L. Thomas, 2022-08-01 The twenty first century Reading War is in fact nothing new but some of the details are unique to our current culture driven by social media This volume seeks to examine the current Reading War in the context of the historical recurrence of public and political debates around student reading abilities and achievement Grounded in a media fascination with the science of reading and fueled by a rise in advocates for students with dyslexia the current Reading War has resulted in some deeply troubling reading policy grade retention and intensive phonics programs This primer for parents policy makers and people who care confronts some of the most compelling but misunderstood aspects of teaching reading in the U S while also offering a way toward ending the Reading War in order to serve all students regardless of their needs The revised expanded 2nd edition adds developments around the science of reading including the expanding impact on state policy and legislation as well as robust additions to the research base around teaching students to read *Mississippi Barking* Chris McLaughlin, 2021-08-26 Winner of a 2023 Best Book Award in the category of Animals Pets Narrative Nonfiction from American Book Fest On August 29 2005 the worst natural disaster in the history of the United States devastated the city of New Orleans and the Gulf Coast of Louisiana and Mississippi Like many others in America and around the world Chris McLaughlin watched the tragedy of Katrina unfold on a television screen from the comfort of her living room on Cape Cod in Massachusetts In the devastation afterwards almost 2 000 people and an estimated 250 000 animals had perished Miraculously many pets did manage to survive But in the months that followed the hurricane thousands of them were fending for themselves in the ruins of devastated neighborhoods They roamed the streets in feral packs or struck out alone Their plight triggered a grassroots rescue effort unlike any this country had ever seen and while relief organizations such as the Red Cross were tending to the human survivors and movie stars and celebrities were airlifting food and endorsing seven figure checks a much smaller and meagerly funded effort was underway to save the four legged victims With no prior experience in disaster response and no real grasp of the hell that awaited them scores of animal lovers including McLaughlin made their way to the Gulf Coast to help in any way they could Including photos from four time Pulitzer Prize winning photojournalist Carol Guzy Mississippi

Barking spans the course of two years as McLaughlin and others ventured into the wreckage of the Gulf Coast to rescue the animals left behind McLaughlin tells the moving stories of the people she met along the way both those who lost everything to the hurricane and those working beside her rescuing and transporting animals away from the neglected derelict conditions in which they barely survived Within this story of tragedy and cruelty suffering and ignorance Mississippi Barking also bears witness to selfless acts of bravery and compassion and the beauty and heroics of those who risked everything to save the animals that could not save themselves Mississippi's Carole Marsh,1994 *Guidelines for the Mississippi Reading*
