The Life and Times of Hammurabi Tamera Bryant, 2019-12-05 Hammurabi was an important leader in ancient Mesopotamia Following the model of the warrior king Sargon Hammurabi built the tiny city state of Babylon into a vast empire He was recognized as a hands on ruler Not content to delegate duties to governors and advisors Hammurabi was personally involved with all the goings on in his empire From the digging of canals to the construction of huge temples Hammurabi was very interested in justice and fairness He thought of himself as a shepherd and protector of all his people He wanted everyone the poor and the wealthy to be treated fairly In the second half of his reign Hammurabi compiled a lengthy collection of laws into a single code It is one of the oldest known law codes You can find reminders of this ancient code in law books around the world *Democracy and Empire* Alexander O. Boulton, 2021-10-07 Athens decision to invade Sicily in 415 BCE marked an important turning point in its war with Sparta which led ultimately to Athens defeat and the collapse of its empire This is the story of the men who persuaded the Athenians to make war against Sicily and who led the great armada against the island in middle of the Mediterranean The Athenian and Spartan leaders in the war between Athens and Sparta take center stage in this story But their story cannot be told apart from the political and social structures along with the religious practices and the roles of women foreigners and slaves in Athens during the great intellectual awaking of Athens in the fifth century BCE Underlying all of this is the story of the complex relationship between Athens democracy and its empire It is a story that has important lessons for the world today Star Wars and Philosophy Kevin S. Decker, Jason T. Eberl, 2005-04-01 The Star Wars films continue to revolutionize science fiction creating new standards for cinematographic excellence and permeating popular culture around the world The films feature many complex themes ranging from good versus evil and moral development and corruption to religious faith and pragmatism forgiveness and redemption and many others The essays in this volume tackle the philosophical questions from these blockbuster films including Was Anakin predestined to fall to the Dark Side Are the Jedi truly role models of moral virtue Why would the citizens and protectors of a democratic Republic allow it to descend into a tyrannical empire Is Yoda a peaceful Zen master or a great warrior or both Why is there both a light and a dark side of the Force Star Wars and Philosophy ponders the depths of these subjects and asks what it truly means to be mindful of the living
