Misplaced Person A:

Bureau of Missing Persons Roger J. Porter, 2011-05-06 A devoted reader of autobiographies and memoirs Roger J. Porter has observed in recent years a surprising number of memoirs by adult children whose fathers have led secret lives. Some of the fathers had second families, some had secret religious lives, others have been criminals, liars, or con men. Struck by the intensely human drama of secrecy and deception played out for all to see, Porter explores the phenomenon in great depth. In *Bureau of Missing Persons* he examines a large number of these works, eighteen in all, placing them in a wide literary and cultural context and considering the ethical quandaries writers face when they reveal secrets so long and closely held. Among the books Porter treats are Paul Auster's *The Invention of Solitude*, Alison Bechdel's graphic memoir *Fun Home*, Essie Mae Washington Williams's *Dear Senator* on her father Strom Thurmond, Bliss Broyard's *One Drop*, Mary Gordon's *The Shadow Man*, and Geoffrey Wolff's *The Duke of Deception*. He also discusses Nathaniel Kahn's documentary film *My Architect*. These narratives inevitably look inward to the writer as well as outward to the parent. The autobiographical children are compelled, if not consumed, by a desire to know. They become detectives, piecing together clues to fill memory voids, assembling material and archival evidence: public and private documents, letters, photographs, and iconic physical objects to track down the parent.

Handbook of Missing Persons Stephen J. Morewitz, Caroline Sturdy Colls, 2016-12-19 This ambitious multidisciplinary volume surveys the science, forensics, politics, and ethics involved in responding to missing persons cases. International experts across the physical and social sciences offer data, case examples, and insights on best practices, new methods, and emerging specialties that may be employed in investigations. Topics such as secondary victimization, privacy issues, DNA identification, and the challenges of finding victims of war and genocide highlight the uncertainties and complexities surrounding these cases, as well as possibilities for location and recovery. This diverse presentation will assist professionals in accessing new ideas, collaborating with colleagues, and handling missing persons cases with greater efficiency and potentially greater certainty. Among the Handbook's topics: A profile of missing persons; some key findings for police officers; Missing persons investigations and identification issues of scale, infrastructure, and political will; Pregnancy and parenting among runaway and homeless young women; Estimating the appearance of the missing; forensic age progression in the search for missing persons; The use of trace evidence in missing persons investigations; The investigation of historic missing persons cases; genocide and conflict time; human rights abuses. The depth and scope of its expertise make the *Handbook of Missing Persons* useful for criminal justice and forensic professionals, health care and mental health professionals, social scientists, legal professionals, policy leaders, community leaders, and military personnel, as well as for the general public.

Missing Persons Karen Shalev Greene, Llian Alys, 2016-10-14 A missing person is an individual whose whereabouts are unknown and where there is some concern for his or her wellbeing. In the UK, around 250,000 people are reported missing every year, with the majority being children under the age of 18. Despite the fact that

missing persons are a social phenomenon which encompasses vast areas of interest relatively little is known about those who go missing what happens to them while they are missing and what can be done to prevent these incidents from occurring This groundbreaking book brings together for the first time ideas and expertise across this vast subject area into one interconnected publication It explores the subjects of missing children missing adults the investigative process of missing person cases and the families of missing persons Those with no prior knowledge or professionals with focused knowledge in some areas will be able to expand their understanding of a variety of topics relevant to this field through detailed chapters which advance our understanding of this complex phenomenon discuss what is unknown and suggest the best and most important steps forward to further advance our knowledge *Lost People* David Graeber,2007 An epic account of the power of memory in Madagascar **Police Search and Rescue Response to Lost and Missing Persons** Lorna Ferguson,Laura Huey,2023-10-06 This brief discusses the significant contribution of police search and rescue to the successful location and resolution of missing persons cases Across seven chapters this volume offers a detailed examination of the routine practices of police search and rescue personnel To do so it draws from a collection of data including in depth interviews with police and thousands of different types of missing persons records Laced with the stories of missing persons it presents a detailed overview of what these teams do the processes and procedures employed and the tools and technologies in police search and rescue It explores some of the challenges impacting police search and rescue response emphasizing how to leverage this work in the field This book also identifies future trends to address the What may be next question in the police search and rescue response to missing persons As the first analysis of the role of police in search and rescue missions this brief is of interest to law enforcement professionals and researchers of policing policymakers and professionals in psychology criminology sociology and beyond *A Practical Guide for the Law Enforcement and Security Manager* Jim Smith,2004 This text uses both theory and practical application of leadership and management precepts to lead the reader through a variety of common scenarios The theory is tied to actual experiences and scenarios that educate the reader through the critical thought process of decision making This adds a level of learning not found in many texts that address either theory or practical applications but fail to link them The topics discussed range from effective techniques in communications decision making issues and methods and resource management Issues that are critical to the manager such as emergency planning response to critical incidents supervision of specialty teams and operational issues are explored One of the essential skills discussed for the manager is the collection compilation and interpretation of data Data interpretation is the driving force in the allocation of resources and deployment of personnel Further this skill is important in the development of funding through grants The manager s role in discipline use of force and morale are addressed Timely events regarding the law enforcement manager s response to weapons of mass destruction racial profiling and litigation receive attention Systems analysis is explored to educate the manager to appreciate upstream and downstream impacts of their decisions Contemporary issues

Trail of the Lost Andrea Lankford, 2023-08-22 From an award winning former law enforcement park ranger and investigator this female driven true crime adventure follows the author's quest to find missing hikers along the Pacific Crest Trail by pairing up with an eclectic group of unlikely allies As a park ranger with the National Park Service's law enforcement team Andrea Lankford led search and rescue missions in some of the most beautiful and dangerous landscapes across America from Yosemite to the Grand Canyon But though she had the support of the agency Andrea grew frustrated with the service's bureaucratic idiosyncrasies and left the force after twelve years Two decades later however she stumbles across a mystery that pulls her right back where she left off three young men have vanished from the Pacific Crest Trail the 2 650 mile trek made famous by Cheryl Strayed's *Wild* and no one has been able to find them It's bugging the hell out of her Andrea's concern soon leads her to a wild environment unlike any she's ever encountered missing person Facebook groups Andrea launches an investigation joining forces with an eclectic team of amateurs who are determined to solve the cases by land and by screen a mother of the missing a retired pharmacy manager and a mapmaker who monitors terrorist activity for the government Together they track the activities of kidnappers and murderers investigate a cult rescue a psychic in peril cross paths with an unconventional scientist and reunite an international fugitive with his family Searching for the missing is a brutal psychological and physical test with the highest stakes but eventually their hardships begin to bear strange fruits ones that lead them to places and people they never saw coming Beautifully written heartfelt and at times harrowing *TRAIL OF THE LOST* paints a vivid picture of hiker culture and its complicated relationship with the ever expanding online realm all while exploring the power and limits of determination generosity and hope It also offers a deep awe of the natural world even as it unearths just how vast and treacherous it can be On the *TRAIL OF THE LOST* you may not find what you are looking for but you will certainly find more than you seek *THE INSTANT NEW YORK TIMES BESTSELLER* *Russian Review*, 1925 *Soviet Union Review*, 1925

The Lost Art of Finding Our Way John Edward Huth, 2013-05-15 Long before GPS and Google Earth humans traveled vast distances using environmental clues and simple instruments What is lost when technology substitutes for our innate capacity to find our way Illustrated with 200 drawings this narrative part treatise part travelogue and part navigational history brings our own world into sharper view

Nature Shock Jon T. Coleman, 2020-08-12 An award winning environmental historian explores American history through wrenching tragic and sometimes humorous stories of getting lost The human species has a propensity for getting lost The American people inhabiting a mental landscape shaped by their attempts to plant roots and to break free are no exception In this engaging book environmental historian Jon

Coleman bypasses the trailblazers so often described in American history to follow instead the strays and drifters who went missing From Hernando de Soto s failed quest for riches in the American southeast to the recent trend of getting lost as a therapeutic escape from modernity this book details a unique history of location and movement as well as the confrontations that occur when our physical and mental conceptions of space become disjointed Whether we get lost in the woods the plains or the digital grid Coleman argues that getting lost allows us to see wilderness anew and connect with generations across five centuries to discover a surprising and edgy American identity Annual Meeting of the Council of Cities of the Methodist Episcopal Church Methodist Episcopal Church. Council of Cities,1922 *Kenya National Assembly Official Record (Hansard)* ,2008-03-19 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya *Law Enforcement and Investigation Guide for Finding Lost Or Missing People* Lt. Jim Heitmeyer,2010-03-15 There are over 100 000 missing person reports daily throughout the United States This book Guide was written to assist law enforcement agencies search and rescue personnel in training that is necessary and vital for finding lost or missing people The Oklahoma Marshal s Association provides valuable information about how to find Missing or lost people points out certain behaviors and great search techniques Some tracking skills are implemented here but that they are limited due to professional training that is required for advanced tracker education Numerous case studies have been developed for most of this data This information will be found very useful for all law enforcement agencies and for those wonderful and skilled few who take every opportunity in rescuing people and saving lives **Proceeding of Fifth International Conference on Microelectronics, Computing and Communication Systems** Vijay Nath,J.
