

The image shows a close-up, angled view of a book. The book's cover features a vibrant, painterly illustration of a forest path. Sunlight filters through the dense canopy of tall trees, creating a series of bright, diagonal light beams that illuminate the path and the forest floor. The path itself is a mix of brown and reddish hues, suggesting fallen leaves and earth. The overall mood is serene and naturalistic. The book is positioned diagonally across the frame, with its white pages visible on the right side.

Reading the Trail Corey Lee Lewis,2003 Reading The Trail Corey Lee Lewis,2005-02-15 A provocative new way to read and interpret the classic works of John Muir Mary Austin and Gary Snyder and to bring their ideas into the discussion of ecological values and the current environmental crisis Lewis combines a perceptive discussion of their work and ideas with an engaging account of his own trail experiences as hiker backpacker and volunteer trail builder proposing that such a field based interdisciplinary approach to literary study and outdoors experience can enrich our appreciation for the work of nature writers *The Pacific Crest Trailside Reader, Oregon and Washington* Rees Hughes,Corey Lewis,2011-10-17 Unique woodcut illustrations decorate both volumes Trail map to follow story locations in each volume For both hikers and armchair adventurers of the PCT Exploring the people places and history of the Pacific Crest Trail as it ranges 2 600 miles from Mexico to Canada THE PACIFIC CREST TRAILSIDE READER EBOOK brings together short excerpts from classic works of regional writing with boot tested stories from the trail The heart of this anthology is these real trail tales stories taken from PCT hikers trailside humor and traditions trail angels and trail magic encounters with wildlife and wild weather stories of being lost and found rescues and unusual incidents Revealing a larger context are historical accounts of events such as Moses Schallenberger s winter on Donner Pass and pioneer efforts like the old Naches Road that ended up creating access to today s trails Native American myths and legends such as that of Lost Lake near Mount Hood and selections from highly regarded environmental writers who have captured the region in print including Mary Austin in *The Land of Little Rain* John Muir in *The Mountains of California* and Barry Lopez in *Crossing Open Ground* Readers will also enjoy a few more surprising contributions from the likes of Mark Twain and Ursula Le Guin For this digital edition of the PCT READER we combined our two print volumes into a single robust ebook that features stories from both the CALIFORNIA and OREGON WASHINGTON volumes Because the two volume set is a compilation of old and new essays however the editors were not able to obtain digital publication rights for some of the previously published material So while this combination ebook includes all the newly commissioned stories as well as many other pieces for which the editors did have digital access there are approximately four contributions from each of the printed books that do not appear here Here and There Bill Conlogue,2015-06-13 The global economy threatens the uniqueness of places people and experiences In *Here and There* Bill Conlogue tests the assumption that literature and local places matter less and less in a world that economists describe as flat politicians believe has globalized and social scientists imagine as a global village Each chapter begins at home journeys elsewhere and returns to the author s native and chosen region northeastern Pennsylvania Through the prisms of literature and history the book explores tensions and conflicts within the region created by national and global demand for its resources fertile farmland forest products anthracite coal and college educated young people Making connections between local and global environmental issues *Here and There* uses the Pennsylvania watersheds of urban Lackawanna and rural Lackawaxen to

highlight the importance of understanding and protecting the places we call home **California and the Melancholic American Identity in Joan Didion's Novels** Katarzyna Nowak McNeice, 2018-12-07 California and the Melancholic American Identity in Joan Didion's Novels Exiled from Eden focuses on the concept of Californian identity in the fiction of Joan Didion This identity is understood as melancholic in the sense that the critics following the tradition of both Sigmund Freud and Walter Benjamin use the word The book traces the progress of the way Californian identity is portrayed in Joan Didion's novels starting with the first two in which California plays the central role Run River and Play It As It Lays through A Book of Common Prayer to Democracy and The Last Thing He Wanted where California functions only as a distant point of reference receding to the background of Didion's interests Curiously enough Didion presents Californian history as a history of white settlement disregarding whole chapters of the history of the region in which the Californios and Native Americans among other groups played a crucial role it is this reticence that the monograph sees as the main problem of Didion's fiction and presents it as the silent center of gravity in Didion's oeuvre The monograph proposes to see the melancholy expressed by Didion's fiction organized into four losses of Nature History Ethics and Language around which the main analytical chapters are constructed What remains unrepresented and silenced comes back to haunt Didion's fiction and it results in a melancholic portrayal of California and its identity which is the central theme this monograph addresses The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **Waymarking Italy's Influence on the American**

on the impact of family crises and the influence of his wide ranging travels *John Muir* Sally M. Miller,Daryl Morrison,2005 New information on the life of the famed environmentalist presented in 2001 at the John Muir Institute hosted by the John Muir Center Teaching with Joy Sharon Shelton-Colangelo,Carolina Mancuso,Mimi Duvall,2007 This edited collection addresses the growing need for ideas and methods conducive to holistic educational practices and aims to encourage more personal growth in students too often distracted by the background noise of war violence racism and environmental deterioration The contributors are working teachers and professors who have integrated a degree of spirituality into a wide range of classes in both urban and rural settings across the US This ground breaking collection will provide practical advice about how to implement an ethical and spiritual curriculum while avoiding religious dogmatism

Wild Nevada Roberta Moore,Scott Slovic,2005-03-01 For many people beyond Nevada s borders the state is no more than the nation s desert dumping ground for dangerous waste Others know it only for its hedonistic centers of gambling and entertainment This scandal belies the extraordinary beauty and wonder of the state s wilderness areas and the precious natural aesthetic and cultural resources to be found there In *Wild Nevada* editors Roberta Moore and Scott Slovic have assembled twenty nine writers who know and love the Nevada wilderness to testify on its behalf Contributors include literary artists and scholars environmental and community activists leading politicians ranchers scientists and park rangers Some essays offer observations on the political and philosophical discussions of wilderness that heat up the halls of academia and Congress others recount moving personal encounters with wild places within Nevada and still others comment on the ambiguities of preserving wild places through wilderness designation But despite the eclectic backgrounds of the writers and their varied perspectives on public policy they are all united in their devotion to the ecological and aesthetic values of Nevada s threatened wilderness areas Foreword by Michael Frome
