

Roman Dmowski Party Tactics Ideology 18951907

Peter Stachura

Roman Dmowski Party Tactics Ideology 1895-1907:

Roman Dmowski, Party, Tactics, Ideology, 1895-1907 Alvin Marcus Fountain, 1980 This is the first political biography in English of the Polish political leader Roman Dmowski 1864-1939 As champion of Polish independence before 1918 and an active leader of the National Democratic Party Dmowski's significance has generally been in the West This was particularly true of the formative years 1895-1907 which is the period of the primary focus of this volume

Rising Subjects Wiktor Marzec, 2020-05-26 Rising Subjects explores the change of the public sphere in Russian Poland during the 1905 Revolution The 1905 Revolution was one of the few bottom up political transformations and general democratizations in Polish history It was a popular rebellion fostering political participation of the working class The infringement of previously carefully guarded limits of the public sphere triggered a powerful conservative reaction among the commercial and landed elites and frightened the intelligentsia Polish nationalists promised to eliminate the revolutionary anarchy and gave meaning to the sense of disappointment after the revolution This study considers the 1905 Revolution as a tipping point for the ongoing developments of the public sphere It addresses the question of Polish socialism nationalism and antisemitism It demonstrates the difficulties in using the class cleavage for democratic politics in a conflict ridden multiethnic polity striving for an irredentist self assertion against the imperial power

The Price of Freedom Piotr S. Wandycz, 2017-07-05 The Price of Freedom surveys and explains the fascinating and intricate history of East Central Europe the present day countries of the Czech Republic Hungary Poland and Slovakia Taking a thematic approach the author explores such issues and controversies as the tension between the industrial developed West and the agrarian East Central Europe the rise of modern nationalism democracy and authoritarianism and Communism While the countries of East Central Europe have differed dramatically from one another the author asserts that they have been bound by a certain community of fate These comparisons are traced through the Middle Ages and the Early Modern era to the nineteenth and twentieth centuries This exploration reveals that it is no accident that the Czech Republic Hungary and Poland were the first among the former Soviet bloc nations to be admitted to NATO and are likely to become the first members of the expanded European Union Thus an understanding of their experiences contributions and their place within the European community of nations vastly enriches our knowledge of Europe's past and present The second edition of this distinguished book brings the history of the region up to date It discusses the events of the post communist decade of the 1990s and the problems resulting from the transition to democracy and market economy

Intermarium Marek Jan Chodakiewicz, 2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish

Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture

Jan Wacław Machajski Marshall S. Shatz, 2010-11-23 Jan Wacław Machajski's 1866-1926 political doctrine known as Makhaevism was a synthesis of several revolutionary theories in Western and Eastern Europe Marxism anarchism and syndicalism His criticism of the intelligentsia and theory of a new class were influential to Communism and helped to create a hostility that culminated in Stalin's Great Purge of the 1930s

The Origins of Modern Polish Democracy M. B. B. Biskupski, James S. Pula, Piotr J. Wróbel, 2010-04-15 The Origins of Modern Polish Democracy is a series of closely integrated essays that traces the idea of democracy in Polish thought and practice It begins with the transformative events of the mid nineteenth century which witnessed revolutionary developments in the socioeconomic and demographic structure of Poland and continues through changes that marked the postcommunist era of free Poland The idea of democracy survived in Poland through long periods of foreign occupation the trials of two world wars and years of Communist subjugation Whether in Poland itself or among exiles Polish speculation about the creation of a liberal democratic Poland has been central to modern Polish political thought This volume is unique in that it traces the evolution of the idea of democracy both during the periods when Poland was an independent country 1918-1939 and during the periods of foreign occupation before 1918 through World War II and the Communist era For those periods when Poland was not free the volume discusses how the idea of democracy evolved among exile and underground Polish circles This important work is the only single volume English language history of modern Polish democratic thought and parliamentary systems and represents the latest scholarly research by leading specialists from Europe and North America

Poland Patrice M. Dabrowski, 2014-10-01 Since its beginnings Poland has been a moving target geographically as well as demographically and the very definition of who is a Pole has been in flux In the late medieval and early modern periods the country grew to be the largest in continental Europe only to be later wiped off the map for more than a century The Polish phoenix that rose out of the ashes of World War I was obliterated by the joint Nazi Soviet occupation that began with World War II The postwar entity known as Poland was shaped and controlled by the Soviet Union Yet even under these constraints Poles persisted in their desire to wrest from their oppressors a modicum of national dignity and ultimately managed to

achieve much more than that Poland is a sweeping account designed to amplify major figures moments milestones and turning points in Polish history These include important battles and illustrious individuals alliances forged by marriages and choices of religious denomination and meditations on the likes of the Polish battle slogan for our freedom and yours that resounded during the Polish fight for independence in the long 19th century and echoed in the Solidarity period of the late 20th century The experience of oppression helped Poles to endure and surmount various challenges in the 20th century and Poland s demonstration of strength was a model for other peoples seeking to extract themselves from foreign yoke Patrice Dabrowski s work situates Poland and the Poles within a broader European framework that locates this multiethnic and multidenominational region squarely between East and West This illuminating chronicle will appeal to general readers and will be of special interest to those of Polish descent who will appreciate Poland s longstanding republican experiment

Historical Dictionary of Poland, 966-1945 Halina Lerski, 1996-01-19 The first authoritative comprehensive historical dictionary of Poland in English this volume includes over 2 000 entries on people events places and terms important to Poland s history from 966 to 1945 Entries include English and Polish language bibliographic sources The student of Polish history seeking specific information on a person or event in medieval times the troubled era leading to the late 18th century partitions of Poland and the Polish nationalist struggles before 1919 reborn Poland in the interwar years or the trauma of World War II will be amply rewarded by the accurate concise information provided in this unique historical dictionary Each of the alphabetically arranged entries is followed by pertinent bibliographic sources in both English and Polish languages A list of abbreviations a note on the Polish alphabet and a series of historical maps precede the entries Helpful cross references are provided throughout the text and in the index A general bibliography precedes the index After five years of work George Lerski completed the original manuscript in 1992 shortly before his untimely death The special editing subsequently undertaken preparatory to publication has remained faithful to the original work its concept organization and purpose

Domains and Divisions of European History Johann P. Arnason, Jóhann Páll Árnason, Natalie Doyle, 2010-01-01 The patterns of unity and division that define Europe as a historical region have been discussed in many seminal works but the complex set of questions behind its domains and divisions merits a more sustained debate The disappearance of the cold war the enlargement of the European Union and core issues of historical sociology all require an exploration of the structures and boundaries of historical formations as well as the question of European unity This volume tackles the topic of the divisions that have shaped European history head on as leading scholars in the field negotiate such issues as regional identity geographical boundaries divisional labeling and post cold war European unity

Poland, 1918-1945 Peter Stachura, 2004-06-17 Based on extensive range of Polish British German Jewish and Ukranian primary and secondary sources this work provides an objective appraisal of the inter war period Peter Stachura demonstrates how the Republic overcame giant obstacles at home and abroad to achieve consolidation as an independent state in the early 1920s made relative

economic progress created a coherent social order produced an outstanding cultural scene advanced educational opportunity and adopted constructive and even handed policies towards its ethnic minorities Without denying the defeats suffered by the Republic Peter Stachura demonstrates that the fate of Poland after 1945 with the imposition of an unwanted Soviet dominated Communist system was thoroughly undeserved **Poland, 1918-1945** Peter D. Stachura, 2004 Poland 1918 1945 is a challenging revisionist analysis and interpretation supported by documentary evidence of a crucial and controversial period in Poland's recent history Poland, a Country Study United States. Department of the Army, 1983 General study of Poland covers history demographic aspects and geographical aspects social structure religious practice education health the economy agricultural sector industrial sector infrastructure trade external debt government politics political opposition international relations defence military service administration of justice etc Bibliography glossary maps organigram photographs statistical tables **Spanish Carlism and Polish Nationalism** Marek Jan Chodakiewicz, John Radzilowski, While both Spain and Poland developed genteel cultures grounded in Catholic religion and experienced periods of growth followed by long decline it is also the case that large differences in political economy and military structures also existed Thus while Spain merely declined in power Poland was partitioned by three powerful and rapacious neighbors The Catholic and conservative elements that have been strong in both Poland and Spain have often been portrayed as obscure nativist and racist and even fascist The purpose of this volume is to move beyond the simplistic vision this created about both countries into a more balanced and careful appraisal of tradition and development Puncturing this stereotype Eugene Genovese wryly notes that as every schoolboy knows Europe's Catholic Right has consisted of reactionaries who began in the service of residual feudal landowners and ended in support of big capital's exploitation and oppression of the masses Still the totalitarian horrors of the twentieth century proved prescient the warnings of the Catholic traditionalist Right about the consequences of radical democracy and cultural nihilism These splendid essays as readable as they are scholarly launch a long overdue assessment of vital political events Ewa Thompson professor of Slavic Studies at Rice University writes The fall of Communism facilitated growth of research in areas previously difficult to access One such area is Polish interest in Spain the history of the Catholic Right in Europe This pioneering volume explores both narratives and succeeds in showing that they are related The similarities have to do with the symmetrical positions of Poland and Spain as frontiers of Europe against invasions from Islam The present collection of papers explores recent history developing against this background

Civilizing Missions in the Twentieth Century, 2020-09-25 The civilizing mission associated with nineteenth century colonialism became harder to justify after the First World War In an increasingly anti imperialist culture elites reformulated schemes for the improvement of inferior societies Nation building social engineering humanitarianism modernization or the spread of democracy were used to justify outside interventions and the top down transformation of non western international or even domestic societies The contributions in *Civilizing Missions in the Twentieth Century* discuss how these justifications

influenced Polish nation building Scandinavian disarmament proposals and technocratic social policies in the interwar years Treatment of the second half of the century covers the changing cultural context of European humanitarianism as well as the influence of American social science on US foreign policy more particularly democracy promotion Contributors are Boris Barth Rolf Hobson J rgen Osterhammel Frank Ninkovich Bianka Pietrow Ennker Karen Gram Skjoldager Esther Moeller and Jost D lffer

World War I Spencer C. Tucker, 2014-10-28 Offering exhaustive coverage detailed analyses and the latest historical interpretations of events this expansive five volume encyclopedia is the most comprehensive and detailed reference source on the First World War available today One hundred years after the beginning of World War I in 1914 this conflict still stands as perhaps the most important event of the 20th century World War I toppled all of the existing empires at the time transformed the Middle East and vaulted the United States to becoming the world s leading economic power Its effects were profound and lasting and included outcomes that led to World War II This multivolume encyclopedia provides a wide ranging examination of World War I that covers all of the important battles key individuals both civilian and military weapons and technologies and diplomatic social political cultural military and economic developments Suitable as a reference tool for high school and undergraduate students as well as faculty members and graduate level researchers World War I The Definitive Encyclopedia and Document Collection offers accessible in depth information and up to date analyses in a format that lends itself to quick and easy use The set comprises alphabetically arranged cross referenced entries accompanied by further reading selections as well as a comprehensive bibliography A fifth volume provides chronologically arranged documents and an A Z index

Roman Dmowski ,1977 Cosmopolitanism, Nationalism and the Jews of East Central Europe Michael Miller, Scott Ury, 2016-01-22 Since ancient times Jews have had a long and tangled relationship to cosmopolitanism Torn between a longstanding commitment to other Jews and the pressure to integrate into various host societies many Jews have sought a third seemingly neutral option that of becoming citizens of the world cosmopolitans Few regions witnessed such intense debates on these questions as the lands of East Central Europe as they entered the modern era From Berlin to Moscow and from Vilna to Bucharest the Jews of East Central Europe were repeatedly torn between people nation and the world While many Jews and individuals of Jewish descent embraced cosmopolitan ideologies and movements across the span of the nineteenth century such appeals to transcend the nation became increasingly suspect with the rise of integral nationalism In Germany Poland Russia and other lands Jews and other supporters of cosmopolitan movements were marginalized during the late nineteenth and early twentieth centuries Although such sentiments reached their peak during the Second World War anti cosmopolitan propaganda continued throughout the Cold War when it often became an integral part of anti Jewish campaigns in the Soviet Union Czechoslovakia Poland and Romania Even after the end of the Cold War the connection between Jews and cosmopolitanism continues to befuddle ideologues cultural leaders and politicians in Europe North America and Israel The fourteen chapters amassed in this volume address these and other questions including What

lies at the roots of the longstanding connection between Jews and cosmopolitanism How has this relationship changed over time What can different cultural economic and political developments teach us about the ongoing attraction and tension between Jews and cosmopolitanism And what can these test cases tell us about the future of Jews and cosmopolitanism in the twenty first century This book was originally published as a special issue of the European Review of History Laboratory for World Destruction Robert S. Wistrich, 2007 Published and distributed for the Vidal Sassoon International Center for the Study of Antisemitism During the sixty years between the founding of Bismarck's German Empire and Hitler's rise to power German speaking Jews left a profound mark on Central Europe and on twentieth century culture as a whole How would the modern world look today without Einstein Freud or Marx Without Mahler Schoenberg Wittgenstein or Kafka Without a whole galaxy of other outstanding Jewish scientists poets playwrights composers critics historians sociologists psychoanalysts jurists and philosophers How was it possible that this vibrant period in Central European cultural history collapsed into the horror and mass murder of the Nazi Holocaust Was there some connection between the dazzling achievements of these Jews and the ferocity of the German backlash Robert S Wistrich's Laboratory for World Destruction is a bold and penetrating study of the fateful symbiosis between Germans and Jews in Central Europe which culminated in the tragic denouement of the Holocaust Wistrich shows that the seeds of the catastrophe were already sown in the Hapsburg Empire which would become in Karl Kraus's words an experimental station in the destruction of the world Featured are incisive chapters on Freud Herzl Lueger Kraus Nordau Nietzsche and Hitler along with a sweeping panorama of the golden age of Central European Jewry before the lights went out in Europe God's Playground A History of Poland Norman Davies, 2005-02-24 This new edition of Norman Davies's classic study of the history of Poland has been revised and fully updated with two new chapters to bring the story to the end of the twentieth century The writing of Polish history like Poland itself has frequently fallen prey to interested parties Professor Norman Davies adopts a sceptical stance towards all existing interpretations and attempts to bring a strong dose of common sense to his theme He presents the most comprehensive survey in English of this frequently maligned and usually misunderstood country **Poland between the Wars, 1918-1939** Peter D. Stachura, 1998-12-13 Incorporating selective papers from a successful conference organised by the Polish Society this book presents challenging and frequently revisionist views on a variety of controversial themes relating to the interwar Polish Republic including its struggle over Upper Silesia the question of national identity and its ethnic minorities the significance of the Battle of Warsaw the role of the press and its defence preparations in 1939 The volume thus makes an important contribution to scholarly debate of a crucial period in Poland's recent history

Roman Dmowski Party Tactics Ideology 18951907 Book Review: Unveiling the Magic of Language
