Reading The River A Voyage Down The Yukon:

Reading the River John Hildebrand, 2009-07-30 John Hildebrand sets out in a canoe to explore the great riverway of northwestern Canada and Alaska The geography is closely rendered and the characters especially sharply drawn The country is filled with mad dropouts at river fish camps good hearted girls in the towns sullen natives in tumbledown villages cranky old timers terrible drunks and worse moralizers who live off the wild landscape and its abundant resources This is a fine work and Hildebrand is a fine writer Charles E Little Wilderness *Abbey in America* John A. Murray, 2015-06-15 More than twenty five years after his death iconic writer and nature activist Edward Abbey 1927 1989 remains an influential presence in the American environmental movement Abbey s best known works continue to be widely read and inspire discourse on the key issues facing contemporary American society particularly with respect to urbanization and technology Abbey in America published forty years after Abbey s popular novel The Monkey Wrench Gang features an all star list of contributors including journalists authors scholars and two of Abbey s best friends as they explore Abbey s ideas and legacy through their unique literary personal and scholarly perspectives **Updating the Literary West** , 1997 Western writers says Thomas J Lyon in his epilogue to Updating the Literary West have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the Literary History of the American West TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West s literary heritage Out of this hope comes Updating the Literary West a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of LHAW western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened Updating the Literary West looks at topics ranging from western classics to cowboys and Cadillacs and considers children s literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West s literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries Selected list of contributors James Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister *Big Sky Rivers* Robert Kelley Schneiders, 2003 To frame his story Schneiders goes back to the nineteenth century journals of fur traders and settlers and in the record of flora fauna floods and human activity he finds evidence of rapid and disruptive change Bison once had the greatest influence on the land and Schneiders depicts an original bison and Indian trail networks on which were overlaid the first torts and towns and then the railroads highways and reservoirs that reconfigured the region forever **A Northern Front** John Hildebrand, 2005 A Northern Front reflects the

day by day disappearance of wild places and the ever changing face of the American landscape **Barnstorm** Raphael Kadushin, 2005-02-28 Though the best American writers live everywhere now a popular fiction persists our strongest literary voices are strictly bi coastal ones Barnstorm sets out to disprove that cliché and to undermine another one as well the sense of regional fiction as something quaint slightly regressive and full of local color The stories in this collection capture our global reality with a ruthless unaffected voice Lorrie Moore's *The Jewish Hunter* is a dark romance that's by turns cynical and guileless Mack Friedman catches the smoking feel of first love in his *Setting the Lawn on Fire* and Jesse Lee Kercheval's *Brazil* is a raucous ultimately mournful road trip For Jane Hamilton Wisconsin is a gorgeous but bittersweet homecoming and for Kelly Cherry in her achingly elegiac *As It Is in Heaven* it's the hopeful new world juxtaposed with a bleak tweedy England Dwight Allen's *The Green Suit* evokes the young man edging toward adulthood in a New York that's as flamboyant as an opera and Tenaya Darlington in her *A Patch of Skin* constructs a pure horror story because the horror of loneliness is something we all know Together Barnstorm's eclectic voices suggest that every coast now even the Great Lakes shores are at the very center of our best and truest national literature Not for sale in the United Kingdom **The Heart of Things** John

Hildebrand, 2014-08-18 I've never believed that living in one place means being one thing all the time condemned like Minnie Pearl to wear the same hat for every performance Life is more complicated than that In this remarkable book of days John Hildebrand charts the overlapping rings home town countryside of life in the Midwest Like E B White Hildebrand locates the humor and drama in ordinary life church suppers Friday night football outdoor weddings garden compost family reunions roadside memorials camouflage clothing In these wry sharply observed essays the Midwest isn't *The Land Time Forgot* but a more complicated and vastly more interesting place where the good life awaits once we figure exactly out what it means From his home range in northwestern Wisconsin Hildebrand attempts to do just that by boiling down a calendar year to its rich marrow of weather animals family home in other words all the things that matter **Alaska** Robert Hedin, Gary

Holthaus, 1994-02-01 This aptly named book contains 22 selections by John Muir John McPhee Barry Lopez and others on Alaska and to some extent on the neighboring Yukon accompanied by a small but evocative collection of photographs of Eskimos The pieces most of which are top notch vividly describe the harsh climate the Arctic and sub Arctic habitats and the animals of Alaska and tell the stories of the Native Americans and others who have made their home or worked in the North This excellent sampler of some of the best writing on Alaska is recommended for academic and especially public libraries
