**Roman Catholics and Shi'i Muslims** James A. Bill, John Alden Williams, 2003-08-01 This timely work explores two influential religious traditions that might seem to have little in common Twelver Shi'i Islam and Roman Catholicism With the worldwide rise of religious fundamentalism it is imperative that religious movements such as Christi

**The Making of Martyrdom in Modern Twelver Shi'ism** Adel Hashemi, 2022-02-24 In Twelver Shi'a Islam the wait for the return of the Twelfth Imam Muhammad ibn al Hasan al Mahdi at the end of time overshadowed the value of actively seeking martyrdom However what is the place of martyrdom in Twelver Shi'ism today This book shows that the Islamic revolution in Iran resulted in the marriage of Shi'i messianism and extreme political activism changing the mindset of the Shi'a worldwide Suddenly each drop of martyrs blood brought the return of al Mahdi one step closer and the Islamic Republic of Iran supposedly became the prelude to the foretold world revolution of al Mahdi Adel Hashemi traces the unexplored area of Shi'i discourse on martyrdom from the 1979 revolution when the Islamic Republic's leaders cultivated the culture of martyrdom to topple the Shah's regime to the dramatic shift in the understanding of martyrdom today Also included are the reaction to the Syrian crisis the region's war with ISIS and other Salafi groups and the renewed commitment to the defense of shrines This book shows the striking shifts in the meaning of martyrdom in Shi'ism revealing the real relevance of the concept to the present day Muslim world

**Iran and Christianity** Mark Bradley, 2011-10-27 In this enlightening study Mark Bradley looks at the growing underground church in Iran Given the hostility of the regime it is often assumed that Christianity is withering in Iran but in fact more Iranian Muslims have become Christians in the last 25 years than since the seventh century when Islam first came to Iran Beginning with an in depth look at the historical identity of Iran religiously culturally and politically Bradley shows how this identity makes Iranians inclined towards Christianity He goes on to look at the impact of the 1979 revolution an event which has brought war economic chaos and totalitarianism to Iran and its implications for Iranian faith The study concludes with an analysis of church growth since 1979 and an examination of the emerging underground church This is a fascinating work guaranteed to improve any reader's knowledge of not only Iranian faith and church growth but of Iranian culture and history as a whole thanks to the thorough treatment given to the country's background

**Saudi Clerics and Shi'a Islam** Raihan Ismail, 2016-03-07 The Saudi ulama are known for their strong opposition to Shi'a theology Shi'a communities in Saudi Arabia and external Shi'a influences such as Iran and Hezbollah Their potent hostility combined with the influence of the ulama within the Saudi state and the Muslim world has led some commentators to blame the Saudi ulama for what they see as growing sectarian conflict in the Middle East However there is very little understanding of what reasoning lies behind the positions of the ulama and there is a significant gap in the literature dealing with the polemics directed at the Shi'a by the Saudi religious establishment In *Saudi Clerics and Shi'a Islam* Raihan Ismail looks at the discourse of the Saudi ulama regarding Shiism and Shi'a communities analysing their sermons lectures publications and

religious rulings The book finds that the attitudes of the ulama are not only governed by their theological convictions regarding Shiism but are motivated by political events involving the Shi'a within the Saudi state and abroad It also discovers that political events affect the intensity and frequency of the rhetoric of the ulama at any given time      *The Crucifix on Mecca's Front Porch* David Pinault, 2018-08-22 This book on Islam has an unusual perspective It argues that a critically minded examination of Islam can help Christians achieve a deeper appreciation of the unique truths of their own faith It draws on the author's personal experiences living in Islamic countries and his fieldwork with persecuted Christian minority communities especially in Pakistan Yemen Egypt and Indonesia It includes the author's own original translations of Islamic texts in Arabic Persian and Urdu as well as primary source materials in Latin that were written by Christian participants in the Crusades The author focuses on Muslim interactions with the Christian tradition He examines and takes issue with the misguided approach of those Christians and Muslims who in the interests of Christian-Muslim rapprochement minimize theological differences between the two faiths especially in the area of Christology Such attempts at rapport he writes do a profound disservice to both religions Illustrating the Muslim view of Christ with Islamic polemical texts from the eleventh to the twenty-first centuries the author draws on Hans Urs von Balthasar and other theologians of kenotic Christology to show how Islamic condemnations of divine weakness and neediness can deepen our appreciation of what is most uniquely Christian in our vision of Jesus as God-made-man who voluntarily experiences weakness suffering and death in solidarity with all human beings Both timely and urgently needed *The Crucifix on Mecca's Front Porch* invites readers to reflect on the stark differences between Christianity and Islam and to appreciate the uniqueness of the Christian faith      **Rethinking Salafism** Raihan Ismail, 2021 1 Introduction 2 Deconstructing Salafism 3 Transnational solidarity of Salafi-ulama the politics of Islamism 4 Transnational networks of Salafi-ulama the debate over the Sunni-Shi'a divide 5 Transnational networks of Salafi-ulama haraki quietist unity in the face of Jihadi Salafism 6 Transnational networks of ulama contesting the social sphere 7 Conclusion Notes Selected Bibliography      **Encountering Islam** Richard Sudworth, 2017-10-30 What do Christian Churches say Islam is What does the Church of England say Islam is And in the end what space is there for genuine engagement with Islam Richard Sudworth's unique study takes as its cue the question of political theology and brings this burgeoning area of debate into dialogue with Christian-Muslim relations and Anglican ecclesiology The vexed subject of Christian-Muslim Relations provides the presenting arena to explore what political theologies enable the Church of England to engage with the diverse public square of the twenty-first century Each chapter concludes with an Anecdotes from the Field section setting themes from the chapter in the context of Richard Sudworth's own ministry within a Muslim-majority parish

**The Caliph and the Imam** Toby Matthiesen, 2023-03-09 The authoritative account of Islam's schism that for centuries has shaped events in the Middle East and the Islamic world In 632 soon after the Prophet Muhammad died a struggle broke out among his followers as to who would succeed him Most Muslims argued that the leader of Islam should be elected by the

community's elite and rule as Caliph. They would later become the Sunnis. Others who would become known as the Shia believed that Muhammad had designated his cousin and son-in-law Ali as his successor and that henceforth Ali's offspring should lead as Imams. This dispute over who should guide Muslims, the Caliph or the Imam, marks the origin of the Sunni-Shii split in Islam. Toby Matthiesen explores this hugely significant division from its origins to the present day. Moving chronologically, his book sheds light on the many ways that it has shaped the Islamic world, outlining how over the centuries Sunnism and Shiism became Islam's two main branches and how Muslim Empires embraced specific sectarian identities. Focussing on connections between the Indian subcontinent and the Middle East, it reveals how colonial rule and the modern state institutionalised sectarian divisions and at the same time led to pan-Islamic resistance and Sunni and Shii revivalism. It then focuses on the fall out from the 1979 revolution in Iran and the US-led military intervention in Iraq. As Matthiesen shows, however, though Sunnism and Shiism have had a long and antagonistic history, most Muslims have led lives characterised by confessional ambiguity and peaceful co-existence. Tensions arise when sectarian identity becomes linked to politics. Based on a synthesis of decades of scholarship in numerous languages, *The Caliph and the Imam* will become the standard text for readers looking for a deeper understanding of contemporary sectarian conflict and its historical roots.

*Revolution Beyond the Event* Charlotte Al-Khalili, Narges Ansari, Myriam Lamrani, Kaya Uzel, 2023-05-02 *Revolution Beyond the Event* brings together leading international anthropologists alongside emerging scholars to examine revolutionary legacies from the MENA region, Latin America and the Caribbean. It explores the idea that revolutions have varied afterlives that complicate the assumptions about their duration, pace and progression and argues that a renewed focus on the temporality of radical politics is essential to our understanding of revolution. Approaching revolution through its relationship to time, the book is a critical intervention into attempts to define revolutions as bounded events that act as sequential transitions from one political system to another. It pursues an ethnographically driven rethinking of the temporal horizons that are at stake in revolutionary processes, arguing that linear views of revolution are inextricably tied to notions of progress and modernity. Through a careful selection of case studies, the book provides a critical perspective on the lived realities of revolutionary afterlives, challenging the liberal humanist assumptions implicit in the modern idea of revolution and reappraising the political agency of people caught up in revolutionary situations across a variety of ethnographic contexts.

**The Sunni-Shi'a Divide** Robert Brenton Betts, 2013 Until the attacks of September 11, 2001, few Americans knew anything about Islam, let alone about the distinctions between Sunni and Shi'a, the Sufi and Wahhabi, the origins of the Holy Quraan and Shari'a law and the respect that all Muslims, even secular ones, harbor for the prophet Muhammad, his family and Islamic traditions. In *The Sunni-Shi'a Divide*, Robert Betts traces the tortuous history of Islam's sectarian divisions, emphasizing the most important one, the Shi'a departure from Sunni orthodoxy. Although the majority of Muslims remain faithful to the Sunni sect of Islam, approximately 15 percent subscribe to the Shi'a creed. As America's involvement in the Middle East drags on, Betts reiterates that

policymakers scholars and laymen alike must understand the many faces of Islam the internal forces in the United States that have brought us into these conflicts and the role of Israel in the region as escalating tensions How the increasing hostility between the two main Islamic factions plays out on the world stage as Sunni Turkey Shi a Iran and their allies vie for dominance is of major consequence for everyone especially financially strapped Europe and the United States

*Encyclopedia of Islamic Civilization and Religion* Ian Richard Netton, 2013-12-19 The Encyclopedia of Islamic Civilization and Religion provides scholarly coverage of the religion culture and history of the Islamic world at a time when that world is undergoing considerable change and is a focus of international study and debate The non Muslim world's perceptions of Islam have often tended to be dominated by unrepresentative radical extremist movements and media interpretations of events involving such movements to the extent that many people are unaware of the depth and variety of Islamic thought At the same time many who have had a formal training in Islamic studies have tended to concentrate on the traditional to the exclusion of the contemporary The Encyclopedia of Islamic Civilization and Religion covers the full range of Islamic thought in historical depth but it also provides substantial coverage of contemporary trends across the Muslim world With well over a thousand entries on Islamic theology history arts science law and institutions and coverage of Islam in individual countries and cities around the world the Encyclopedia of Islamic Civilization and Religion provides an extremely rich resource for students and researchers in religious studies and Middle Eastern studies Entries are cross referenced and bibliographies are provided There is a full index Routledge published The Quran An Encyclopedia in 2005 an excellent companion to the Encyclopedia of Islamic Civilization and Religion

**Hizbullah** Hilal Khashan,2019-10-21

This book explores the rise of Hizbullah as a direct consequence of both the Iranian Revolution and the entanglement of Lebanon in the Arab Israeli conflict Protracted civil war and overwhelming foreign intervention by Lebanon s neighbors enabled Hizbullah to emerge as the country s dominant politico military force Hizbullah disabled the Lebanese political system and in its capacity as Iran s premier foreign proxy allowed the Islamic Republic to take the lead in the regional tug of war with Israel In its quest for achieving a distinguished regional status commensurate with its ambitions Iran used Hizbullah to abort the Syrian uprising actively contribute to its burgeoning influence in Iraq and participate in its propaganda war against Saudi Arabia on a range of issues The renewed U S sanctions on Iran coincided with a worldwide campaign to dry up Hizbullah s sources of funding and compromised its integrity as a critical provider of patronage to its Lebanese Shi ite base of support The emergence of Russia as the real power player in Syria made it extremely difficult for Hizbullah to justify the high human cost it incurred to salvage the regime of Bashar Asad This book examines the rise of Hizbullah and the marginalization and repression of Shi ites that made them susceptible to exploitation by their sectarian leaders
