A short history
of the Quakers

Portrait In Grey Short History Of The Quakers

Joanna Dales

Portrait In Grey Short History Of The Quakers:

Portrait in Grey John Punshon,1984 **The Quakers: A Very Short Introduction** Pink Dandelion,2008-02-28 The Quakers are a fascinating religious group both in their origins and in the variety of reinterpretations of the faith since This Very Short Introduction charts the history of Quakerism and its present day diversity and outlines its approach to worship belief theology and language and ecumenism **Quakers, Business and Corporate Responsibility** Nicholas Burton,Richard Turnbull,2019-01-07 This book explores how the distinctive Quaker approach to responsible business is based on honesty truth and integrity It analyzes how networks family and succession are at its heart and how much this approach offers to current debates on corporate social responsibility as well as to managers and practitioners in an increasingly complex business world The contributions in this volume assess the factors that explain the success and prosperity of many Quaker businesses throughout the eighteenth and nineteenth centuries discussing the lessons learned from their disappearance from prominence By drawing upon examples that illustrate the Quaker ethic it also considers what so called Quakernomics can contribute to contemporary responsible business theory and practice The Quaker Condition Pink Dandelion,2009-03-26 This book focuses primarily on what we have termed the Quaker Condition It looks sociologically at the condition of present day British Quakerism This original and innovative collection contributes to several different though obviously connected fields within the study of religion It operates on five levels In the first place the volume is the first to represent substantially the contribution of social science to the study of Quakerism and therefore provides useful comparative material for those whose focus is on other faith groups Second the book focuses largely on British Quakerism and so enriches the pool of resources relating to the sociology of British religion and British culture more generally Third there are very few sociological volumes dedicated to the analysis of a single faith group Fourth the book represents an in depth study of a liberal faith group when liberal religion is the focus of much scholarly debate at present particularly with reference to the secularisation thesis The study of British Quakerism is especially fascinating in this regard given how the group can be described almost as hyper or ultra liberal prefiguring many of the developments which may overtake currently more conservative groups Fifth the volume represents a particularly collective way of working of interest to all those concerned with the methodology of social research with the design and construction of the volume jointly agreed by all the authors Regular meetings of the group and a conference based on these chapters has culminated in a book far more interwoven and layered than a typical edited collection **Selected Poems of Bernard Barton, the 'Quaker Poet'** Christopher Stokes,2020-09-28 The first ever modern edition of Bernard Barton s selected verse recovering an important and prolific figure from the Romantic era Instantly recognisable to his contemporaries as the Quaker poet Barton wrote nature and landscape poetry in a distinctive vein as well as spanning strikingly diverse themes that engaged politics society and religion This selection encompasses all these tones and genres providing freshly edited texts from the first printed sources

supplemented by textual apparatus critical commentary and informative footnotes The book also includes a selection of contextual material including prefaces and reviews as well as a selection of Barton s lively epistolary correspondence A substantial scholarly essay serves as the introduction describing Barton s life and career as well as analysing his uniquely Quaker poetic identity in its full literary and historical context *Quaker Quicks - In Step with Quaker Testimony* Joanna Godfrey Wood,2021-04-30 Margaret Fell was an inspiring and practical leader in the early Quaker movement in 17th century England Remembered as the wife of George Fox her writings have been largely forgotten This book brings them to life again with excerpts and reflections structured around the four testimonies that have continued to shape Quaker witness to this day Simplicity Truth Equality and Peace To do this Joanna Godfrey Wood follows each passage with a modern adaptation of Fell s words and then explores her own personal responses from a 21st century perspective We are left with a sense of a strong and beautiful bridge linking past and present **American Christian Programmed Quaker Ecclesiology** Derek Brown,2024-02-06 In *American Christian Programmed Quaker Ecclesiology* Derek Brown argues that American Christian Programmed Quakerism has inherited a practical and pragmatic ecclesiology at the expense of an ontological understanding of the church Inspired by the work of Gerben Heitink Brown proposes a normative deductive ontological ecclesiology based on the biblical concept of koinonia which would act as a foundational model for future confessional empirical and practical efforts To help form the proposed ecclesiology Brown explores the ecclesiological views of George Fox and Robert Barclay the adoption of the pastoral system and the emergence of the Evangelical Friends Church The ecclesiological writings of Miroslav Volf Wolfhart Pannenberg Hans K ng Jennifer Buck and C Wess Daniels are also surveyed *Quakerism in the Atlantic World, 1690-1830* Robynne Rogers Healey,2021-03-22 This third installment in the *New History of Quakerism* series is a comprehensive assessment of transatlantic Quakerism across the long eighteenth century a period during which Quakers became increasingly sectarian even as they expanded their engagement with politics trade industry and science The contributors to this volume interrogate and deconstruct this paradox complicating traditional interpretations of what has been termed Quietist Quakerism Examining the period following the Toleration Act in England of 1689 through the Hicksite Orthodox Separation in North America this work situates Quakers in the eighteenth century British Atlantic world Three thematic sections exploring unique Quaker testimonies and practices tensions between Quakerism in community and Quakerism in the world and expressions of Quakerism around the Atlantic world broaden geographic understandings of the Quaker Atlantic experience to determine how local events shaped expressions of Quakerism The authors challenge oversimplified interpretations of Quaker practices and reveal a complex Quaker world one in which prescription and practice were more often negotiated than dictated even after the mid eighteenth century reformation and tightening of the Discipline on both sides of the Atlantic Accessible and well researched *Quakerism in the Atlantic World 1690 1830* provides fresh insights and raises new questions about an understudied period of Quaker history In addition to the editor the contributors to

this volume include Richard C Allen Erin Bell Erica Canela Elizabeth Cazden Andrew Fincham Sydney Harker Rosalind Johnson Emma Lapsansky Werner Jon Mitchell and Geoffrey Plank *Quaker Writings* Thomas D. Hamm,2011-01-25 An illuminating collection of work by members of the Religious Society of Friends Covering nearly three centuries of religious development this comprehensive anthology brings together writings from prominent Friends that illustrate the development of Quakerism show the nature of Quaker spiritual life discuss Quaker contributions to European and American civilization and introduce the diverse community of Friends some of whom are little remembered even among Quakers today It gives a balanced overview of Quaker history spanning the globe from its origins to missionary work and explores daily life beliefs perspectives movements within the community and activism throughout the world It is an exceptional contribution to contemporary understanding of religious thought For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators *The Politics of Service* Daniel Maul,2024-07-22 This book provides the first comprehensive history of the American Friends Service Committee AFSC the central aid agency of the Religious Society of Friends or Quakers from 1917 to 1945 Implying a thoroughly transnational approach it sheds a light on the important role American Quakers played in the emergence of a humanitarian sector both within the USA and beyond Through the Quaker lens the book addresses important tensions inherent to the history of humanitarianism in the 20th century Following the AFSCs aid operations from the First World War through post war Germany and Soviet Russia to the Spanish Civil War and into the Second World War it deals with the AFSC s conflicting roles as a specifically American aid organization on the one hand and its position within transnational religious and pacifist networks on the other and it opens a window to processes of professionalization the development of a humanitarian market place and the complex relationship of religious and secular strands in the history of international relief **The Quaker Renaissance and Liberal Quakerism in Britain, 1895-1930** Joanna Dales,2020-07-20 Many Quakers who reached maturity towards the end of the nineteenth century found that their parents religion had lost its connection with reality New discoveries in science and biblical research called for new approaches to Christian faith Evangelical beliefs dominant among nineteenth century Quakers were now found wanting especially those emphasising the supreme authority of the Bible and doctrines of atonement whereby the wrath of God is appeased through the blood of Christ Liberal Quakers sought a renewed sense of reality in their faith through recovering the vision of the first Quakers with their sense of the Light of God within each person They also borrowed from mainstream liberal theology new attitudes to God nature and service to society The ensuing Quaker Renaissance found its voice at the Manchester Conference of 1895 and the educational initiatives which followed gave to British Quakerism an active faith fit

for the testing reality of the twentieth century **The Evolution of the English Churches, 1500-2000** Doreen Rosman,2003-09-18 This book tells the story of the English churches over a 500 year period from the Reformation to the present day Unlike some general histories which concentrate on church leaders it focuses upon the lives of ordinary church goers and of the local clergy who ministered to them The author traces changes in church life charting the emergence and distinctive characteristics of different denominations She gives full weight to recent developments bringing the story up to date by examining the growth of new independent churches in the late twentieth century **Trinitarian Spirituality** Brian K. Kay,2008-02-01 This work examines the problem of how to connect the historic doctrine of the Trinity to Christian devotional practice Two criteria for a successful Trinitarian spirituality are proposed that of drawing significantly from nuances of the classic formulations of the doctrine and dealing with the mode of original Trinitarian self disclosure that is the unfolding biblical doctrine of the historia salutis Various historical attempts at articulating a method are examined with special emphasis given to the Puritan John Owen Quakerism, Its Legacy, and Its Relevance for Gandhian Research Satish Sharma,2017-11-06 This elaborate book explores Quakerism its legacy and its relevance for Gandhian research The topics covered here include the historical circumstances conditions and thought that led to the birth of Quakerism the seeds and history of the movement the themes principles and practices of the sect and the aid change reform and conciliation efforts Quakers made to make people communities and nations more tolerant problem free and united As such the book will appeal to scholars planners policy makers and practitioners concerned with the boundaries of liberties freedoms pacifism peace and justice across people communities and nations Quaker Quicks - In Search of Stillness Joanna Godfrey Wood,2021-11-26 Joanna gives us a very helpful and meaningful exploration of Quaker stillness along with an assortment of exercises to take us along the meditative path She also talks about the obstacles that can block the process I found her quote Explore who you really are rather than who you think you are very helpful and she compares Quaker legendary writings on stillness Isa Louise Levy MA Artist Arts Psychotherapist How can we find inner stillness in our lives today What is it for and how can we use it Inspired by the fiery writings of early Quakers such as George Fox and Margaret Fell this book calls on their advice to go within and wait adapting it to create a modern relatable method for finding stillness and peace This meditation is for us to use however we most need it whether to explore and heal the self and others or to help us be more effective in the wider world **William Hobson (1820-1891)** Julie M. Anderson,2021-12-24 William Hobson a staunch nineteenth century Quaker minister and determined follower of Jesus Christ was shaped by revival Quaker history and his Friends upbringing As a young adult he left his home state of North Carolina for the Iowa frontier where he honed his God given leadership skills while shepherding the pioneer congregation at Honey Creek After two decades in Iowa Hobson received a mid life call from God to establish a new missions focused Quaker community somewhere on the West Coast Following an extensive search for the perfect location Hobson eventually chose Newberg Oregon and Quaker influence in the region quickly spread

culminating in the organization of the Evangelical Friends Church Quakers in the Pacific Northwest Hobson's lifelong determination to follow God continues to serve as a godly example inspiring us to likewise dedicate our lives to God's kingdom purposes

Finding Right Relations Marianne O. Nielsen, Barbara M. Heather, 2022-05-24 Quakers were one of the early settler colonist groups to invade northeastern North America William Penn set out to develop a Holy Experiment or utopian colony in what is now Pennsylvania Here he thought his settler colonists would live in harmony with the Indigenous Lenape and other settler colonists Centering on the relationship between Quaker colonists and the Lenape people *Finding Right Relations* explores the contradictory position of the Quakers as both egalitarian pacifist people and as settler colonists This book explores major challenges to Quaker beliefs and resulting relations with American Indians from the mid seventeenth century to the late nineteenth century It shows how the Quakers not only failed to prevent settler colonial violence against American Indians but also perpetuated it It provides historical examples such as the French and Indian War the massacre of the Conestoga Indians and the American Indian boarding schools to explore the power of colonialism to corrupt even those colonists with a belief system rooted in social justice While this truth rubs against Quaker identity as pacifists and socially conscious justice minded people the authors address how facing these truths provide ways forward for achieving restitution for the harms of the past This book offers a path to truth telling that is essential to the healing process

The Oxford History of Protestant Dissenting Traditions, Volume III Timothy Larsen, Michael Ledger-Lomas, 2017-04-28 The five volume Oxford History of Dissenting Protestant Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume III considers the Dissenting traditions of the United Kingdom the British Empire and the United States in the nineteenth century It provides an overview of the historiography on Dissent while making the case for seeing Dissenters in different Anglophone connections as interconnected and conscious of their genealogical connections The nineteenth century saw the creation of a vast Anglo world which also brought Anglophone Dissent to its apogee Featuring contributions from a team of leading scholars the volume illustrates that in most parts of the world the later nineteenth century was marked by a growing enthusiasm for the moral and educational activism of the state which plays against the idea of Dissent as a static purely negative identity This collection shows that Dissent was a political and constitutional identity which was often only strong where a dominant Church of England existed

to dissent against The Cambridge Companion to Quakerism Stephen W. Angell, Pink Dandelion, 2018-04-19 A vigorous innovative compelling introduction to Quakers fully global in reach and utilizing the best Quaker scholars from every continent *First among Friends* H. Larry Ingle, 1996-01-04 In *First Among Friends* the first scholarly biography of George Fox 1624-91 H. Larry Ingle examines the fascinating life of the reformation leader and founding organizer of the Religious Society of Friends more popularly known today as the Quakers Ingle places Fox within the upheavals of the English Civil Wars Revolution and Restoration showing him and his band of rude disciples challenging the status quo particularly during the Cromwellian Interregnum Unlike leaders of similar groups Fox responded to the conservatism of the Stuart restoration by facing down challenges from internal dissidents and leading his followers to persevere until the 1689 Act of Toleration It was this same sense of perseverance that helped the Quakers to survive and remain the only religious sect of the era still existing today This insightful study uses broad research in contemporary manuscripts and pamphlets many never examined systematically before Firmly grounded in primary sources and enriched with gripping detail this well written and original study reveals unknown sides of one who was clearly First Among Friends

Thank you enormously much for downloading **Portrait In Grey Short History Of The Quakers**. Maybe you have knowledge that, people have look numerous time for their favorite books gone this Portrait In Grey Short History Of The Quakers, but end occurring in harmful downloads.

Rather than enjoying a good PDF gone a mug of coffee in the afternoon, otherwise they juggled in the same way as some harmful virus inside their computer. **Portrait In Grey Short History Of The Quakers** is clear in our digital library an online entry to it is set as public so you can download it instantly. Our digital library saves in complex countries, allowing you to acquire the most less latency era to download any of our books behind this one. Merely said, the Portrait In Grey Short History Of The Quakers is universally compatible next any devices to read.
