Official Portraits and Unofficial Counterportraits of At Risk Students Richard J. Meyer, 2010-01-15 This book chronicles 5th and 6th grade writers children of gang members drug users poor people and non documented and documented immigrants in a rural school in the southwest US coming into their voices cultivating those voices and using those voices in a variety of venues beginning with the classroom community and spreading outward At the heart of this book is the cultivation of tension between official and unofficial portraits of these students Official portraits are composed of demographic data socioeconomic data and test results Unofficial counterportraits offer different views of children schools and communities The big ideas of official and unofficial portraits are presented then each chapter offers data the children s and teachers processes and products and facets of the theoretical construct of counterportraits as a response to official portraits The counterportraits are built slowly in order to base them in evidence and to articulate their complexity Many teachers and soon to be teachers facing the dilemmas and complexities of teaching in diverse classrooms have serious questions about how to honor students lives outside of school making school more relevant This book offers evidence to present to the public legislators and the press as a way of talking back to official portraits demonstrating that officially failing schools are not really failing evidence

that is crucial for the survival of public schools Homelessness Cameron Parsell,2023-09-14 Homelessness is a punishing condition that inflicts unquestionable harm on those who experience it It is also a social problem that starkly lays bare deep societal failure As Cameron Parsell shows society along with the public policy measures intended to address it treats being homeless as an identity casting those who experience homelessness as fundamentally different from us To be homeless is to face daily victimization to be a recipient of someone else s care and to have autonomy taken away Parsell argues that we have at our disposal the knowledge and momentum to demonstrably reduce and even end homelessness Our first task is to confront the fact that homelessness is a relatively predictable phenomenon that disproportionately impacts people who are failed by society in myriad ways We must respond to the problem in ways that understand and thus do not recreate the dehumanizing conditions experienced by those who are homeless Homelessness is a choice of how we organize society Sketching the defining features of homelessness this critical introduction will be a valuable resource for students studying homelessness housing marginality and poverty across the social sciences and social work *Multiple Barriers* Alison

Smith,2022-06-29 Despite decades of efforts to combat homelessness many people continue to experience it in Canada s major cities There are a number of barriers that prevent effective responses to homelessness including a lack of agreement on the fundamental question what is homelessness In *Multiple Barriers* Alison Smith explores the forces that shape intergovernmental and multilevel governance dynamics to help better understand why despite the best efforts of community and advocacy groups homelessness remains as persistent as ever Drawing on nearly 100 interviews with key actors in Vancouver Calgary Toronto and Montreal as well as extensive participant observation Smith argues that institutional differences across cities interact with ideas regarding homelessness to contribute to very different models of governance *Multiple Barriers* shows that the genuine involvement of locally based service providers with the development of policy are necessary for an effective equitable and enduring solution to the homelessness crisis in Canada **2008 Annual**

Homelessness Assessment ,2010-10 Provides year to year trend info that explores changes in the patterns of homelessness over time Focuses on two types of national estimates of homelessness Point in time estimates provide the total number of sheltered and un sheltered homeless persons on a single night in January Also provides one year estimates of the total sheltered population The one year estimates account for persons who used a homeless residential program at any time during a 12 month period The report compares one year estimates for 2007 and 2008 This report comes at a time of economic uncertainty and provides a few early indicators of how the economic downturn may be affecting the housing situation of low income and vulnerable Americans Illus Telling My Story... at the Edge of Recovery Mara Jevera Fulmer,2006-06 This art exhibition catalog accompanies *Telling My Story at the Edge of Recovery from Homelessness* an art exhibition and educational forum that explores the journey of recovery by eight older African American women from homelessness in Detroit It combines the creation of conceptual portraits by international artist writer scholar Mara Jevera

Fulmer with research activities by Drs Olivia G M Washington and David P Moxley and the TMS participants personal perspectives and captured issues in their own words and frames of reference As a result it is hoped that it will lead to a greater understanding of the serious nature of this social problem in the United States as well as to developing potential solutions and approaches to its prevention

The Routledge Handbook of Global Perspectives on Homelessness, Law & Policy Chris Bevan,2024-06-06 This handbook provides a comprehensive global survey and assessment of the law and policy relating to homelessness prevention Homelessness is regarded internationally as one of the most pressing issues facing humanity and one of the greatest social challenges of our times This has been further amplified as a result of the Covid 19 pandemic Across the globe there is an enormous divergence in both experiences of and responses to homelessness from governments and state actors This handbook examines how different jurisdictions from across all five continents of the world have encountered framed and responded to homelessness Written by expert scholars and leaders in their field the book engages in a multidisciplinary and comparative analysis of homelessness as an issue of acute social concern Understandings of homelessness are geographically culturally and historically situated making analysis of each jurisdiction s approach by a national expert deeply insightful The collection examines legal and extra legal policy interventions targeted at reducing or preventing homelessness from across the globe Drawing on diverse perspectives differing cultures and welfare regimes it thus constitutes a timely evaluation of current approaches to homelessness internationally This book will appeal to students and scholars of homelessness sociology social policy anthropology and urban sociology as well as international and national policymakers

Homeless in Las Vegas Kurt Borchard,2011-04-28 The homeless men and women represented in this book speak candidly about their plight its origins and the many obstacles to escaping it They discuss the unique challenges and opportunities that Las Vegas s focus on tourism indulgence and diversion offers its homeless residents This compelling and emotionally charged ethnography counters many of the stereotypes of homeless men and women revealing the remarkable diversity of their circumstances It also offers their perspectives on social services and civic attitudes toward homelessness

Transitional Programs for Homeless Women with Children Judy K. Flohr,2013-10-28 First published in 1999 Family homelessness is one of the most profound and disturbing social problems of the 1990 s and will be one of the most important issues facing the United States in the twenty first century The main purpose of this study was to develop a transitional program framework that can assist homeless women with children to become self sufficient In order to create this framework this study identified current program areas and components in transitional programs for homeless women with children including education and employment training components and determined which program areas and components of current programs have a relationship to programs with successful outcomes

Housing America Emily Tumpson Molina,2017-03-16 In an effort to explain why housing remains among the United States most enduring social problems Housing America explores five of the U S s most fundamental recurrent issues in housing its population

affordability of housing homelessness segregation and discrimination in the housing market homeownership and home financing and planning It describes these issues in detail why they should be considered problems the history and fundamental social debates surrounding them and the past current and possible policy solutions to address them While this book focuses on the major problems we face as a society in housing our population it is also about the choices we make about what is valued in our society in our attempts to solve them Housing America is appropriate for courses in urban studies urban planning and housing policy

Representing Homelessness Owen Clayton, 2021-11-04 *Representing Homelessness* analyses the representation and self representation of homelessness The volume features research from the Arts Humanities Sciences and the Social Sciences as well as writings by people with lived experience of homelessness

2009 Annual Homeless Assessment Alvaro Cortes, 2011 This is a print on demand edition of a hard to find publication Provides year to year trend information that explores changes in the patterns of homelessness over time This year's Annual Assessment Report AHAR is delivered at a critical moment as the Federal government continues to shift its focus toward preventing homelessness and on the eve of the first ever federal plan to end homelessness The 2009 AHAR captures a large portion of the economic crisis in its reporting period It provides real evidence that the economic downturn is impacting the housing stability of low income and vulnerable Americans as we see a rise in family homelessness for the second consecutive year This year's report allows for a comparative analysis of homelessness that spans three years 2007 2008 and 2009

The Homeless Christopher Jencks, 1994 Late in the 1970s Americans began to notice more people sleeping in public places and wandering the streets By the late 1980s the homeless were everywhere a grim reminder of America's social and economic troubles Renowned social analyst Jencks discusses the causes and extent of this problem and what can be done about it Line illustrations and tables

The Visible Poor Joel Blau, 1993-05-13 Why after the greatest economic expansion in history and endless proclamations of recovery do most Americans have to step over the homeless nearly every day How has the richest country on earth created a spectacle of public misery that paralyzes politicians and policy makers while forcing average citizens to run a gauntlet of direct moral challenges every time they walk the streets In *The Visible Poor* Joel Blau gives provocative answers to these and many other questions about one of the most difficult issues of our time Disproving many convenient myths that most of the homeless are crazy drug addicts drunks or lazy misfits who brought their sufferings on themselves and moving far beyond conventional political explanations Blau shows that the current crisis was an inevitable result of economic and political changes that swept through American society in recent decades the explosion of low wage jobs systematic cutbacks in social welfare benefits to maintain the work incentive government's failure to provide adequate low cost housing and its virtual abandonment of the mentally ill Blau argues that current government policies at every level are mired in pointless head counting and quick fix solutions that only push the homeless out of sight without touching underlying causes He advocates instead a range of social reforms including a national standard for welfare benefits a higher

minimum wage and establishment of a social sector for non profit affordable housing that will meet stiff resistance from those entrenched forces in the labor and housing markets that created widespread homelessness in the first place but that may be our best hope for resolving the current impasse A powerful contribution to public debate on homelessness The Visible Poor must be read by concerned citizens as well as by policy makers and advocates
