Portfolio Patterns and Ideas Jill Norris, Marilyn Evans, Don Robison, 1997 This resource book is designed to help educators answer basic questions about the place of portfolios in their instructional program and to provide practical forms that will help them get started Portfolios Across the Curriculum and Beyond Donna J. Cole, 2000 A valuable resource of the types and uses of portfolios for teachers and teacher educators Great examples and guidelines Robert J Drummond University of North Florida Make portfolios work without all the work Learn how to use portfolios to increase your level of performance in the classroom and improve student assessment This updated easy to read step by step guide to using portfolios incorporates current teaching practices and cutting edge technology Here is an alternative method of evaluating student work that is painless and effective Teachers want to spend more time teaching and less time assessing Traditional assessment practices

are time consuming and too often don't reflect the total progress of a student. Standardized testing tells us how well a student tests rather than how much a student has learned. Portfolio assessment offers a more complete picture of your students' progress and frees you to be more creative with your students. It offers clear objectives to guide you through each chapter. Rationale for an alternative to traditional assessment practices. Portfolio guidelines by grade and subject. Up to the minute technology for enhancing portfolio implementation. This new jam-packed version of *Portfolios Across the Curriculum and Beyond* should be the definitive portfolio book on the market. A valuable resource for teachers, administrators and teacher educators.

Portfolios Pat Belanoff, Marcia Dickson, 1991. This book the first to focus exclusively on portfolio assessment is practical, theoretical and broad in scope offering places to start rather than claiming to be definitive. The articles all by teachers with considerable experience in using portfolio grading are free of jargon making sound composition and assessment theory available to every reader regardless of the level of writing taught.

Capturing the Wisdom of Practice Giselle Martin-Kniep, 1999-09-15. What do professional portfolios consist of? Who are their audiences? Why should teachers and administrators use them? How are they structured? In *Capturing the Wisdom of Practice* Giselle Martin-Kniep answers these and other questions drawing on her work with more than 3 000 teachers and administrators from 400 school districts. Through excerpts from actual portfolios Martin-Kniep illustrates how to select a range of artifacts that will lead portfolio developers to evaluate and improve their work. She also discusses using portfolios for key purposes: learning, curriculum development and assessment research and staff development. Readers will find many practical strategies for building and using portfolios and learn what conditions are needed for success. I am absolutely convinced says Martin-Kniep that every professional who uses portfolios in a serious way will become a better teacher or administrator. Portfolios in the Writing Classroom Kathleen Blake Yancey, 1992. This collection of 10 essays argues that portfolios in the writing classroom are worth exploring and that such exploration opens up new opportunities, new ways to learn to write, to think about teaching, writing to understand students, teachers and curricula and to describe and report on what is found. The collection makes this argument by sharing the stories of teachers in various situations: teachers alone, teachers as team members and teachers concerned with administration as well as learning. Three key points are made: that portfolios should be designed locally by teachers and students; that they require periodic review; and that through such reviews more can be learned about writing and its teaching. The articles and authors are as follows:

- 1 Introduction: Writing Portfolios: Changes and Challenges Catharine Lucas
- 2 Teacher's Stories: Notes toward a Portfolio Pedagogy Kathleen Blake Yancey
- 3 Increasing Student Autonomy through Portfolios Sue Ellen Gold
- 4 Portfolio Practice in the Middle School: One Teacher's Story James E Newkirk
