Portraits In Cataloging And Classification Theorists Educators And Practitioners Of The Late Twentieth Century:

Portraits in Cataloging and Classification Carolynne Myall,1998 **Portraits in Cataloging and Classification**

Carolynne Myall,Ruth C. Carter,1998 Portraits in Cataloging and Classification Carolynne Myall,Ruth C. Carter,1998 Co published simultaneously as Cataloging and Classification Quarterly v 25 nos 2 3 and 4 1998 With a President who has stated that the Internet represents the way to learn in the next century what is the future of librarians and the library sciences This volume an amalgam of biography autobiography and history answers that question by looking to the past and examining the lives and achievements of pioneers in cataloguing and research Annotation copyrighted by Book News Inc Portland OR

Historical Aspects of Cataloging and Classification Martin D. Joachim,2003 **Education for Library Cataloging** Dajin

D. Sun,Ruth C. Carter,2013-10-28 Examine cataloging and classification training programs around the world Education for Library Cataloging International Perspectives examines the global development of educational programs for cataloging and classification in the library and information field Library school faculty and professional librarians from more than 20 countries discuss a wide range of topics including formal school and continuing education of catalog librarians education and training for paraprofessional staff in cataloging and technical services changes in library school programs and metadata and information organization instruction Faculty members and seasoned librarians from Europe Africa Asia Australia Latin America and the Middle East present case studies and overviews of library and information school programs bibliographies of cited works in both Western and non Western language literature and plenty of helpful tables and charts Articles presented in Education for Library Cataloging International Perspectives are organized geographically to make it easier to check which countries are covered in each region and to determine regional similarities and differences Political historical cultural religious and linguistic factors were also considered to demonstrate the wide range of educational efforts and programs to cultivate cataloging professionals all over the world Topics examined in Education for Library Cataloging International Perspectives include education and training development for librarians in the University of Botswana Library the library science school curricula in the Cross River State of Nigeria the training of students in cataloging via distant education in South Africa education programs in China the education for knowledge organization including cataloging and classification in India the current status of cataloging education in Japan on the job training of catalog librarians in South Korea the education for cataloging in Australia how catalog librarians are trained in Germany and Austria recent changes to the library education system in Poland a critical study of cataloging instruction within the library and information science programs in Spain a recent survey of graduate education and training for cataloging and classification in the United Kingdom an overview of the education for cataloging and classification in Mexico the current status of cataloging and classification education in Egypt recent changes to cataloging teaching in Israel the continuing education for catalogers in Saudi Arabia and much more Many of the articles presented in Education for Library Cataloging International Perspectives document the

initial efforts to introduce education for cataloging in particular countries including Egypt and Japan This book is an invaluable resource for library and information school educators administrators and students Cataloger, Editor, and Scholar Robert Holley P, 2007-10-11 Leading figures pay tribute to an expert in the field Honoring the work of Ruth C Carter upon her retirement as editor of Cataloging Classification Quarterly Cataloger Editor and Scholar is a unique collection that features 21 articles from experts in the field Celebrating Dr Carter s dedication to technical services cataloging history and management these essays recall all the important aspects of her life and career The important compendium also includes an interview with Dr Carter and a review of Cataloging Classification Quarterly CCQ during her 20 years at its helm In four parts this wide ranging collection includes articles that not only span the length and breadth of Dr Carter s professional career but also present new contributions to the field The first section of Cataloger Editor and Scholar considers Dr Carter s personal history and direct influence on CCQ as well as what she sees as key issues in cataloging at the beginning of the 21st century The studies in part two take an international look at cataloging and bibliographic history while new research in the field is presented in part three Finally part four offers papers that consider current trends as well as possible directions for the emerging digital future Chapters in Cataloger Editor and Scholar include a commemorative biographical sketch of Ruth Carter an interview where she discusses her career as a librarian archivist historian and long time editor a comprehensive review of the contents of Cataloging Classification Quarterly from 1990 2006 an analysis of the availability of books and reading materials in Monroe County Indiana through 1850 annotation as a lost art in cataloging early twentieth century British libraries twenty five years of bibliographic control research at the University of Bradford the Italian cataloging tradition and its relationships with the international tradition technical services and tenure impediments and strategies the works phenomenon and best selling books measuring typographical errors impact on retrieval in bibliographic databases meeting the needs of special format catalogers copy cataloging for print and video monographs in academic libraries balancing principles practice and pragmatics in a changing digital environment the development of knowledge structures on the Internet and may more A unique compilation of the many issues that appeared in CCQ during Dr Carter s 20 year tenure Cataloger Editor and Scholar is an informative resource for librarians LTS professionals catalogers students educators and researchers **Knowledge Organization and Classification in International Information Retrieval** Nancy

Williamson, Clare Beghtol, 2013-05-13 Learn step by step how to develop knowledge based products for international use Knowledge Organization and Classification in International Information Retrieval examines current efforts to deal with the increasing globalization of information and knowledge International authors walk you through the theoretical foundations and conceptual elements behind knowledge management addressing areas such as the Internet multinational resources translations and information languages The tools techniques and case studies provided in this book will be invaluable to anyone interested in bridging the international information retrieval language gap This book is divided into four sections that

address major themes for internationalized information and knowledge General Bibliographic Systems discusses how bibliographic classification systems can be adapted for specific subjects the problems with addressing different language expressions and the future of these systems Information Organization in Knowledge Resources explores knowledge organization and classification focusing mainly on libraries and on the Internet Linguistics Terminology and Natural Language Processing analyzes the latest developments in language processing and the design of information retrieval tools and resources Knowledge in the World and the World of Knowledge addresses the ontological foundations of knowledge organization and classification and knowledge management in organizations from different cultures With this book you ll gain a better understanding about the international efforts to globalize the Dewey Decimal Classification the Library of Congress Classification the Universal Decimal Classification multilingual thesauri Web directories of education related resources human language technology metadata schemas the North American Industry Classification Figures tables charts and diagrams elucidate the concepts in Knowledge Organization and Classification in International Information Retrieval Information educators and practitioners as well as specialists in classification and knowledge organization will find this book valuable for its focus on the problems of and solutions for information retrieval for specific linguistic cultural and domain communities of discourse **Electronic Cataloging** Sheila S. Intner, Sally C. Tseng, Mary Lynette Larsgaard, 2024-11-15

Examine some of the most recent developments in bibliographic control Electronic Cataloging AACR2 and Metadata for Serials and Monographs is a collection of papers about recent developments in metadata and its practical applications in cataloging Acknowledged experts examine a wide variety of techniques for managing serials and monographs using standards and schemas like MARC AACR2 ISSN ISBD and Dublin Core From the broadest introduction of metadata usage to the revisions of AACR2 through 2000 this book offers vital analysis and strategy for achieving Universal Bibliographic Control Electronic Cataloging is divided into three parts The first is an introduction to metadata what it is and its relationship to the library in general The second portion focuses in more on how metadata can be utilized by a library system and the possibilities in the near future The third portion is very specific dealing with individual standards of metadata and elements such as AACR2 and MARC as well as current policies and prospects for the future Information covered in Electronic Cataloging includes an overview of metadata and why it is important to the cataloging community Universal Bibliographic Control what has succeeded so far in cataloging and how metadata will evolve the step by step process for creating an effective metadata repository for the community the inherent problems that accompany cataloging nonprint research materials such as electronic serials and the Web metadata schemas and the use of controlled vocabularies and classification systems standards of metadata including MARC Dublin Core RDF and AACR2 with emphasis on the revisions and efforts made with AACR2 through 2000 an overview of the ISSN International Serials Standard Number and its relationships to current codes and metadata standards including AACR2 and much more Electronic Cataloging is the undertaking of three

pioneers in library sciences Sheila S Intner Sally C Tseng and Mary L Larsgaard who co edited Maps and Related Cartographic Materials Cataloging Classification and Bibliographic Control Haworth 2000 With illustrations references additional reading lists and case studies this research tool offers you tips and strategies to make metadata work for you and your library No one currently involved in information cataloging should be without this book Moving Beyond the Presentation Layer Joan S. Mitchell,Diane Vazine-Goetz,2013-05-13 Can the Dewey Decimal System meet the needs of the rapidly changing information environment Moving Beyond the Presentation Layer explores the Dewey Decimal System from a variety of perspectives each of which peels away a bit of the presentation layerthe familiar linear notational sequence to reveal the content and context offered by the DDS Library professionals from around the world examine how the content and context offered by the DDS can evolve to meet the needs of the changing information environment with a special focus on the impact of the Internet on current and future developments Moving Beyond the Presentation Layer examines whether the Dewey Decimal System is a rigid structure best suited to a physical information environment or a polymorphic one that can be adapted to meet a variety of physical and virtual needs This unique book reviews the 40 year history of the online use of classification systems the development of the Relative Index over 22 editions of the DDC recommendations to ensure the viability of the DDC in a time of mass digitization using DDS in an environment where it hasn t been used before teaching the DDS special issues related to the use of the DDS in Europe North America and Africa and the future of online classification Topics examined in Moving Beyond the Presentation Layer include using the DDC as the browsing mechanism for resource discovery classification as an online cataloging tool classification as an online end user tool browser behavior in a DDC based Web service the role of the DDS in the ongoing HILT High Level Thesaurus project using the DDS to organize Web resources localization and interoperability in knowledge organization mapping terminologies to classification systems the DeweyBrowser and much more Moving Beyond the Presentation Layer is an essential professional resource for librarians information scientists computer scientists and metadata and Web services specialists **Managing Cataloging and the Organization of Information** Ruth C Carter,2018-10-24 Discover how librarians around the world are responding to the new demands of a fast changing profession More computers and fewer staff more types of resources to catalog and less time in which to study them these are the problems librarians are facing at the dawn of a new millennium Managing Cataloging and the Organization of Information offers solutions from cataloging and technical services managers around the world Contributions from Australia Botswana Latin America Canada and the United States guarantee a truly international perspective Managing Cataloging and the Organization of Information describes new and effective ways to coordinate all aspects of automation staffing organization teamwork and work flow These techniques have been tested in libraries ranging from small college libraries to the ancient and revered Bodleian Library and the vast Library of Congress National libraries academic libraries and specialized medical and law libraries are also represented In Managing Cataloging and the

Organization of Information catalogers and technical services managers will find useful suggestions in a number of areas including total quality management flexible strategies for cataloging local and remote resources cataloging operations trends and perspectives putting cataloging philosophy into practice staff assignments and workflow distribution building team spirit Managing Cataloging and the Organization of Information is an invaluable resource for library administrators catalogers library educators technical services managers and information scientists Knitting the Semantic Web Jane Greenberg, Eva Méndez Rodríguez, 2013-04-03 The Semantic Web extends the popular day to day Web enabling computers and people to effectively work together by giving information well defined meaning Knitting the Semantic Web explains the interdisciplinary efforts underway to build a more library like Web through semantic knitting The book examines foundation activities and initiatives leading to standardized semantic metadata These efforts lead to the Semantic Web a network able to support computational activities and provide people with services efficiently Leaders in library and information science computer science and information intensive domains provide insight and inspiration to give readers a greater understanding of the evolution of the Semantic Web Librarians and information professionals are uniquely qualified to play a major role in the development and maintenance of the Semantic Web Knitting the Semantic Web closely examines this crucial relationship in detail This single source reviews the foundations standards and tools underlying the Semantic Web and presents thoughtful perspectives in the context of 20 developments Many chapters include figures to illustrate concepts and ideas and the entire text is extensively referenced Topics in Knitting the Semantic Web include RDF its expressive power and its ability to underlie the new Library catalog card for the coming century the value and application for controlled vocabularies SKOS Simple Knowledge Organization System the newest Semantic Web language managing scheme versioning in the Semantic Web Physnet portal service for physics Semantic Web technologies in biomedicine developing the United Nations Food and Agriculture ontology Friend Of A Friend FOAF vocabulary specification with a real world case study at a university Web Library 2.0 and more Knitting the Semantic Web is a stimulating resource for professionals researchers educators and students in library and information science computer science information architecture Web design and Web services The Audiovisual Cataloging Current Sandra K. Roe, 2013-10-18 Examine crucial issues for audiovisual cataloging from a variety of perspectives This vital book addresses both current and historic issues related to audiovisual materials and cataloging It covers the current cataloging rules for sound recordings popular music and nonmusic recordings videorecordings including DVDs electronic resources whether accessed locally or remotely three dimensional objects and realia and kits Three historical articles chronicle the history of audiovisual catalog in general the history of cataloging computer files and the history of The Thesaurus for Graphic Materials A section on audiovisual materials and subject access issues includes a chapter which proposes form genre terms for moving image materials and a special library's creation and use of a new thesaurus and its availability to assist online catalog users Finally four contributions examine audiovisual materials and

cataloging from the perspectives of different library types school public academic and special The Audiovisual Cataloging Current provides case studies that show how the National Library of Medicine produces collects and catalogs non print materials the differences between the Moving Image Genre Form Guide and Library of Congress Subject Headings with recommendations for improving LCSH as a tool and an exhaustive list of LCSH terms how libraries and organized cataloging groups developed the Chapter 9 descriptive cataloging rules in AACR2 how the Westchester Library System created a user friendly online catalog for audiovisual materials how the Illinois Fire Service Library improved firefighters subject access to nonprint fire emergency materials how the National Library of Medicine promotes audiovisual formats and much more

Authority Control in Organizing and Accessing Information Barbara Tillett, Arlene G. Taylor, 2012-12-06
International authority control will soon be a reality Examine the projects that are moving the information science professions in that direction today In Authority Control in Organizing and Accessing Information Definition and International Experience international experts examine the state of the art and explore new theoretical perspectives This essential resource which has its origins in the International Conference on Authority Control Italy 2003 addresses standards exchange formats and metadata with sections on authority control for names works and subjects Twenty fascinating case examples show how authority control is practiced at institutions in various nations around the world Authority Control in Organizing and Accessing Information provides an essential definition of authority control and then begins its sharply focused examinations of essential aspects of authority control with a section entitled State of the Art and New Theoretical Perspectives Here you ll find chapters focusing on the current state of the art with suggestions for future developments the importance and current lack of teaching authority control as part of a library information science curriculum the guidelines and methodology used in the creation of Italy s SBN Authority File Next Standards Exchange Formats and Metadata covers Italy s Bibliografia Nazionale Italiana UNIMARC database which was created using authority control principles the past and present activities of the International Federation of Library Associations and Institutions IFLA and an examination of IFLA s Working Group on Functional Requirements and Numbering of Authority Records FRANAR metadata standards as a means for accomplishing authority control in digital libraries traditional international library standards for bibliographic and authority control the evolution and current status of authority control tools for art and material culture information the UNIMARC authorities format what it is and how to work with it Authority Control for Names and Works brings you useful current information on changes and new features in the new edition of the International Standard Archival Authority Record Corporate Bodies Persons Families Encoded Archival Context EAC and its role in enhancing access to and understanding of records and how it enables repositories to share creator description the LEAF model for collection harvesting linking and providing access to existing local national name authority data national bibliographic control in China Japan and Korea plus suggestions for future cooperation between bibliographic agencies in East Asia authority control of printers publishers and

booksellers how to create up to date corporate name authority records authority control and the lack of it for works Authority Control for Subjects updates you on subject gateway with a look at the differences between the Program for Cooperative Cataloging's SACO program and browsable online subject gateways MACS a virtual authority file that crosses language barriers to provide multilingual access OCLC's FAST project which strives to retain the rich vocabulary of LCSH while making the schema easier to understand control apply and use the efforts of Italy's National Central Library toward semantic authority control the interrelationship of subject indexing languages and authority control with a look at the semantics vs syntax issue how subject indexing is done in Italy's Servizio Bibliotecario Nazionale Authority Control Experiences and Proje

The Thesaurus Sandra K. Roe, Alan R Thomas, 2013-04-15 Use this single source to uncover the origin and development of the thesaurus The Thesaurus Review Renaissance and Revision examines the historical development of the thesaurus and the standards employed for thesaurus construction This book provides both the history of thesauri and tutorials on usage to increase your understanding of thesaurus creation use and evaluation This reference tool offers essential information on thesauri in the digital environment including Web sites databases and software For 50 years the thesaurus has been a core reference book The Thesaurus Review Renaissance and Revision celebrates this history and speculates on the future of vocabulary switching tools This book will familiarize you with contemporary and emerging functions of thesauri including international and multilingual developments The Thesaurus Review Renaissance and Revision provides information and library professionals including indexers abstractors subject catalogers classifiers and reference librarians a historical overview of the thesaurus and its past as well as recent developments This book also gives patrons readers and researchers more effective techniques in vocabulary management and offers insight on how thesauri are devised and compiled This book addresses changing definitions characteristics functions and applications of thesauri the value of standards evaluation use and review of software and role and work of consultants during thesauri construction and maintenance multicultural issues that affect thesauri creation such as mapping and interoperability education and training The Thesaurus Review Renaissance and Revision also provides you with extensive bibliographies related to issues and problems in thesaurus construction and design such as developing standards in support of electronic thesauri

Metadata Richard P. Smiraglia, 2005 Part 1 introduces metadata concepts i e understanding metadata and its schemes metadata and bibliographic control Part 2 focuses on several metadata schemes such as Dublin Core

Library and Information Science Annual. Volume 7 Bohdan S. Wynar, 1999

On Account of Sex Betsy Kruger, Catherine A. Larson, 2006-03-22 The status of women in librarianship cannot be assessed without a consideration of women's general status in society as well as the relative positioning of librarianship in the broader world of work With the publication of this volume ALA's Committee on the Status of Women in Librarianship COSWL continues its commitment to identify published materials on the status of women in the profession and to compile update and issue a bibliography of these materials on a regular basis The years covered in this volume were a

particularly rich time for writings relevant to the status of women in librarianship and information science In addition to a large body of journal literature these years also witnessed the publication of several significant books Also notable during these years was the growing trend on the part of many LIS writers to draw on the rich body of gender and feminist studies outside LIS to inform the study of gender in the LIS field The editors of *On Account of Sex* perform a very important service to all who are concerned with women in librarianship by bringing together the body of work upon which future scholarship must be built Indiana University Libraries News Indiana University. Libraries,1998 The Future of Cataloging Seymour Lubetzky,2000 A collection of papers taken from a symposium held in honour of the 100th birthday of cataloguer Seymour Lubetzky It covers how to interpret cataloguing rules in an electronic era create efficient and systematic catalogues face the challenge of cataloguing virtual libraries and more Current Publications in Legal and Related Fields ,1999

Reviewing **Portraits In Cataloging And Classification Theorists Educators And Practitioners Of The Late Twentieth Century**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing. Within the pages of "**Portraits In Cataloging And Classification Theorists Educators And Practitioners Of The Late Twentieth Century**," an enthralling opus penned by a very acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve to the book is central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
