

OF MODERN POETRY

The poem of the mind in the act of finding
What will suffice. It has not always had
To find: the scene was set; it repeated what
Was in the script.

Then the theatre was changed
To something else. Its past was a souvenir.

It has to be living, to learn the speech of the place.
It has to face the men of the time and to meet
The women of the time. It has to think about war
And it has to find what will suffice. It has
To construct a new stage. It has to be on that stage
And, like an insatiable actor, slowly and
With meditation, speak words that in the ear,
In the delicatest ear of the mind, repeat,
Exactly, that which it wants to hear, at the sound
Of which, an invisible audience listens,
Not to the play, but to itself, expressed
In an emotion as of two people, as of two
Emotions becoming one. The actor is
A metaphysician in the dark, twanging
An instrument, twanging a wiry string that gives
Sounds passing through sudden rightnesses, wholly
Containing the mind, below which it cannot descend,
Beyond which it has no will to rise.

It must
Be the finding of a satisfaction, and may
Be of a man skating, a woman dancing, a woman
Combing. The poem of the act of the mind.

Reading Modern Poetry 2nd Ed:

Poems Please! 2nd Edition Bill Moore, David Booth, 2003 This innovative resource includes tools for classroom management that range from assessment techniques to tips for choosing and displaying poems **Reading, Desire, and the Eucharist in Early Modern Religious Poetry** Ryan Netzley, 2011-01-01 The courtly love tradition had a great influence on the themes of religious poetry just as an absent beloved could be longed for passionately so too could a distant God be the subject of desire But when authors began to perceive God as immanently available did the nature and interpretation of devotional verse change Ryan Netzley argues that early modern religious lyrics presented both desire and reading as free loving activities rather than as endless struggles or dramatic quests *Reading Desire and the Eucharist* analyzes the work of prominent early modern writers including John Milton Richard Crashaw John Donne and George Herbert whose religious poetry presented parallels between sacramental desire and the act of understanding written texts Netzley finds that by directing devotees to crave spiritual rather than worldly goods these poets questioned ideas not only of what people should desire but also how they should engage in the act of yearning Challenging fundamental assumptions of literary criticism *Reading Desire and the Eucharist* shows how poetry can encourage love for its own sake rather than in the hopes of salvation

On Modern Poetry Robert Rowland Smith, 2012-07-12 All too often the history of poetry criticism in the 20th Century is told as a tale of two sides While Lit crit pored over the author's every line Theory stood on the shoulder of texts to gaze into the metaphysical mists Drawing on the key insights of both Lit crit and Theory *On Modern Poetry* tries to get beyond the opposition between them proposing instead a total criticism that draws on all resources available It combines analytic irony with imaginative empathy in order to generate fresh insights The themes discussed in the first part of the book include tradition voice rhyme rhetoric and objects bringing in critics such as Eliot Heidegger Empson Blackmur and De Man The second part examines texts by Tennyson Symonds Hopkins Larkin and Prynne An original exploration of poetry and its criticism *On Modern Poetry* is an essential guide for readers and students at all levels *Close Reading* Frank Lentricchia, Andrew DuBois, 2003 A reader intended for courses presenting the continuity of close reading from New Criticism through poststructuralism *American and British Poetry* Harriet Semmes Alexander, 1984 **Asian American Poets** Guiyou Huang, 2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity attention has focused primarily on longer narrative forms such as the novel And despite the proliferation of a large number of poets of Asian descent in the 20th century Asian American poetry remains a neglected area of study Poetry as an elite genre has not reached the level of popularity of the novel or short story partly due to the difficulties of reading and interpreting poetic texts The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area since perhaps more than any other genre poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world This reference book overviews the tremendous cultural contributions of

Asian American poets Included are alphabetically arranged entries on 48 American poets of Asian descent most of whom have been active during the latter half of the 20th century Each entry begins with a short biography which sometimes includes information drawn from personal interviews The entries then discuss the poet s major works and themes including such concerns as family racism sexism identity language and politics A survey of the poet s critical reception follows In many cases the existing criticism is scant and the entries offer new readings of neglected works The entries conclude with bibliographies of primary and secondary texts and the volume closes with a selected general bibliography

Reading the Middle Generation Anew Eric Haralson, 2006-04 Ten original essays by advanced scholars and well published poets address the middle generation of American poets including the familiar Robert Lowell Elizabeth Bishop Randall Jarrell and John Berryman and various important contemporaries Delmore Schwartz Theodore Roethke Robert Hayden and Lorine Niedecker This was a famously troubled cohort of writers for reasons both personal and cultural and collectively their poems give us powerful moving insights into American social life in the transforming decades of the 1940s through the 1960s In addition to having worked during the broad middle of the last century these poets constitute the center of twentieth century American poetry in the larger sense refuting invidious connotations of middle as coming after the great moderns and being superseded by a proliferating postmodern experimentation This middle generation mediates the so called American century and its prodigious body of poetry even as it complicates historical and aesthetic categorizations Taking diverse formal and thematic angles on these poets biographical historical deconstructionist and more formalist accounts this book re examines their between ness and ambivalence their various positionings and repositionings in aesthetic political and personal matters The essays study the interplay between these writers and such shifting formations as religious discourse consumerism militarism and war the ideology of America as nature s nation and U S race relations and ethnic conflicts *Reading the Middle Generation Anew* also shows the legacy of the middle generation the ways in which their lives and writings continue to be a shaping force in American poetry This fresh and invigorating collection will be of great interest to literary scholars and poets

Power, Plain English, and the Rise of Modern Poetry David Rosen, 2008-10-01 DIV In this engaging book David Rosen offers a radically new account of Modern poetry and revises our understanding of its relation to Romanticism British poets from Wordsworth to Auden attempted to present themselves simultaneously as persons of power and as moral voices in their communities The modern lyric derives its characteristic complexities psychological ethical formal from the extraordinary difficulty of this effort The low register of our language a register of short concrete native words arranged in simple syntax is deeply implicated in this story Rosen shows how the peculiar reputation of plain English for truthfulness is employed by Modern poets to conceal the rift between their probably irreconcilable ambitions for themselves With a deep appreciation for poetic accomplishment and a wonderful iconoclasm Rosen sheds new light on the innovative as well as the self deceptive aspects of Modern poetry This book alters our understanding of the history of poetry in the English language div Reader's

Guide to Lesbian and Gay Studies Timothy Murphy, 2013-10-18 The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report **Stylistics** Lesley Jeffries, Daniel McIntyre, 2010-09-30 An introduction to the study of style in language offering practical advice on how to stylistically analyse texts
