnes Marszalek, 2020-03-19 This book builds on cognitive stylistics humour studies and psychological approaches to literature and film to explore the emotional aspects of humorous narrative comprehension. It investigates how the linguistic features of comic novels and short stories by for example Douglas Adams Joseph Heller and Nick Hornby can shape readers experience of comedy considering the ways in which moods characters and the plot is used to trigger blends of positive and negative emotion. The book offers an approach to such features of comedy as dark humour cringe humour and comic suspense emphasising the relationship between humorous language and mental states which are typically considered serious. Agnes Marszalek s focus on the non humorous side of experiencing comedy offers a key contribution to the study of humorous narratives. By investigating humour as part of a narrative world this book moves towards addressing the complexity of the experience of humour in narrative texts providing implications not only for the linguistics of humour but also for those approaches to discourse comprehension which explore the affective side of engaging with texts.
