twenty seven years old and was born and raised in Colorado Springs Colorado I am a fine artist author a proud father of one beautiful baby girl and an all around entrepreneur But all of my pursuits came to an abrupt halt when I was consumed by a life of crime For so long I became a part of a problem Growing up in and around the streets Ive caused much destruction in my lifetime Ive been a part of gang violence sold drugs and was involved in countless thefts and armed robberies Now my life s focus is to inspire teach uplift and mend I now use life s experiences to grow and learn I feel obligated to pass on all the insight and knowledge I ve obtained throughout the years to whoever I can By doing so people can learn from my mistakes and use me as an example because I ve seen darker truths that people need not witness themselves I ve walked rocky paths on which those can only stumble And if by sharing my views on paper and pouring my heart out through a pen can inspire or save just one life if by writing I can prevent someone from making some of the same mistakes I ve made I will have done my part I will have at least saved one soul from having to suffer the afflictions I ve faced And for that reason alone I write And for that reason alone I ll forever share my truths Colophon **The Sea Island's Secret** Susan Diamond Riley,2019-07-31 A

Eclipse of Evil A.B.N. Dawn,2005-12-01 Why is backward Millstone village squeezed in a valley of New Mexico's Sacramento Mountains ostracized from neighbor towns Why do villagers stare like mummies doomed to mindless terror Why do they shun stunning Silver Lake gorged with trout Are ghastly rumors products of superstition and ignorance or is a diabolical recluse linked to sinister crimes Such questions haunt three vacationing college freshmen and test their integrity Events emotionally mystically and dangerously bind them to a mysterious loner whom they gallantly perhaps foolishly strive to vindicate In their struggle they uncover the truth hidden behind a fog of mystical power and hatred and become entangled in a snare of sinister events and confusing leads They must consider the emotional instability and supernatural powers of the old recluse They must consider the motives of a beautiful Apache woman who seems to match the paranormal abilities and apparent generous nature of the loner They cannot ignore a shifty sheriff who bends the law and covers evil deeds They cannot overlook the remnants of a dissolved cult in the old fishing lodge where they are staying nor can they disregard old Stella who uses her status and magicians tricks to wield power over Millstone folk In their struggle to redeem good the three friends honor faith and courage are severely tried by subversive evil The dichotomous clash escalates from sorrow to betrayal to tragedy to ultimate triumph

looking at the larger context of the AMI conference in which the workshops were organized The AMI 2007 conference has roots in preceding events but in many respects AMI can be called a novel conference format and hence a premiere Among the several aims that inspired and shaped this new conference format the following two are particularly worth considering 1 to provide a forum for the ambient intelligence flavor of research on the Post PC era of computer science complementing the ubiquitous computing and pervasive computing flavors emphasized by already existing conferences 2 to offer an event that attracts contributions from all over the globe yet emphasizes European strengths with particular reference to the Information Society Technologies IST branch of the EU research framework programs FPs which carry the same label as the conference The workshop organization chairs reflected these unique characteristics of the new AMI conference series in the call for workshop proposals using two corresponding measures 1 by particularly soliciting workshops on in depth topics corresponding to the above mentioned ambient intelligence flavor of Post PC research 2 by offering two different workshop threads one usual thread for advanced topics called SW workshops and one thread for workshops related to concrete EU FP6 and FP7 projects called EU workshops
