Reagan and Thatcher: The Difficult Relationship Richard Aldous, 2012-03-19 An iconic friendship an uneasy alliance a revisionist account of the couple who ended the Cold War For decades historians have perpetuated the myth of a Churchillian relationship between Ronald Reagan and Margaret Thatcher citing their longtime alliance as an example of the special bond between the United States and Britain But as Richard Aldous argues in this penetrating dual biography Reagan and Thatcher clashed repeatedly over the Falklands war Grenada and the SDI and nuclear weapons while carefully cultivating a harmonious image for the public and the press With the stakes enormously high these political titans struggled to work together to confront the greatest threat of their time the USSR Brilliantly reconstructing some of their most dramatic encounters Aldous draws on recently declassified documents and extensive oral history to dismantle the popular conception of Reagan Thatcher diplomacy His startling conclusion that the weakest link in the Atlantic Alliance of the 1980s was the association between the two principal actors will mark an important contribution to our understanding of the twentieth century

Reagan and the World Bradley Lynn Coleman, 2017-06-23 Essays on a presidency during a pivotal period in international affairs informed by newly declassified documents Throughout his presidency Ronald Reagan sought peace through strength during an era of historic change In the decades since pundits and scholars have argued over the president s legacy Some consider Reagan a charismatic and consummate leader who renewed American strength and defeated communism to others he was an ambitious and dangerous warmonger whose presidency was plagued with mismanagement misconduct and foreign policy failures The recent declassification of Reagan administration records and the availability of new Soviet documents has created an opportunity for more nuanced complex and compelling analyses of this pivotal period in international affairs In Reagan and the World leading scholars and national security professionals offer fresh interpretations of the fortieth president s influence on American foreign policy This collection addresses Reagan s management of the US national security establishment as well as

the influence of Secretary of Defense Caspar Weinberger and others in the administration and Congress The contributors present in depth explorations of US Soviet relations and American policy toward Asia Latin America Europe and the Middle East This balanced and sophisticated examination reveals the complexity of Reagan s foreign policy clarifies the importance of other international actors of the period and provides new perspectives on the final decade of the Cold War Filled with lessons for current and future leaders help s us understand how the past shapes the world today including the intricate US relationship with Russia Admiral James G Stavridis U S Navy ret former Supreme Allied Commander NATO *Economic Democracy: The Political Struggle of the 21st Century* J. W. Smith,2017-10-03 This title was first published in 1999 The author contends that economic democracy is the economic system the U S purports to have but has thus far failed to achieve because it like all the economic powers that have gone before seeks to control the economies of weaker nations It is the shocking lack of economic democracy and the efforts of so many to achieve it that fuels today s conflicts and will fuel those of the 21st century To show how and why this comprehensive work provides a detailed analysis of the history of numerous aspects of the development of the Neo Mercantilist world economy the geopolitical systems put in place by the developed world to manage and perpetuate that economy and the numerous proposals and modeling plans that have been offered over the years for the achievement of economic democracy

Visions of the End of the Cold War in Europe, 1945-1990

Frédéric Bozo,Marie-Pierre Rey,N. Piers Ludlow,Bernd Rother,2012-03-01 Exploring the visions of the end of the Cold War that have been put forth since its inception until its actual ending this volume brings to the fore the reflections programmes and strategies that were intended to call into question the bipolar system and replace it with alternative approaches or concepts These visions were associated not only with prominent individuals organized groups and civil societies but were also connected to specific historical processes or events They ranged from actual thoroughly conceived programmes to more blurred utopian aspirations or simply the belief that the Cold War had already in effect come to an end Such visions reveal much about the contexts in which they were developed and shed light on crucial moments and phases of the Cold War

The New Reagan Revolution Michael Reagan,Jim Denney,2025-06-25 There are cynics who say that a party platform is something that no one bothers to read and it doesn t very often amount to much Whether it is different this time than it has ever been before I believe the Republican Party has a platform that is a banner of bold unmistakable colors with no pastel shades Ronald Reagan 1976 Republican National Convention When Ronald Reagan was called to the podium by President Ford during the 1976 Republican National Convention he had no prepared remarks But the unrehearsed speech he gave that night is still regarded as one of the most moving speeches of his political career The reason he was able to give such a powerful speech on a moment s notice was that he was proclaiming the core principles of his heart and soul which he had been teaching and preaching for years The New Reagan Revolution reveals new insights into the life thoughts and actions of the man who changed the world during the 1980s The challenges and threats we face today are eerily similar to the

conditions in the world before the beginning of the Reagan era The good news is that we already know what works Ronald Reagan has given us the blueprint This book is not merely a diagnosis of our nation s ills but a prescription to heal our nation rooted in the words and principles of Ronald Reagan In these pages you ll find a plan for returning America to its former greatness soundness and prosperity It s the plan Ronald Reagan developed over years of study observation and reflection It s a plan he announced to the nation straight from his heart one summer evening during America s 200th year It s the plan he put into action during his eight years in office as the most effective president of the 20th century and it is the plan we can use today to help return America to its former greatness soundness and prosperity *The U.S. Intelligence Community*
