Ready Or Not Here I Come:

Ready or Not, Here I Come Lloyd J. Vogan, 2012-12-12 What a difference a day can make Events that happen to us on any given day can change our lives forever What about the day after high school graduation What about the day after you get married The day after your first child is born Your life will never be the same after events such as these But there is another day coming which will come without warning and change the whole world overnight It will be the end of this age You will either be ready for it and survive or not be ready and endure the result Author Lloyd J Vogan's Ready or Not Here I Come is about how to survive the future your future Learn the truth about who you really are There is much more to you than what you see in the mirror He teaches you the difference between joy and happiness Discover how to have a peace within you that surpasses all human understanding regardless of the circumstances you may be in at present You are at the crossroads and need to decide which path to follow the broad one that many are on which seems so right or the narrow one that leads to your eternal security Everything is at stake Ready or Not Here I Come explains in simple language what you need to know to make the right choice

Ready or Not Here I Come Gwendolyn R. Gathers, 2012-01-12 This book is a written version of my first sermon It is not a story or an autobiography so please do not read it as such It is simply the preached word written in a simple manner for easy reading As you read it think of actually being in church and hearing me preach No I did not preach this whole book but I did preach on every subject matter that you will read later on in Galatians chapter 5 When I was a little girl we played a game called hide and seek Several people could hide in this game at one time but only one person could seek The person that was chosen to seek was called IT Everyone else would hide As everyone was running to find a hiding place IT was counting to ten One two three four five And to make the game a little more fun or to make you worry a little bit IT would say Five five and a half six seven eight nine ten You had about ten seconds to find a place to hide After IT reached the number 10 he or she would cry with a loud voice READY OR NOT HERE I COME Believe me Jesus will return one day whether you're ready or not I trust you will be blessed by this word

Ready or Not, Here I Come! Emilia Zebrowska, 2022-11-28 The game has just begun My friends are on the run Ready or not here I come In this zoo themed book version of the beloved children's game readers and listeners alike will enjoy seeking and finding the animal characters along with their keeper The rhyming text makes use of prepositions in clues as to the animals locations teaching this part of speech as stealthily as a crocodile tracking its prey

Playtime Is Over Derek Anderson, 2020-11-24 Playtime Is Over The book that is long overdue yet very much needed is finally here Too often many people live a life that becomes one big lie after another I

have learned by living that it's one thing to lie to other people but it's a terrible thing to lie to yourself For many years some people have allowed their life to continue on in this state of deep sleep which is destructive not only to themselves but to others as well This book is not to a race or creed of people but to a type of people To people that know that there is more to life than the things that they are seeing and doing To people who know that there are issues and topics that need to be talked about yet not many people seem to want to talk about them To people that are so fed up with the sexual sins and perversions of these times that they just want for someone to address the topic from a real honest perspective Well that is what I am here to do talk about the sexual sins and perversions that are over running the world we live in Healthy sexual relationships were designed to be a good thing performed within the union of marriage between two consenting married adults What we are allowing today in a lot more ways than one is for contamination to settle in Men and women are leaning to their own understanding and doing by choice whatever they are big and bad enough to do Some people not all live their life in silence about a lot of these topics because they don't have anyone to talk to about them Nowhere to turn for real honest conversations about this issue For the most part we spend time on the surface of these issues Well within the pages of this book we will go past the surface and bring some clarity in a lot more areas than not so consider your realities and know that help is here So brace yourself like a woman man because playtime is over Warning Once you start reading this book it will be hard to escape the truths in these writings so much to the point that you will be challenged to change for the better or remain in the same condition that you were in before you started reading this book Overall The choice is yours I invite you to read receive and reevaluate your life as you know it so that you can live a life free from the things that may be holding you captive and start living a life that matters even more not only to you but to others Life is more than living for the here and now live for the eternal come and dine
