**G Orfield**

## **Population Factor Movements And Economic Development:**

**Population, Factor Movements and Economic Development** Brinley Thomas, 1976 Monograph of economic research essays in homage to professor brinley thomas on his seventieth birthday on economic growth population growth and factor movements in OECD countries includes diagrams graphs references and statistical tables Festschrift brinley t Economic Factors in Population Growth Ansley J Coale, 1976-01-01 Distributed in the United States by Halsted Press a division of John Wiley Sons New York

**The Institutional Context of Population Change** Fred C. Pampel, 2010-04-15 Despite having similar economies and political systems high income nations show persistent diversity In this pioneering work Fred C Pampel looks at fertility suicide and homicide rates in eighteen high income nations to show how they are affected by institutional structures European nations for example offer universal public benefits for men and women who are unable to work and have policies to ease the burdens of working mothers The United States in contrast does not This study demonstrates how public policy differences such as these affect childbearing among working women moderate pressures for suicide and homicide among the young and old and shape sex difference in suicide and homicide The Institutional Context of Population Change cuts across numerous political and sociological topics including political sociology stratification sex and gender and aging It persuasively shows the importance of public policies for understanding the demographic consequences of population change and the importance of demographic change for understanding the consequences of public policies Regional Demographic Development John Hobcraft, Philip Rees, 2017-09-05 Originally published in 1979 This volume brings together the work of distinguished demographers geographers statisticians and policy makers who look in detail at various mechanisms by which regional population structures develop The introduction deals with a synthesis of the area covered in the book and this is followed by the four major sections of population history fertility migration and population projections The book provides the reader with a comprehensive and unique picture of regional populations and demographic development viewed from a variety of temporal and methodological perspectives and will be of considerable value to all those connected with population studies and regional studies

**The Dynamics of Cities** Dimitrios Dendrinos, 2002-09-26 Drawing on recorded evidence this book argues that simple general and powerful macrodynamic processes guide the growth and decline of present day urban agglomerations as well as cities of the past *Ethnic Factors and the Movement of Population* John Cummings (Ph. D.), 1900

The Economic Development Context of Population Distribution Issues Larry C. Ledebur, 1977 *Equity Index Construction and Research on Wealth Gap* Xiaohuang Zhu, Song Lin, 2019-08-09 This book constructs a Chinese Social Equality Index the Mongoose Social Equality Index with the wealth gap index as its core and the legal equality index the socio cultural equality index and the financial equality index as its supplement The book focuses on the influence of the wealth gap on economic and social issues Empirical research shows that there are three turning points in the influence of the wealth gap index on economic growth discrepancy turning point golden turning point and destructive turning point Based on

the latest data the current expected wealth gap index in China has surpassed the destructive point This means that wealth brought about by economic growth will largely go to the rich which aggravates inequality and even brings forth a potential economic recession Meanwhile the index also indicates that as the Chinese economy develops social equality has been on a noticeable decline This book will be of interest to economists China watchers and political scientists      **Sir Hans Singer D. Shaw,2002-06-25** This is the first biography of a world famous pioneering development economist Sir Hans W Singer who is better known throughout the developing world than any other economist living or dead It gives a detailed account of the way in which the twists of fate led him to becoming a leading development economist It contains a thematic synthesis of all his major theoretical and conceptual work and of the many initiatives in which he has been involved to solve the problems of developing countries      *Labour and the Poor in England and Wales, 1849-1851* Jules Ginswick,2017-09-25 First Published in 1983 In October 1849 a London newspaper the Morning Chronicle announced to its middle class readers that it was to undertake a survey of the condition of the labouring classes in England and Wales under the general title of Labour and the Poor The reports of the survey were published over a period of two years and provided the mid nineteenth century Englishman with the most comprehensive view of the working classes that he had ever seen The letters to The Morning Chronicle from the manufacturing mining and rural districts and the towns of Liverpool and Birmingham appear here for the first time in book form and have been organised in eight volumes This is Volume I and offer insights into labour and the poor in England and Wales 1849 to 1851 in the areas of Lancashire Cheshire and Yorkshire      **A Bibliography of Historical Economics to 1980** Deirdre N. McCloskey,George K. Hersh, Jr,1990 Historians and economists will find here what their fields have in common the movement since the 1950s known variously as cliometrics economic history or historical economics A leading figure in the movement Donald McCloskey has compiled with the help of George Hersh and a panel of distinguished advisors a highly comprehensive bibliography of historical economics covering the period up until 1980 The book will be useful to all economic historians as well as quantitative historians applied economists historical demographers business historians national income accountants and social historians      *Labour and the Poor in England and Wales, 1849-1851: Lancashire, Cheshire, Yorkshire* Jules Ginswick,1983 The letters to The Morning chronicle from the correspondents in the manufacturing and mining districts the towns of Liverpool and Birmingham and the rural districts

*Population Movements and the Third World* Mike Parnwell,2006-11-22 The interrelationship between migration and development is complex The causes of migration stem from the unevenness of the development process and the effects exert a powerful influence on the pattern and process of development This volume explores both the concepts and facts behind the main forms of population movement in the third world today particularly rural urban migration Examining the causes and consequences of migration the author assesses the implications for planning and policy makers      *War and Social Change* Harold L. Smith,1986      **Urbanization and Migration as Factors Affecting Global Economic Development** Ushakov,

Denis,2014-11-30 International migration and urbanization are potential solutions for stabilizing the global economy and bolstering local and regional economies However if unregulated they can also put market stability at risk and cause new social problems in both developed and developing countries *Urbanization and Migration as Factors Affecting Global Economic Development* takes a close look at the impact of urbanization and international migration on the global economy Studying the dynamics of these two phenomena in countries across the world as well as the varying successes of regional regulations this publication is a valuable resource for academics interested in further research in urbanization migration and global economic efficiency as well as policymakers involved in regulating international migration and urbanization

*Growth Mechanisms and Sustainable Development of the Chinese Economy* Xinxin Ma,Cheng Tang,2022-10-06 What can Chinese economists learn from the Japanese economic boom and subsequent stagnation This project aims to institutionally and empirically investigate the growth mechanism and determinants of sustainable development in China compared with Japanese experiences This is the first challenge in conducting a comparative study on China and Japan s economic growth and development We aim to investigate the economic system transition and its influence on the Chinese and Japanese economy from macroeconomic and microeconomic perspectives This book will interest economists scholars of comparative politics and scholars of China or Japan s economic development

**Unknowledge and Choice in Economics** Stephen F.

Frowen,1990-06-18 A collection of papers dicussing unknowledge and choice in economics The topics focus especially on G L S Shackle s theories and his place in subjectivist thought but also include time choice and dynamics in economics and interest rates and investment decisions

**A Bibliography of British History, 1914-1989** Keith Robbins,American

Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index

*Routledge Library Editions: The History of Social Welfare* Various,2021-08-05 This set of 25 volumes originally published between 1805 and 1992 amalgamates original nineteenth century material and more recent research and analysis on the development of social welfare in Britain and Europe From Elizabethan poor relief through the Poor Laws of the nineteenth century to the establishment of the British National Health Service in the mid twentieth century this set provides a comprehensive overview of the germination and establishment of modern social welfare Although the set mainly focuses on social welfare in Britain it also contains some work on welfare in Europe This set will be of keen interest to those studying the history of social welfare social policy poverty and class

**Economics of Agricultural Development** George W. Norton,Jeffrey Alwang,William A.

Masters,2014-09-25 *Economics of Agricultural Development* examines the causes severity and effects of poverty population growth and malnutrition in developing countries It discusses potential solutions to these problems progress made in many countries in recent years and the implications of globalization for agriculture poverty and the environment Topics covered in

the book include Means for utilizing agricultural surpluses to further overall economic development The sustainability of the natural resource environment Gender issues in relation to agriculture and resource use The contribution of agricultural technologies The importance of agricultural and macroeconomic policies as related to development and trade and the successes and failures of such policies Actions to encourage more rapid agricultural and economic development The globalization of trade in goods services and capital has been fundamental to changes being experienced in the agricultural and rural sectors of developing countries It has major implications for the fight against poverty and food insecurity and for environmental sustainability Recently agriculture has returned to a position of center stage in the development dialog as food price volatility has increased along with water scarcity and concerns grow over the effects of climate change on food supply and food security This new edition of the essential textbook in the field builds on the 2010 edition and reflects the following developments Growth in foreign demand for land and other natural resources Significant progress in agricultural and economic development in some low income countries while others are being left behind Continued growth in demand for higher valued farm products This book is essential reading for undergraduate students seeking to understand the economics of agricultural development and the world food system including environmental and human consequences international trade and capital flows
