Smythe,2005-05-06 This unique global perspective on multiple literacies crosses traditional boundaries between the study of family community and school literacies It calls attention to the ideological nature of literacy education across a broad range of literacy contex **Old Square-Toes and His Lady** John David Adams,2011 August 12 2003 marks the 200th anniversary

of the birth of Sir James Douglas Although he played an integral role in British Columbia s history in many ways Douglas remains misunderstood and an enigma He is known for his contradictory qualities he was self serving racist a military hawk sometimes violent and arrogant Yet he was also extremely community oriented a humanitarian brave and a devoted family member John Adam s bestseller Old Square Toes and His Lady The Life of James and Amelia Douglas serves as an important source of information regarding Douglas s public and private lives As Adams writes the term old square toes characterizes him as an unbending stodgy boring individual but nothing could be further from the truth At the pinnacle of his career Douglas was knighted by order of Queen Victoria Considering his modest mixed race beginnings in South America his lofty

status is indeed remarkable Equally so is the life of his wife Amelia She was also of mixed blood her mother being Cree and her father Irish But unlike Douglas who was educated in Scotland she never left the northern forests until they married Their ending up as a knight and lady of the British Empire was an unusual achievement Old Square Toes discusses the Douglasses diverse experiences of astonishing contrasts from crossing North America by canoe to touring Europe by train from Native uprisings to the frantic gold rush Besides finding glory they also faced grief in losing seven of their beloved children This is a story of the adventure heartbreak and devotion that lies at the roots of western Canada *Pictures and Royal Portraits Illustrative of English and Scottish History, from the Introduction of Christianity to the Present Time* Thomas Archer, 1878
