Personnel Literature ,1976 *Resources in Education* ,1995 **Research Directions of Black Psychologists** Wade Boykin,Anderson Franklin, Frank J. Yates,1980-01-15 Focusing on issues of particular importance to black people and confronting the rich variety and the complexity of the black experience the many contributors demonstrate the broad diversity of research interests and strategies among black psychologists from the traditional to the innovative Topics covered include studies of motivation cognitive development life span development and cultural difference versus deficit theories Many of the studies directly refute previous conceptions of the psychological functioning of blacks and offer alternative models and formulations This book is the first to present soundly designed and executed research that is emphatically linked to the perspectives and the psychological concerns of black Americans In designing these studies the authors aimed to ameliorate the pressing educational and social problems of blacks through a better understanding of their life conditions

The Bureaucrat ,1980 *Sexualities and Identities of Minority Women* Sana Loue,2009-08-11 The concept for this book came about following the publication of the volume *Health Issues Confronting Minority Men Who Have Sex with Men* published by Springer in 2008 Consistent with its title that work focused on specific health issues identified by communities researchers and AIDS service providers that were and continue to be of concern During the preparation of that volume I received numerous telephone calls and e mails from women in various parts of the country asking why a book was not also being developed to address their often neglected concerns Accordingly the topics addressed in *Identities and Sexualities of Minority Women* were developed based on input from minority women who participated in focus groups conducted in diverse regions of the United States These focus groups were held specifically to provide an opportunity for sexual minority women in minority communities to identify those issues that from their perspective are most salient and relevant to their lives It is not surprising in view of the variation in process by which the topics were identified as well as the differences in perspective associated with differences in sex and gender that this resulting compilation of topics departs substantially from the focus of the companion text addressing health issues of minority men who have sex with men Department of Defense Authorization for Appropriations for Fiscal Year 2001 and the Future Years Defense Program: March 1, 6, 21, 24, April 4, 2000 United States.
