Reading Human Geography The Poetics And Politics Of Inquiry:

Reading Human Geography Trevor J. Barnes, Derek Gregory, 1997 Focusing on post positive geography Reading Human Geography makes available in a single volume some of the key texts that have informed its contemporary thought and practice The readings include some of the most important contributions by geographers to conceptual and methodological debates during the last fifteen years Paying special attention to writings by human geographers rather than philosophers and other social scientists makes the collection unusually accessible to undergraduates unfamiliar with other vocabularies and other concerns Editorial introductions to each section draw attention to connections inside and outside the discipline they provide both a context for and a summary of the essays that follow together with a detailed bibliography and suggestions for further reading There is also a glossary and an index

The Dictionary of Human Geography Derek Gregory, Ron Johnston, Geraldine Pratt, Michael Watts, Sarah Whatmore, 2011-09-23 THE DICTIONARY OF HUMAN GEOGRAPHY Even better than before the Dictionary is an essential tool for all human geographers and over the years has provided an invaluable guide to the changing boundaries and content of the discipline No one can afford to be without this fifth edition Linda McDowell University of Oxford From explanations of core concepts and central debates to lucid discussions of the theories driving contemporary research this is the best conceptual map to the creative and critical thinking that characterises contemporary human geography The fifth edition belongs on the bookshelf of all serious students Gerard Toal Virginia Tech With an exceptional balance between breadth and depth this is undoubtedly a timely and ground breaking revision of the Dictionary An outstanding accomplishment of the editors and contributors and a comprehensive and essential reference for any student or scholar interested in human geography Mei Po Kwan Ohio State University I can't imagine life without it Definitive detailed yet accessible there's still no single volume reference work in the field to rival it Noel Castree University of Manchester The Dictionary of Human Geography represents the definitive guide to issues and ideas methods and theories in human geography Now in its fifth edition this ground breaking text has been comprehensively revised to reflect the changing nature and practice of human geography and its rapidly developing connections with other fields The major entries not only describe the development of concepts contributions and debates in human geography but

also advance them Shorter definitional entries allow quick reference and coverage of the wider subject area Changes to the fifth edition include entries from many new contributors at the forefront of developments in the field and over 300 key terms appearing for the first time It features a new consolidated bibliography along with a detailed index and systematic cross referencing of headwords The Dictionary of Human Geography continues to be the one guidebook no student instructor or researcher in the field can afford to be without

The Planetary Turn Amy J. Elias, Christian Moraru, 2015-04-30 A groundbreaking essay collection that pursues the rise of geoculture as an essential framework for arts criticism The Planetary Turn shows how the planet as a territory a sociopolitical arena a natural space of interaction for all earthly life and an artistic theme is increasingly the conceptual and political dimension in which twenty first century writers and artists picture themselves and their work In an introduction that comprehensively defines the planetary model of art culture and cultural aesthetic interpretation the editors explain how the living planet is emerging as distinct from older concepts of globalization cosmopolitanism and environmentalism and is becoming a new ground for exciting work in contemporary literature visual and media arts and social humanities Written by internationally recognized scholars the twelve essays that follow illustrate the unfolding of a new vision of potential planetary community that retools earlier models based on the nation state or political blocs and reimagines cultural political aesthetic and ethical relationships for the post Cold War era

The City in Roman and Byzantine Egypt Richard Alston, 2002-09-11 After Egypt became part of the Roman Empire in 30 BC Classical and then Christian influences both made their mark on the urban environment This book examines the impact of these new cultures at every level of Egyptian society

Culture/Place/Health Wilbert M. Gesler, Robin A. Kearns, 2005-07-05 Culture Place Health is the first exploration of cultural geographical health research for a decade drawing on contemporary research undertaken by geographers and other social scientists to explore the links between culture place and health It uses a wealth of examples from societies around the world to assert the place of culture in shaping relations between health and place It contributes to an expanding of horizons at the intersection of the discipline of geography and the multidisciplinary domain of health concerns

Indy Dreams and Urban Nightmares Mark Douglas Lowes, 2002-01-01 Lowes examines the conflict that arose between a Vancouver community and the civic boosters who wanted to move the Molson Indy Vancouver motorsport event to their neighbourhood park

Documenting Displacement Katarzyna Grabska, Christina R. Clark-Kazak, 2022-02-15 Legal precarity mobility and the criminalization of migrants complicate the study of forced migration and exile Traditional methodologies can obscure both the agency of displaced people and hierarchies of power between researchers and research participants This project critically assesses the ways in which knowledge is co created and reproduced through narratives in spaces of displacement advancing a creative collective and interdisciplinary approach Documenting Displacement explores the ethics and methods of research in diverse forced migration contexts and proposes new ways of thinking about and documenting displacement Each chapter delves into

specific ethical and methodological challenges with particular attention to unequal power relations in the co creation of knowledge questions about representation and ownership and the adaptation of methodological approaches to contexts of mobility Contributors reflect honestly on what has worked and what has not providing useful points of discussion for future research by both established and emerging researchers Innovative in its use of arts based methods Documenting Displacement invites researchers to explore new avenues guided not only by the procedural ethics imposed by academic institutions but also by a relational ethics that more fully considers the position of the researcher and the interests of those who have been displaced

Gender and Leisure Cara Carmichael Aitchison, 2013-06-17 The highly contested nature of both gender and leisure encapsulates many of the most critical social and cultural debates of the early twenty first century Drawing on a wide range of theoretical perspectives as well as extensive empirical research *Gender and Leisure* goes forward to offer a contemporary socio cultural analysis of gender relations in leisure practice and leisure policy The book begins by introducing and evaluating the key social and cultural ideologies philosophies and beliefs that have informed our theoretical understanding of gender and leisure The particular leisure policies that have emerged from these perspectives are examined Part two of *Gender and Leisure* draws on research in social and cultural theory gender and leisure studies cultural geography management and education and goes on to explore the reality of contemporary gender relations in leisure practice Leisure policy leisure management places and sites of leisure and leisure education are examined as are the relationships between leisure sport and tourism

Development in Place José C. M. van Santen, 2008 In humanity's struggle to find timely solutions to environmental problems it is easily forgotten that access to our shared spaces has never been equal This collection deals with the landscapes and places of rural urban and wilderness areas in relation development Contributions examine the complex relationship that human beings maintain with their rural and urban environments and with other species in various places and spaces Nothing is taken for granted colonial history globalization localization hybrid relationships colonial or shared architecture religious backgrounds and claims to equal access all fuse with policy strategies This volume discusses these issues within the framework of developmental discourse while asserting the rights of access to the global commons for all world citizens as well as other species
