Demo,Mark A Fine,2010 Beyond the Average Divorce is a core text that introduces students and scholars to the research literature on divorce and changes which occurs in family structures Rather than a simplistic static view that emphasizes means and averages in looking at typical family reactions to divorce this text emphasizes variability fluidity and change over time in the predivorce divorce and postdivorce process The book also presents a dynamic theoretical model of divorce and how it is experienced and reacted to by family members in the complex variety of family situations **Narrating Modernity: The British Problem Picture, 1895-1914** Pamela M. Fletcher,2018-02-05 This title was first published in 2003 Problem pictures were very popular during the Edwardian period These pictures invited multiple interpretations of modern life and were often slightly risque Pamela Fletcher explores how these works of art engaged with questions of gender sexuality and identity during their heyday **Edouard Vuillard** Gloria Lynn Groom,Edouard Vuillard,1993-01-01 Edouard Vuillard 1868 1940 one of the most admired post impressionist artists is best known for his small easel paintings and their charming portrayals of everyday life However a major part of his work during his early life was the painting of large decorative panels in the Parisian homes of wealthy private patrons produced between 1892 and 1912 These panels some fifty in total have been little studied due principally to the inaccessibility of many of them and the impossibility of their being included in exhibitions **The Moving Picture World** ,1908 *Regional Impact of an Economic Slowdown: the Michigan Picture* United States. Congress. Senate. Committee on the Budget,1980 **Henry VII's New Men and the Making of Tudor England** Steven Gunn,2016-08-18 The reign of Henry VII is

important but mysterious He ended the Wars of the Roses and laid the foundations for the strong governments of Henry VIII and Elizabeth I Yet his style of rule was unconventional and at times oppressive At the heart of his regime stood his new men low born ministers with legal financial political and military skills who enforced the king s will and in the process built their own careers and their families fortunes Some are well known like Sir Edward Poynings governor of Ireland or Empson and Dudley executed to buy popularity for the young Henry VIII Others are less famous Sir Robert Southwell was the king s chief auditor Sir Andrew Windsor the keeper of the king s wardrobe Sir Thomas Lovell the Chancellor of the Exchequer so trusted by Henry that he was allowed to employ the former Yorkist pretender Lambert Simnel as his household falconer Some paved the way to glory for their relatives Sir Thomas Brandon master of the horse was the uncle of Henry VIII s favourite Charles Brandon duke of Suffolk Sir Henry Wyatt keeper of the jewel house was father to the poet Sir Thomas Wyatt This volume based on extensive archival research presents a kaleidoscopic portrait of the new men It analyses the offices and relationships through which they exercised power and the ways they gained their wealth and spent it to sustain their new found status It establishes their importance in the operation of Henry s government and as their careers continued under his son in the making of Tudor England

Unveiled Vincent Fantauzzo, 2025-03-04 Raised amid poverty and violence on the poor streets of Melbourne Vincent Fantauzzo was just a boy when he accepted he would either die very young become a gangster or end up behind bars Tormented by a troubled home life and dismissed as a simpleton at school where he struggled to read and write Vincent projected a violent and frightening persona as a means of self protection Inside that tough exterior however lived a thoughtful sensitive and creative boy whose only wish was to be loved and to one day break free of the intergenerational dysfunction he seemed doomed to inherit He could never have imagined how far his dream of a better life and an uncanny knack for drawing would take him Virtually illiterate Vincent used forged papers to hustle his way into art school where dark secrets threatened to sink his brilliant career before it even began Today his work hangs in galleries around the world including the National Portrait Gallery and Federal Parliament House in Canberra He s sold out

international exhibitions won the Archibald Prize People's Choice Award more times than any artist and taken out the Doug Moran Portrait Prize Twice Arguably Vincent's most impressive and important achievement is his survival and the remarkable sometimes ridiculous and occasionally glamorous life he willed into existence despite severe and undiagnosed dyslexia that left him with no formal education and debilitating memory problems Sometimes tragic often hilarious but always deeply moving Unveiled is a paint splattered star studded white knuckle ride from the Housing Commission ghettos of Australia to the art galleries of Hong Kong through the back roads of India and into the nightclubs of New York as Vincent chases his dream with humility humour and a boundless love for people and a life better lived **Marriage and the Family**

Margaret A. Lindauer, 2014-01-27 This provocative reassessment of Frida Kahlo's art and legacy presents a feminist analysis of the myths surrounding her In the late 1970s Frida Kahlo achieved cult heroine status Her images were splashed across billboards magazine ads and postcards fashion designers copied the so called Frida look in hairstyles and dress and Fridamania even extended to T-shirts jewelry and nail polish Margaret A Lindauer argues that this mass market assimilation of Kahlo's identity has detracted from appreciation of her work leading to narrow interpretations based solely on her tumultuous life Kahlo's political and feminist activism her stormy marriage to fellow artist Diego Rivera and her progressively debilitated body made for a life of emotional and physical upheaval But Lindauer questions the author equals the work critical tradition that assumes a one to one association of life events to the meaning of a painting In Kahlo's case such assumptions created a devouring mythology an iconization that separates us from the real significance of the oeuvre Accompanied by twenty six illustrations and deep analysis of Kahlo's central themes this provocative semiotic study recontextualizes an important figure in art history At the same time it addresses key questions about the language of interpretation the nature of veneration and the truths within self representation
