Moncrieff, Donald MacKenzie, 2010-01 PREFACE This volume deals with the prose or verse tales styled Romances as told in one of the Romance languages being mainly indeed of French origin Some of them based upon poetic legends that often seem a distortion of historical events others more consciously woven to pattern from mingled strains of fact and fancy they all come under a general definition as stories which with knights for their heroes illustrate the manners and ideas of mediaeval chivalry Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork

Legends and Romances of Spain Lewis Spence, 1920-01-01 Since the days of Southey the romantic literature of Spain has not received from English writers and critics the amount of study and attention it undoubtedly deserves In no European country did the seeds of Romance take root so readily or blossom so speedily and luxuriantly as in Spain which perhaps left the imprint of its national character more deeply upon the literature of chivalry than did France or England When we think of chivalry do we not think first of Spain of her age long struggle against the pagan invaders of Europe her

sensitiveness to all that concerned personal and national honour of the names of the Cid Campeador Gayferos and Gonzalvo de Cordova gigantic shadows in harness a pantheon of heroes which the martial legends of few lands can equal and none surpass The epic of our British Arthur the French chansons de gestes are indebted almost as much to folklore as to the imagination of the singers who first gave them literary shape But in the romances of Spain we find that folklore plays an inconsiderable part and that her chivalric fictions are either the offspring of historic happenings or of that brilliant and glowing imagination which illumines the whole expanse of Peninsular literature I have given more space to the proofs of connexion between the French chansons de gestes and the Spanish cantares de gesta than most of my predecessors who have written of Castilian romantic story Indeed with the exception of Mr Fitzmaurice Kelly whose admirable work in the field of Spanish letters forms so happy an exception to our national neglect of a great literature I am aware of no English writer who has concerned himself with this subject My own opinion regarding the almost total lack of Moorish influence upon the Spanish romancers is in consonance with that of critics much better qualified to pass judgment upon such a question But for my classification of the ballad I am indebted to no one and this a long devotion to the study of ballad literature perhaps entitles me to make I can claim too that my translations are not mere paraphrases but provide renderings of tolerable accuracy I have made an earnest endeavour to provide English readers with a conspectus of Spanish romantic literature as expressed in its cantares de gesta its chivalric novels its romancers or ballads and some of its lighter aspects The reader will find full accounts and summaries of all the more important works under each of these heads many of which have never before been described in English If the perusal of this book leads to the more general study of the noble and useful Castilian tongue on the part of but a handful of those who read it its making will have been justified The real brilliance and beauty of these tales lie behind the curtains of a language unknown to most British people and can only be liberated by the spell of study This book contains merely the poor shadows and reflected wonders of screened and hidden marvels

The Orient in Chaucer and Medieval Romance Carol Falvo Heffernan,2003 A study of romance and the Orient in Chaucer and in anonymous popular metrical romances The idea of the Orient is a major motif in Chaucer and medieval romance and this new study reveals much about its use and significance setting the literature in its historical context and thereby offering fresh new readings of anumber of texts The author begins by looking at Chaucer s and Gower s treatment of the legend of Constance as told by the Man of Law demonstrating that Chaucer s addition of a pattern of mercantile details highlights the commercial context of the eastern Mediterranean in which the heroine is placed she goes on to show how Chaucer s portraits of Cleopatra and Dido from the Legend of Good Women read against parallel texts especially in Boccaccio reveal them to be loci of medieval orientalism She then examines Chaucer s inventive handling of details taken from Eastern sources and analogues in the Squire s Tale showing how he shapes them into the western form ofinterlace The author concludes by looking at two romances *Floris and Blancheflur* and *Le Bone Florence of Rome* she argues that elements in *Floris* of sibling incest are legitimised into a quest for the beloved and demonstrates that *Le Bone Florence* be related to analogous oriental
