Roma In Romanian History:

The Roma in Romanian History Viorel Achim, 2004 **The Nazi Genocide of the Roma** Anton

Weiss-Wendt, 2013-06-01 Using the framework of genocide this volume analyzes the patterns of persecution of the Roma in Nazi dominated Europe Detailed case studies of France Austria Romania Croatia Ukraine and Russia generate a critical mass of evidence that indicates criminal intent on the part of the Nazi regime to destroy the Roma as a distinct group Other chapters examine the failure of the West German State to deliver justice the Romani collective memory of the genocide and the current political and historical debates As this revealing volume shows however inconsistent or geographically limited over time the mass murder acquired a systematic character and came to include ever larger segments of the Romani population regardless of the social status of individual members of the community *The Romani Gypsies* Yaron

Matras, 2015-01-06 Who are the Romani people Romani society Customs and traditions The Romani language The Roms among the nations Between romanticism and racism A modern Romani identity Appendix The mosaic of Romani groups

Local History, Transnational Memory in the Romanian Holocaust V. Glajar, J. Teodorescu, 2011-04-25 This book explores the memory of the Romanian Holocaust in Romanian German Israeli and French cultural representations The essays in this volume discuss first hand testimonial accounts letters journals drawings literary texts and films by Elie Wiesel Paul Celan Aharon Appelfeld Norman Manea Radu Mihaileanu among others *From Chattel Slavery to Modern Slavery* Stuart

Casey-Maslen, Loren Persi Vicentic, 2025-04-30 Chattel slavery in which people were considered as objects to be bought sold and destroyed dates back to the dawn of civilisation This work documents the legal basis for slavery and its many abuses across the ages by some of the main enslavers The voices of the victims and those who observed their plight are given prominence as personal histories in each chapter Slavery in the modern era includes enslavement by the Nazi regime and most recently of the Yazidis in Iraq and Syria by Islamic State Slave like practices often termed modern slavery are also included in a chapter of this volume The book ends with consideration of whether reparations for historic slavery should be made **The Legacies of the Romani Genocide in Europe since 1945** Celia Donert, Eve Rosenhaft, 2021-12-27 This

book explores the legacies of the genocide of Roma in Europe after the end of the Second World War Hundreds of thousands of people labelled as Gypsies were persecuted or killed in Nazi Germany and across occupied Europe between 1933 and 1945 In many places discrimination continued after the war was over The chapters in this volume ask how these experiences shaped the lives of Romani survivors and their families in eastern and western Europe since 1945 This book will appeal to researchers and students in Modern European History Romani Studies and the history of genocide and the Holocaust

Home-Land: Romanian Roma, Domestic Spaces and the State Humphris, Rachel, 2019-03-26 In contemporary society passport checks at nation state borders are accepted But what if these checks were happening in our own home This book is the first intimate ethnography of these governing encounters in the home space between Romanian Roma migrants

and local frontline workers Focusing on how the nation state is reproduced within the home the book considers what it is like to have your legal status your right to belong judged from your everyday domestic life In essence this book is about the divide between state and family home land and home and what it means for the new rules of citizenship Open Borders, Unlocked Cultures Yaron Matras, Daniele Leggio, 2017-07-28 The book examines some of the dilemmas surrounding Europe's open borders migrations and identities through the prism of the Roma Europe's most dispersed and socially marginalised population The volume challenges some of the myths surrounding the Roma as a problem population and places the focus instead on the context of European policy and identity debates It comes to the conclusion that the migration of Roma and the constitution of their communities is shaped by European policy as much as and often more so than by the cultural traits of the Roma themselves The chapters compare case studies of Roma migrants in Spain Italy France and Britain and the impact of migration on the origin communities in Romania The study combines historical and ethnographic methods with insights from migration studies drawing on a unique multi site collaborative project that for the first time gave Roma participants a voice in shaping research into their communities Chapters 1 and 7 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Holocaust Education E. Doyle Stevick, Deborah L. Michaels, 2017-10-02 Holocaust Education Promise Practice Power and Potential provides timely studies of some of the most pressing issues in teaching and learning about the Holocaust around the world Europe is experiencing both anti-Semitic attacks many by radicals claiming the banner of Islam and the resurgence of right wing movements that are openly hostile to minority rights particularly for marginalized and vulnerable groups like the Roma Sinti and Muslim refugees Can Holocaust education an encounter with the most extreme racial ideology to afflict the continent reduce violence and prejudice against Jewish and other minority groups The important studies in this volume address these and other pressing issues for the field including the progress of Central and Eastern European countries that experienced both Soviet hegemony and Nazi terror in grappling with the history of the Holocaust This book was originally published as a special issue of Intercultural Education

Romania and the Quest for European Identity Cristian Cercel, 2019-03-15 Exploring the largely positive representations of Romanian Germans predominating in post 1989 Romanian society this book shows that the underlying reasons for German prestige are strongly connected with Romania's endeavors to become European The election in 2014 of Klaus Iohannis as Romania's president was hailed as evidence that the country chose a European future that Iohannis belonged to Romania's tiny German minority was also considered to have played a part in his success Cercel argues that representations of Germans in Romania descendants of twelfth century and eighteenth century colonists become actually a symbolic resource for asserting but also questioning Romania's European identity Such representations link Romania's much desired European belonging with German presence whilst German absence is interpreted as a sign of veering away from Europe Investigating this case of discursive self

colonization and this apparent symbolic embrace of the German Other in Romania the book offers a critical study of the discourses associated with Romania's postcommunist Europeanization to contribute a better understanding of contemporary West East relationships in the European context This fresh and insightful approach will interest postgraduates and scholars interested in Central Eastern and Southeastern Europe and in German minorities outside Germany It should also appeal to scholars of memory studies and those interested in the study of otherness in general **Nationalist Politics and Everyday**

Ethnicity in a Transylvanian Town Rogers Brubaker, Margit Feischmidt, Jon Fox, Liana Grancea, 2018-06-05 Situated on the geographic margins of two nations yet imagined as central to each Transylvania has long been a site of nationalist struggles Since the fall of communism these struggles have been particularly intense in Cluj Transylvania's cultural and political center Yet heated nationalist rhetoric has evoked only muted popular response The citizens of Cluj the Romanian speaking majority and the Hungarian speaking minority have been largely indifferent to the nationalist claims made in their names Based on seven years of field research this book examines not only the sharply polarized fields of nationalist politics in Cluj Transylvania and the wider region but also the more fluid terrain on which ethnicity and nationhood are experienced enacted and understood in everyday life In doing so the book addresses fundamental questions about ethnicity where it is when it matters and how it works Bridging conventional divisions of academic labor Rogers Brubaker and his collaborators employ perspectives seldom found together historical and ethnographic institutional and interactional political and experiential Further developing the argument of Brubaker's groundbreaking *Ethnicity without Groups* the book demonstrates that it is ultimately in and through everyday experience as much as in political contestation or cultural articulation that ethnicity and nationhood are produced and reproduced as basic categories of social and political life The Routledge History of East Central Europe Since 1700 Irina Livezeanu, Arpad von Klimó, 2017-03-16 Covers territory from Russia in the east to Germany and Austria in the west exploring the origins and evolution of modernity in this region Provided by the publisher

Blackening Europe Heike Raphael-Hernandez, 2012-11-12 Traditional Scholars have often looked at African American studies through the lens of European theories resulting in the secundarization of the African American presence in Europe and its contributions to European culture *Blackening Europe* reverses this pattern by using African American culture as the starting point for a discussion of its influences over traditional European structures Evidence of Europe's blackening abound from French ministers of Hip hop and British incarnations of Shaft to slavery memorial in the Netherlands and German youth sporting dreadlocks Collecting essays by scholars from both sides of the Atlantic and fields as diverse as history literature politics social studies art film and music *Blackening Europe* explores the implications of these cultural hybrids and extends the growing dialogues about Europe's fascination with African America **Come Closer. Inclusion and Exclusion of Roma in Present Day Romanian Society** Gabor Fleck, Cosima Rughinis (Eds.), 2008 **The Roma and the Holocaust** María Sierra, 2024-04-18 Half a million European Roma were exterminated by the Nazi regime many more were subjected to

a policy of racial discrimination similar to that suffered by the Jewish people. However, the persecution and torment of Roma in Hitler's Europe has little presence in the history books. *The Roma and the Holocaust* places the Roma genocide in the context of the widespread violence of the Second World War while offering an explanation that places it within a broader trajectory of anti-Roma persecution in modern societies. The book explores the separation and destruction of families, the sterilisation of adults and children, the plunder of property and deprivation of livelihoods, slave labour, medical experiments, the horror of extermination camps and the mass murder that the Romani people were subjected to. Mar a Sierra uses the first section of the book to provide a much needed critical overview and synthesis of the fragmented research and scholarship in the area that has been conducted in various languages. In the second section, Sierra shines a light on the autobiographical accounts of several Roma survivors of the Nazi genocide in order for the voices of the victims who have claimed recognition and rights for the Roma people to be heard. This journey through the memories of Philomena Franz, Ceija Stojka, Lily Van Angeren, Otto Rosenberg, Walter Winter and Ewald Hanstein, in addition to other testimonies, is contextualized within the framework of other Holocaust survivors' memoirs and has been approached from a history of emotions perspective. With the Romani people having been denied recognition as victims of Nazism after the end of the war, this book crucially helps to bring about agency for the survivors supporting their struggle for the right to memory in the process.

Lifelong Learning and the Roma Minority in Central and Eastern Europe Andrea Óhidy, Katalin R. Forray, 2019-09-30. This book discusses the current educational climate and the impact of these policy measures for Roma people in eight Central and Eastern European countries. There is a severe lack of information about the Roma people in the public domain. This book seeks to raise awareness of this forgotten minority.

A History of Romanian Theatre from Communism to Capitalism Cristina Modreanu, 2019-09-18. *A History of Romanian Theatre from Communism to Capitalism* analyses the last three decades of Romanian theatre and connects it to the international stage. Cristina Modreanu questions the relationship between artists and power both before 1989, behind the Iron Curtain, and in the current global political context, with nationalism manifesting itself in Eastern Europe as seen in the critical work of Romanian theatre makers. This study covers the complex cases of theatre makers such as Lucian Pintilie, Liviu Ciulei and Andrei Erban, who built their international careers in exile, and the most innovative Romanian artists of today such as Silviu Purcărete, Mihai Măniuțiu, Gianina Cărbunariu, Radu Afrim and Bogdan Georgescu, who reached the status of transglobal artists. Filling a considerable gap in Romanian theatre discourse, this book will be of a great interest to students and scholars of contemporary theatre and history.

Uncle Tom's Cabins Tracy C. Davis, Stefka Mihaylova, 2020-04-20. As Harriet Beecher Stowe's novel *Uncle Tom's Cabin* traveled around the world, it was molded by the imaginations and needs of international audiences. For over 150 years, it has been coopted for a dazzling array of causes far from what its author envisioned. This book tells thirteen variants of *Uncle Tom's* journey, explicating the novel's significance for Canadian abolitionists and the Liberian political elite that constituted the runaway characters' landing points.

nineteenth century French theatergoers liberal Cuban Romanian and Spanish intellectuals and social reformers Dutch colonizers and Filipino nationalists in Southeast Asia Eastern European Cold War communists Muslim readers and spectators in the Middle East Brazilian television audiences and twentieth century German holidaymakers Throughout these encounters Stowe's story of American slavery serves as a paradigm for understanding oppression selectively and strategically refracting the African American slave onto other iconic victims and freedom fighters The book brings together performance historians literary critics and media theorists to demonstrate how the myriad cultural and political effects of Stowe's enduring story has transformed it into a global metanarrative with national regional and local specificity *Silicon Valley Imperialism* Erin McElroy, 2024-02-02 Erin McElroy maps processes of gentrification racial dispossession and economic predation in the San Francisco Bay Area and postsocialist Romania to expose the mechanisms through which global techno-capitalism devours space and societies in order to expand its reach **Beyond the New Romanian Cinema** Andrei Gorzo, Veronica Lazăr, 2023-06-01 A stellar representative of the New Romanian Cinema Radu Jude also belongs to a select group of politically minded East European filmmakers who have taken as their subject the nature of the media and the circulation of images Vertov and Eisenstein Dušan Makavejev the Ukrainian documentarian Sergei Loznitsa For that reason Andrei Gorzo and Veronica Lazăr's *Beyond the New Romanian Cinema* Romanian Culture History and the Films of Radu Jude is both welcome and essential J. Hoberman author of *The Red Atlantis* Communist Culture in the Absence of Communism *Beyond the New Romanian Cinema* Romanian Culture History and the Films of Radu Jude delivers what it promises in its title and offers more It locates Radu Jude's films against the backdrop of the New Romanian Cinema a phenomenon which put Romanian cinema on the map of European and world cinema arguing that Jude overcame a certain sterility and timidity of this movement by creating a very rich and versatile body of work comprising films of different genres and formats At the same time as offering a meticulous and thought provoking analysis of Jude's films the authors use them to explore the strengths and limitations of the auteurist paradigm both in Romania and more widely Ewa Mazierska Professor of Film Studies University of Central Lancashire This impressive study of filmmaker Radu Jude is invaluable not only for its acute critical observations but also for its intelligent informed commentary on Romanian cinema culture and society in general I learned something important on virtually every page Highly recommended James Naremore author of *The Magic World of Orson Welles* *Acting in the Cinema* and *On Kubrick* Andrei Gorzo and Veronica Lazăr offer a comprehensive and refined analysis of the films of Radu Jude a filmmaker who has emerged with one of the most uncompromising voices ranging from the farcical macabre political satire to a philosophical interrogation of representation and who has addressed the most daring topics after the first wave of the so-called New Romanian Cinema The monograph manages to combine a wide angle film historical and cultural perspective with an in-depth investigation unravelling the ways in which Jude's cinema is updating the legacy of European modernism in order to engage with pressing issues of Romanian culture and history gnes Peth Professor of Film
