*Misogyny, Misandry, and Misanthropy* R. Howard Bloch, Frances Ferguson, 2023-04-28      *The Geography of Genocide* Allan D. Cooper, 2009 The Geography of Genocide offers a unique analysis of over sixty genocides in world history explaining why genocides only occur in territorial interiors and never originate from cosmopolitan urban centers This study explores why genocides tend to result from emasculating political defeats experienced by perpetrator groups and examines whether such extreme political violence is the product of a masculine identity crisis Author Allan D Cooper notes that genocides are most often organized and implemented by individuals who have experienced traumatic childhood events involving the abandonment or abuse by their father Although genocides target religious groups nations races or ethnic groups these identity structures are rarely at the heart of the war crimes that ensue Cooper integrates research derived from the study of serial killing and rape to show certain commonalities with the phenomenon of genocide The Geography of Genocide presents various strategies for responding to genocide and introduces Cooper s groundbreaking alternatives for ultimately inhibiting the occurrence of genocide BOOK JACKET      **Misogyny, Misandry and Misanthropy** R. Howard Bloch, 1987      *French XX Bibliography* Susquehanna University Press, 1991-09 This series of bibliographical references is one of the most important tools for research in modern and contemporary French literature No other bibliography represents the scholarly activities and publications of these fields as completely      **With Bloom Upon Them and Also with Blood** Justin Phillip Reed, 2023-12-08 The f k count is just over sixty The images are screenshots The metal is mostly nu And the grant money s gone From the author of The Malevolent Volume and National Book Award winning Indecency comes a gory new mutation in the shape of nonfiction and criticism In 2019 Justin Phillip Reed s romantic maiden voyage through the waters of American poetry and its communities ran aground in the barrens of Pittsburgh Pennsylvania when he found himself with two years of writing time on the horizon and no social context to keep him afloat In anxiety and estrangement soon deepened by global pandemic popular fascism virtual being intestinal distress and the obscenity of his own privilege as a university pet he retreated to the comforts of horror films with no intent but diversion What happened instead was this reckless unprecious in process reckoning Backdropped by sprawling cemeteries soundtracked by too much Type O Negative and totally hung up on cameras With Bloom Upon Them and Also with Blood is a chase and a trip where lyric essays ekphrastic poetry and lectures grapple with alienation professional disillusionment perversion and internal contradiction under racial capitalism through playful and critical encounters with horror cinema and cultural iconography      Women, Political Struggles and Gender Equality in South Asia M. Alston, 2014-08-07 A brutal gang rape of a young woman in India in 2012 caused a global outcry against rising brutal violence against women In response to the young woman s death and the protests that followed the contributors analyze the position of women in South Asia the issue of violence women s political activism and gender inequalities      **Final Girls, Feminism and Popular Culture** Katarzyna Paszkiewicz, Stacy Rusnak, 2020-05-05 This volume

examines contemporary reformulations of the Final Girl in film TV literature and comic expanding the discussion of the trope beyond the slasher subgenre Focusing specifically on popular texts that emerged in the 21st century the volume asks What is the sociocultural context that facilitated the remarkable proliferation of the Final Girls What kinds of stories are told in these narratives and can they help us make sense of feminism What are the roles of literature and media in the reconsiderations of Carol J Clover's term of thirty years ago and how does this term continue to inform our understanding of popular culture The contributors to this collection take up these concerns from diverse perspectives and with different answers notably spanning theories of genre posthumanism gender sexuality and race as well as audience reception and spectatorship Ideology in Britten's Operas J. P. E. Harper-Scott, 2018-09-06 This thematic examination of Britten's operas focuses on the way that ideology is presented on stage To watch or listen is to engage with a vivid artistic testament to the ideological world of mid twentieth century Britain But it is more than that too because in many ways Britten's operas continue to proffer a diagnosis of certain unresolved problems in our own time Only rarely as in *Peter Grimes* which shows the violence inherent in all forms of social and psychological identification does Britten unmistakably call into question fundamental precepts of his contemporary ideology This has not however prevented some writers from romanticizing Britten as a quiet revolutionary This book argues in contrast that his operas and some interpretations of them have obscured a greater social and philosophical complicity that it is timely if at the same time uncomfortable for his early twenty first century audiences to address

Hollywood Online Ian London, 2024-03-07 Hollywood Online provides a historical account of motion picture websites from 1993 to 2008 and their marketing function as industrial advertisements for video and other media in the digital age The Blair Witch Project is the most important example of online film promotion in cinema history Over the last thirty years only a small number of major and independent distributors have converted internet created buzz into box office revenues with similar levels of success Yet readings of how the film's internet campaign broke new ground in the summer of 1999 tend to minimize overlook or ignore the significance of other online film promotions Similarly claims that Blair initiated a cycle of imitators have been repeated in film publications and academic studies for more than two decades This book challenges three major narratives in studies about online film marketing Hollywood's major studios and independents had no significant relationship to the internet in the 1990s online film promotions only took off after 1999 because of Blair and Hollywood cashed in by initiating a cycle of imitators and scaling up corporate activities online Hollywood Online tests these assumptions by exploring internet marketing up to and including the film's success online Pre Blair 1993-9 then by examining the period immediately after Blair Post Blair 2000-8 which broadly coincides with the rise and decline of DVD as well as the emergence of the social media sites MySpace Facebook and Twitter Nature Speaks Kellie Robertson, 2017-03-09 Nature Speaks recovers the common ground shared between physics what used to be known as natural philosophy and fiction writing as ways of representing the natural world In doing so it traces how nature gained an authoritative voice in the late medieval

period only to lose it at the outset of modernity      **Staging Habla de Negros** Nicholas R. Jones, 2019-05-01 In this volume Nicholas R Jones analyzes white appropriations of black African voices in Spanish theater from the 1500s through the 1700s when the performance of Africanized Castilian commonly referred to as *habla de negros* black speech was in vogue Focusing on Spanish Golden Age theater and performative poetry from authors such as Calder n de la Barca Lope de Rueda and Rodrigo de Reinosa Jones makes a strong case for revising the belief long held by literary critics and linguists that white appropriations and representations of *habla de negros* language are racist buffoonery or stereotype Instead Jones shows black characters who laugh sing and shout ultimately combating the violent desire of white supremacy By placing early modern Iberia in conversation with discourses on African diaspora studies Jones showcases how black Africans and their descendants who built communities in early modern Spain were rendered legible in performative literary texts Accessibly written and theoretically sophisticated Jones s groundbreaking study elucidates the ways that *habla de negros* animated black Africans agency empowered their resistance and highlighted their African cultural retentions This must read book on identity building performance and race will captivate audiences across disciplines      *Breakcore* Andrew Whelan, 2008 Peer to peer music exchange sampling and digital distribution have garnered much attention in recent years notably in debates about authorship intellectual property media control and Web 2 TM However empirical scholarship on how these technologies are used creatively by musicians and fans is still sparse In this interdisciplinary ethnography of bedroom producer TM culture Andrew Whelan examines interaction and exchange within a specific online milieu peer to peer chatrooms dedicated to electronic music focusing on a genre known as breakcore TM The author draws on semantic anthropology ethnomethodology sociolinguistics and critical musicology to explore the activity afforded by this controversial and criminalised environment Through in depth analysis of often ritually vituperative text based interaction discussions of music and the samples used in that music Whelan describes the cultural politics and aesthetics of bedroom producer identity highlighting the roles gender and ethnicity play in the constitution of subcultural authenticity Empirically driven throughout this book also engages with a spectrum of social theory in doing so it highlights the intersections between gender interaction technology and music This book will prove valuable for students and scholars with interests in gender and language use computer mediated communication online subcultures and virtual community and the evolution production and distribution of electronic music      *Gender and Contemporary Horror in Film* Samantha Holland, Robert Shail, Steven Gerrard, 2019-03-13 This edited collection focuses on gender and contemporary horror in film examining how and if representations of gender in horror have changed      **Thinking Dead** Murali Balaji, 2013-09-26 Zombies are everywhere these days We are consuming zombies as much as they are said to be consuming us in mediated apocalyptic scenarios on popular television shows video game franchises and movies The zombie industry generates billions a year through media texts and other cultural manifestations zombie races and zombie themed parks to name a few Zombies like vampires werewolves witches and wizards

have become both big dollars for cultural producers and the subject of audience fascination and fetishization With popular television shows such as AMC's *The Walking Dead* based on the popular graphic novel and movie franchises such as the ones pioneered by George Romero global fascination with zombies does not show signs of diminishing In *The Thinking Dead What the Zombie Apocalypse Means* edited by Murali Balaji scholars ask why our culture has become so fascinated by the zombie apocalypse Essays address this question from a range of theoretical perspectives that tie our consumption of zombies to larger narratives of race gender sexuality politics economics and the end of the world *Thinking Dead* brings together an array of media and cultural studies scholars whose contributions to understanding our obsession with zombies will far outlast the current trends of zombie popularity

*Horror That Haunts Us* Karrà Shimabukuro, Wickham Clayton, 2024-02-06 Horror's pleasures fundamentally hinge on looking backward either on destabilising trauma or as a period of comfort and happiness which is undermined by threat However this stretches beyond the scares on our screens to the consumption and criticism of the monsters of our past The horror films of our youth can be locations of psychological and social trauma or the happy place we go back to for comfort when our lives become unsettled *Horror That Haunts Us* Nostalgia Revisionism and Trauma in Contemporary American Horror is a collection of essays that brings together multiple theoretical and critical approaches to consider the way popular horror films from the last fifty years communicate embody and rework our view of the past Whether we look at our current relationship to the scary movies of decades ago as personal or cultural memory the way historical and sociopolitical events and frameworks especially traumas reframe the way we look at our pasts or even the way recent horror films and video games look back at our past and the past of the genre itself through a filter of experience and history this collection will show the close relationship between nostalgia and popular horror These essays also demonstrate a range of unique and diverse points of view from both established and emerging scholars on the subject of horror and the past Edited by seasoned horror experts Karr Shimabukuro and Wickham Clayton *Horror That Haunts Us* is a book with the aim of examining why we return again and again to certain popular horror films either as remakes or reboots or as the basis for pastiche and homage
