The Gender Vendors A. L. Jones, 2014-08-26 Among numerous ancient Western tropes about gender and procreation the seed and the soil is arguably the oldest most potent and most invisible in its apparent naturalness The Gender Vendors denaturalizes this proto theory of procreation and deconstructs its contemporary legacy As metaphor for gender and procreation seed and soil constructs the father as the sole generating parent and the mother as nurturing medium like soil for the man s seed child In other words men give life women merely give birth The Gender Vendors examines seed and soil in the context of the psychology of gender honor and chastity codes female genital mutilation the taboo on male femininity femiphobia the fear of being feminine or feminized sexual violence institutionalized abuse the early modern witch hunts the medicalization and criminalization of gender nonconformity and campaigns against women s rights The examination is structured around particular watersheds in the history of seed and soil for example Genesis ancient

Greece early Christianity the medieval Church the early modern European witch hunts and the campaigns of the nineteenth and twentieth centuries against women s suffrage and education The neglected story of seed and soil matters to everyone who cares about gender equality and why it is taking so long to achieve

more than two thousand years The book examines the works of theologians decrees of councils canon law statements of faith and a myriad of other pronouncements that affected their generation and the following generation s beliefs concerning women Each chapter considers the era in which these beliefs were voiced as much of what was accepted as orthodoxy was reflected in or based on cultural beliefs WORDS OF PRAISE This important study surveys the roles of women roles often assigned to them by men through both biblical testaments and across Christian history to the contemporary church It is a significant research resource for understanding historical theological spiritual and cultural interactions between males and females and the religious dogmas that influenced and divided them Bill J Leonard Emeritus Professor of Divinity Wake Forest University Joseph Early has meticulously researched the primary sources throughout the history of the Church to show definitively how men for their own purposes have used the Bible to categorize and define women Early then goes further to show how these erroneous and unbiblical beliefs are reflected and amplified in some modern day theologies and practices As an observer of this six year long research project I can attest to the author s innate dedication and fidelity to the task of showing how God s word is not detrimental to women but instead uplifts them as co heirs with Christ and indeed on equal ground with their brothers in Christ Twyla K Hernandez Professor of Missions Campbellsville University Joseph Early s Because of Eve Historical and Theological Survey of the Subjugation of Women in the Christian Tradition is an incredibly useful compendium of Christian men s beliefs about women across church history With careful detail and ample primary source evidence Early demonstrates how for most of church history men have offered biblical interpretations and constructed misogynistic theologies that maintain and reproduce the subordination of women This volume will be helpful for academics and general readers alike for its comprehensive documentation of the treatment of women in men s thinking and writing from biblical times until the present Susan M Shaw Professor of Women Gender and Sexuality Studies Oregon State University

Jazz and Christian Freedom Bradley K. Broadhead, 2018-12-21 Contemporary Western society has a strange relationship with freedom Unbridled subjective liberty and narrow fundamentalism pull away from each other in mutual loathing while sociological forces seek to manipulate both sides The church needs to recover and reconstruct a theology of freedom to navigate between the perils of both extremes and to avoid being manipulated by these forces Just as biblical figures are taught through parables and metaphors this book uses jazz improvisation as an analogy for Christian freedom Just as jazz improvisation relies on successfully navigating constraints such as the history and traditions of jazz jazz theory and musical instruments so Christian freedom also relies on constraints such as the biblical canon church history theology and the church itself Through understanding the freedom jazz musicians enjoy in making music together we can better understand how Christian freedom might be enacted in daily life If Western churches discover and enact Christian freedom in a meaningful way the songs that they improvise will be as siren calls to people in chains *Engendering Genre* Reingard M. Nischik, 2010-10-27 Winner of the 2010 Margaret Atwood Society Best Book Prize In *Engendering Genre* renowned

Margaret Atwood scholar Reingard M Nischik analyzes the relationship between gender and genre in Atwood's works. She approaches Atwood's oeuvre by genre: poetry, short fiction, novels, criticism, comics, and film, and examines them individually. She explores how Atwood has developed her genres to be gender sensitive in both content and form and argues that gender and genre are inherently complicit in Atwood's work; they converge to critique the gender-biased designs of traditional genres. This combination of gender and genre results in the recognizable Atwoodian style that shakes and extends the boundaries of conventional genres and explores them in new ways. The book includes the first in-depth treatment of Atwood's cartoon art as well as the first survey of her involvement with film and concludes with an interview with Margaret Atwood on her career. **From Survivalwoman to Literary Icon** How to Think Like a Woman Regan Penaluna, 2023-03-14 From a bold new voice in nonfiction, an exhilarating account of the lives and works of influential 17th and 18th-century feminist philosophers Mary Wollstonecraft and her predecessors who have been written out of history, and a searing look at the author's experience of patriarchy and sexism in academia. As a young woman growing up in small-town Iowa, Regan Penaluna daydreamed about the big questions: Who are we, and what is this strange world we find ourselves in? In college, she fell in love with philosophy and chose to pursue it as an academician, the first step she believed to becoming a self-determined person living a life of the mind. What Penaluna didn't realize was that the Western philosophical canon taught in American universities, as well as the culture surrounding it, would slowly grind her down through its misogyny, its harassment, its devaluation of women and their intellect. Where were the women philosophers? One day, in an obscure monograph, Penaluna came across Damaris Cudworth Masham's name. The daughter of philosopher Ralph Cudworth and a contemporary of John Locke, Masham wrote about knowledge and God and the condition of women. Masham's work led Penaluna to other remarkable women philosophers of the era: Mary Astell, who moved to London at age twenty-one and made a living writing philosophy; Catharine Cockburn, a philosopher, novelist, and playwright; and the better-known Mary Wollstonecraft, who wrote extensively in defense of women's minds. Together, these women rekindled Penaluna's love of philosophy and awakened her feminist consciousness. In *How to Think Like a Woman*, Regan Penaluna blends memoir, biography, and criticism to tell the stories of these four women weaving throughout an alternative history of philosophy, as well as her own search for love and truth. Funny, honest, and wickedly intelligent, this is a moving meditation on what philosophy could look like if women were treated equally. **Fictions of Female Adultery 1684-1890** B. Overton, 2002-09-06 Women's adultery provides many of the plots that run through nineteenth-century European fiction. This book discusses how novels of adultery have been theorized, argues its own theoretical perspective, and analyzes two circumtexts of the fiction of female adultery: its pre-history in eighteenth-century Britain and its decline during the Naturalist period in France. It is the first dedicated study of the theory of the novel of adultery and of the representation of adultery in earlier British and later nineteenth-century French fiction. **Margaret Atwood's Textual Assassinations** Sharon Rose Wilson, 2003 **Creation and Humanity** Veli-Matti
