Cultural History of Reading Sara E. Quay, Gabrielle R. Watling, 2008-11-30 What is it about some books that makes them timeless *Cultural History of Reading* looks at books from their earliest beginnings through the present day in both the U S and regions all over the world Not only fiction and literature but religious works dictionaries scientific works and home guides such as Mrs Beeton s all have had an impact on not only their own time and place but continue to capture the attention of readers today Volume 1 examines the history of books in regions throughout the world identifying both literature and nonfiction that was influenced by cultural events of its time Volume 2 identifies books from the pre colonial era to the present day that have had lasting significance in the United States History students and book lovers alike will enjoy discovering the books that have impacted our world

Redefining Adaptation Studies Dennis Cutchins, Laurence Raw, James M. Welsh, 2010-02-23 Since films were first produced adapted works have predominantly borrowed primarily from traditional texts such as novels and plays Likewise the study of film adaptations has also been fairly traditional rarely venturing beyond a comparison of the source material to its often less revered counterpart *Redefining Adaptation Studies* breaks new ground in showing the range of possibilities that transcend the literature film paradigm These essays focus on the idea of adaptation and what it means in different socio political contexts Above all this collection shows how cultural and political factors determine the meaning of the term and its potential for developing new approaches to learning The contributors to this volume look at adaptation in different contexts and develop new ways to approach adaptation not just as a literature through film issue but as something which can be used to develop other skills such as creative writing and personal and social skills Aimed at teachers in high schools and universities at the under and postgraduate levels this volume not only suggests how adaptation might be used in different disciplines but how it might improve the learning experience for teachers and students alike

Cultural History of Reading [2 volumes] Sara E. Quay, Gabrielle R. Watling, 2008-11-30 **A History of British Publishing** John Feather, 2006 Specially designed for publishing and book history courses this fully revised restructured and updated edition of a classic text is the only one to provide an overall history of publishing in Britain and of the areas affecting and affected by it

Literature of the 1950s Alice Ferrebe, 2015-09-30 This lively study challenges the myths about apathy and smugness surrounding British literature of the period It rereads the decade and its literature as crucial in twentieth century British history for its emergent and increasingly complicated politics **Live Literature** Ellen Wiles, 2021-05-21 This ground breaking book explores the phenomenal growth of live literature in the digitalizing 21st century Wiles asks why literary events appeal and matter to people and how they can transform the ways in which fiction is received and valued Readers are immersed in the experience of two contrasting events a major literary festival and an intimate LGBTQ salon Evocative scenes and observations are interwoven with sharp critical analysis and entertaining conversations with well known author performers reader audiences producers critics and booksellers Wiles s experiential

literary ethnography represents an innovative and vital contribution not just to literary research but to research into the value of cultural experience across art forms This book probes intersections between readers and audiences writers and performers texts and events bodies and memories and curation and reception It addresses key literary debates from cultural appropriation to diversity in publishing the effects of social media and the quest for authenticity It will engage a broad audience from academics and producers to writers and audiences Literature of the 1950s: Good, Brave Causes Alice Ferrebe, 2012-04-10 Challenges the myths about apathy and smugness surrounding British literature of the period Alice Ferrebe's lively study rereads the decade and its literature as crucial in twentieth century British history for its emergent and increasingly complicated politics of difference as ideas about identity authority and belonging were tested and contested By placing a diverse selection of texts alongside those of the established canon of Movement and Angry writing a literary culture of true diversity and depth is brought into view The volume characterises the 1950s as a time of confrontation with a range of concerns still avidly debated today including immigration education the challenging behaviour of youth nuclear threat the post industrial and post imperial legacy a consumerist economy and a feminist movement hampered by the perceivedly comprehensive nature of its recent success Contrary to Jimmy Porter's defeatist judgement on his era in John Osborne's 1956 play *Look Back in Anger* the volume upholds such concerns as good brave causes indeed *The Oxford History of the Irish Book, Volume V* Clare Hutton, Patrick Walsh, 2011-06-23 Part of a series providing an authoritative history of the book in Ireland this volume comprehensively outlines the history of 20th century Irish book culture This book embraces all the written and printed traditions and heritages of Ireland and places them in the global context of a worldwide interest in book histories **Contemporary Publishing and the Culture of Books** Alison Baverstock, Richard Bradford, Madelena Gonzalez, 2020-01-16 Contemporary Publishing and the Culture of Books is a comprehensive resource that builds bridges between the traditional focus and methodologies of literary studies and the actualities of modern and contemporary literature including the realities of professional writing the conventions and practicalities of the publishing world and its connections between literary publishing and other media Focusing on the relationship between modern literature and the publishing industry the volume enables students and academics to extend the text based framework of modules on contemporary writing into detailed expositions of the culture and industry which bring these texts into existence it brings economic considerations into line alongside creative issues and examines how employing marketing strategies are utilized to promote and sell books Sections cover The standard university course specifications of contemporary writing offering an extensive picture of the social economic and cultural contexts of these literary genres The impact and status of non literary writing and how this compares with certain literary genres as an index to contemporary culture and a reflection of the state of the publishing industry The practicalities and conventions of the publishing industry Contextual aspects of literary culture and the book industry visiting the broader spheres of publishing promotion bookselling and literary culture Carefully linked chapters allow

readers to tie key elements of the publishing industry to the particular demands and features of contemporary literary genres and writing offering a detailed guide to the ways in which the three core areas of culture economics and pragmatics intersect in the world of publishing Further to being a valuable resource for those studying English or Creative Writing the volume is a key text for degrees in which Publishing is a component and is relevant to those aspects of Media Studies that look at interactions between the media and literature publishing [A History of Male Psychological Disorders in Britain, 1945-1980](#)
Alison Haggett, 2015-09-18 This book is open access under a CC BY license and explores the under researched history of male mental illness from the mid twentieth century It argues that statistics suggesting women have been more vulnerable to depression and anxiety are misleading since they underplay a host of alternative presentations of distress more common in men
