Roma Albert Kuhn, 1916 **The Rights of Roma in European Courts** Kristin Henrard, Lilla Farkas, 2025-05-26 The abundance of Roma rights cases before international and European courts reflects the Roma's systemic marginalization as well as their resolve to push the boundaries of human rights law The Roma have increasingly raised concerns through strategic litigation urging the courts to develop their jurisprudence and adjust the scope of human rights applications This edited volume examines these cases exploring the extent to which strategic litigation can and does push the boundaries of human rights Adopting a long needed yet untested approach the volume situates Roma rights within the broader human rights edifice and identifies its key contributions The volume focuses on the quasi jurisprudence of the European Court of Human Rights the Court of Justice of the EU and the European Committee of Social Rights with several chapters also drawing parallels with jurisdictions beyond Europe Its contributing authors span a broad range of disciplines including human rights law political science climate justice and ethnology Combining rich doctrinal and socio legal analysis **The Rights of Roma in European Courts** is an unparalleled resource for scholars and practitioners seeking to understand the systemic discrimination faced by the Roma and explore legal solutions for countering it **Sex, the Self, and the Sacred** Colleen Ryan-Scheutz, 2007-01-01 Drawing upon Italy's distinct socio cultural history as well as feminist and psychoanalytic approaches to film Colleen Ryan Scheutz explores the ways in which Pasolini's representations of women reveal his concerns about the corruption of modern society Official Report of Debates Council of Europe: Parliamentary Assembly, 2003-03-14

The Burden of the Past Anna Wylegala, Malgorzata Glowacka-Grajper, 2019-01-29 Essays on how chaos totalitarianism and trauma have shaped Ukraine's culture A milestone of the scholarship about Eastern European politics of memory Wulf Kansteiner Aarhus University In a century marked by totalitarian regimes genocide mass migrations and shifting borders the concept of memory in Eastern Europe is often synonymous with notions of trauma In Ukraine memory mechanisms were disrupted by political systems seeking to repress and control the past in order to form new national identities supportive of their own agendas With the collapse of the Soviet Union memory in Ukraine was released creating alternate visions of the past new national heroes and new victims This release of memories led to new conflicts and memory wars How does the past exist in contemporary Ukraine The works collected in *The Burden of the Past* focus on commemorative practices the politics of history and the way memory influences Ukrainian politics identity and culture The works explore contemporary memory culture in Ukraine and the ways in which it is being researched and understood Drawing on work from historians sociologists anthropologists psychologists and political scientists the collection represents a truly interdisciplinary approach Taken together the groundbreaking scholarship collected in *The Burden of the Past* provides insight into how memories can be

warped and abused and how this abuse can have lasting effects on a country seeking to create a hopeful future **The Human Face of the European Union** Nuno Ferreira,Dora Kostakopoulou,2016-08-18 This collection asks a direct but complex question is the EU humane enough The implementation of EU law and policy and its balance between economic and social values continues to provoke debate Providing fresh insight Nuno Ferreira and Dora Kostakopoulou present a novel analytical framework centred on the notion of humaneness for assessing EU law and policy This innovative approach leads to recommendations for policy change towards a more humanistic philosophy for the EU Broad in its scope this remarkable volume draws together interdisciplinary perspectives from contributors who examine key EU law and policy fields including economic integration asylum and free movement citizenship and development and security This book is essential reading for scholars students and policy makers seeking new ways of exploring the economic versus social values debate in EU law

Country Reports on Human Rights Practices ,2002 *Europe on the Move* A. T. Lane,Elżbieta Stadtmüller,2005 This collection of essays by a multinational group of authors examines the political social and economic consequences of the most recent enlargement of the European Union It does not confine itself to a discussion of the impact on the new member states but also considers the likely effects of this enlargement on the EU itself These effects include not only the familiar need for new modes of governance but also involve other changes resulting from a process of what has been called mutual learning These essays analyse various aspects of this process starting with the Constitutional Convention Sometimes the focus is on the impact on the new members sometimes on the changes likely to occur in the EU and its older members as a result of this enlargement The emphasis on change is encapsulated in the book s title *Europe on the Move* **The Palgrave Handbook**

of Slavic Languages, Identities and Borders Tomasz Kamusella,Motoki Nomachi,Catherine Gibson,2016-04-29 This book analyzes the creation of languages across the Slavophone areas of the world and their deployment for political projects and identity building mainly after 1989 It offers perspectives from a number of disciplines such as sociolinguistics socio political history and language policy Languages are artefacts of culture meaning they are created by people They are often used for identity building and maintenance but in Central and Eastern Europe they became the basis of nation building and national statehood maintenance The recent split of the Serbo Croatian language in the wake of the break up of Yugoslavia amply illustrates the highly politicized role of languages in this region which is also home to most of the world s Slavic speakers This volume presents and analyzes the creation of languages across the Slavophone areas of the world and their deployment for political projects and identity building mainly after 1989 The overview concludes with a reflection on the recent rise of Slavophone speech communities in Western Europe and Israel The book brings together renowned international scholars who offer a variety of perspectives from a number of disciplines and sub fields such as sociolinguistics socio political history and language policy making this book of great interest to historians sociologists political scientists and anthropologists interested in Central and Eastern Europe and Slavic Studies **What is the Romani Language?** Peter Bakker,Khristo

Kiuchukov, Khristo Kiuchukov, 2000 This book deals with the Romani language. It does not teach the readers to speak the language. Rather, it deals with its origin, its current use and status, its beginning literature and films, and the way it is learned by children and much more. It shows that Romani is a language in its own right with its own unique grammatical system, dialects, and particular norms of language use. Pressure from the outside world has diminished the use of the language in some areas, but generally it is a thriving language spoken by millions of people. *Breaking the Exclusion Cycle* Ana

Bracic, 2020 Why does social exclusion persist and what can one do to stop it? This book proposes a theory of how individual behavior contributes to social exclusion, a novel method for measuring that behavior, and solutions to ending it. Based on original fieldwork among Central and Eastern European Roma, the largest ethnic minority in Europe yet still very understudied, and non-Roma, Ana Bracic develops a theory she calls the exclusion cycle through which anti-minority culture gives rise to discrimination by members of the majority, and minority members develop survival strategies. Members of the majority resent these strategies, assuming that they are endemic to the minority group rather than an outcome of their own discriminatory behavior. **The Romani Voice in World Politics** Ilona Klímová-Alexander, 2017-05-15 Ilona Klímová

Alexander brings Europe's largest transnational and most marginalized ethnic minority, the Roma Gypsies, into the discourse of international relations. The book describes and analyzes the attempts of the Romani activists to gain voice in world politics by interacting with the United Nations (UN) system and explores their capabilities and impact. This study has three objectives: it provides an introduction to global Romani activism in terms of its anatomy, history, political manifestos, goals, and activities; it establishes the extent and essence of the Romani voice in world politics and its influence on the UN discourse on Roma; furthermore, it looks at how interacting with the UN system has affected the organizational structure of the global Romani activism and its discourse. Based largely on primary resources and fieldwork, this book will engage international relations scholars, political scientists, and those concerned with social movements and ethnic and racial studies. **Journal of the**

British and American Society of Rome, 1892 Proceedings of the United States Naval Institute United States Naval Institute, 1922 **Social Exclusion and Labour Market Challenges in the Western Balkans** Will Bartlett, Vassilis

Monastiriotis, Panagiotis Koutroumpis, 2020-08-27 This edited volume focuses on the challenges facing the Western Balkan countries in their efforts to deal with social exclusion and social inequality while making progress in their reform efforts to join the European Union. It examines how states have failed to offer adequate social protection to those excluded from labour markets, including women, young people, and Roma ethnic minorities, a process that has driven high rates of outward migration. It also provides a detailed introduction to the main conclusions of the various contributions gathered here and an overview of the lessons learned, which will be of direct interest to policy makers and practitioners in the field of social cohesion in the Western Balkans. The chapters of this book are revised and updated versions of papers that were first presented at a conference of the LSEE Research Network on Social Cohesion held in Skopje in 2017, comprising the latest
