Romania 40 Years 1944 1984:

Romania Vladimir Georgescu, 1985-08-15 Communist Romania is 40 years old a long enough time span for judging the successes and failures of a regime Headed by Dr Vlad Georgescu a group of Radio Free Europe analysts has tried to answer some of the questions that have emerged during this almost half century of Communist impact on the East European country of Romania the economic transformation social changes cultural and intellectual developments The Romanian case makes it clear that change and development do not always mean progress Special attention has been given to Romania's foreign policy Written by scholars with first hand experience and knowledge in Romanian affairs the book represents a much needed contribution to the history of a regime generally treated with unusual generosity by Western scholars **Central and**

Eastern Europe, 1944-1993 Tibor Iván Berend, 1996 An ambitious comparative analysis of Eastern Bloc economies during a period of revolutionary change **Romania After Tyranny** Daniel N Nelson, 2019-06-19 In 1973 Romanians were beginning to recognize that the regime of Nicolae Ceausescu contrary to what his first five or six years in power seemed to imply would bring no respite from communism Instead after a 1971 mini cultural revolution ended hope for a Bucharest spring and intellectual latitude was curtailed further in 1972-73 the ominous possibilities of Ceausescu were becoming evident In 1973 I went to Romania on a dissertation research grant from the International Research and Exchanges Board It was a year in which wide ranging survey research was still possible But it was also a time when historians and writers who had different ideas or workers who gave thought to non party union organization felt the heavy hand of Ceausescu's Securitate As happens to most graduate students and their field research it was a formative experience with indelible impressions that remain today

War in the Balkans Richard C. Hall, 2014-10-09 This authoritative reference follows the history of conflicts in the Balkan Peninsula from the 19th century through the present day The Balkan Peninsula which consists of Albania Bulgaria Romania Moldova and the former Yugoslavia resides in the southeastern part of the European continent Its strategic location as well as its long and bloody history of conflict have helped to define the Balkans role in global affairs This singular reference focuses on the events individuals organizations and ideas that have made this region an international player and shaped warfare there for hundreds of years Historian and author Richard C Hall traces the sociopolitical history of the area starting with the early internal conflicts as the Balkan states attempted to break away from the Ottoman Empire to the assassination of Archduke Franz Ferdinand that ignited World War I to the Yugoslav Wars that erupted in the 1990s and the subsequent war crimes still being investigated today Additional coverage focuses on how these countries continue to play an important role in global affairs and international politics **Romania** Vlad Georgescu, 1985-01-01 [Pressures for Reform in the East](#)

[European Economies](#), 1989 **Women in the Age of Economic Transformation** Nahid Aslanbeigui, Steven

Pressman, Gale Summerfield, 2005-08-04 Changes are sweeping the world economy and are most apparent in post socialist Europe and in the developing world This volume examines the impact these changes are having on women The authors

discuss the evidence of gender bias and reach some telling if unsurprising conclusions Regardless of the country involved the findings point to consistent female disadvantage in the transformation process

The Romanian Revolution of December 1989 Peter Siani-Davies, 2007 The Romanian Revolution of 1989 was the most spectacularly violent and remains today the most controversial of all the East European upheavals of that year Despite or perhaps because of the media attention the revolution received it remains shrouded in mystery How did the seemingly impregnable Ceausescu regime come to be toppled so swiftly and how did Ion Iliescu and the National Salvation Front come to power Was it by coup d'état Who were the mysterious terrorists who wreaked such havoc on the streets of Bucharest and the other major cities of Romania Were they members of the notorious securitate What was the role of the Soviet Union Blending narrative with analysis Peter Siani-Davies seeks to answer these and other questions while placing the events and their immediate aftermath within a wider context Based on fieldwork conducted in Romania and drawing heavily on Romanian sources including television and radio transcripts official documents newspaper reports and interviews this book is the most thorough study of the Romanian Revolution that has appeared in English or any other major European language Recognizing that a definitive history of these events may be impossible Siani-Davies focuses on the ways in which participants interpreted the events according to particular scripts and myths of revolution rooted in the Romanian historical experience In the process the author sheds light on the ways in which history and the conflicting retellings of the 1989 events are put to political use in the transitional societies of Eastern Europe

Contemporary Romanian Cinema Dominique Nasta, 2013-11-19 Over the last decade audiences worldwide have become familiar with highly acclaimed films from the Romanian New Wave such as *4 Months 3 Weeks and 2 Days* 2007 *The Death of Mr. Lazarescu* 2005 and *12.08 East of Bucharest* 2006 However the hundred or so years of Romanian cinema leading to these accomplishments have been largely overlooked This book is the first to provide in depth analyses of essential works ranging from the silent period to contemporary productions In addition to relevant information on historical and cultural factors influencing contemporary Romanian cinema this volume covers the careers of daring filmmakers who approached various genres despite fifty years of Communist censorship An important chapter is dedicated to Lucian Pintilie whose seminal work *Reconstruction* 1969 strongly inspired Romania's 21st century innovative output The book's second half closely examines both the minimalist trend Cristian Mungiu Cristi Puiu Corneliu Porumboiu Radu Muntean and the younger but no less inspired directors who have chosen to go beyond the 1989 revolution paradigm by dealing with the complexities of contemporary Romania

Kim Il Sung in the Khrushchev Era Balázs Szalontai, 2005 Concentrating on the years 1953-64 this history describes how North Korea became more despotic even as other Communist countries underwent de-Stalinization The author's principal new source is the Hungarian diplomatic archives which contain extensive reporting on Kim Il Sung and North Korea thoroughly informed by research on the period in the Soviet and Eastern European archives and by recently published scholarship Much of the story surrounds Kim Il Sung his Korean nationalism

and eagerness for Korean autarky his efforts to balance the need for foreign aid and his hope for an independent foreign policy and what seems to be his good sense of timing in doing in internal rivals without attracting Soviet retaliation Through a series of comparisons not only with the USSR but also with Albania Romania Yugoslavia China and Vietnam the author highlights unique features of North Korean communism during the period Szalontai covers ongoing effects of Japanese colonization the experiences of diverse Korean factions during World War II and the weakness of the Communist Party in South Korea

Realism and Democracy Elliott Abrams, 2017-09-12 This book makes a realpolitik argument for supporting democracy in the Arab world drawing on four decades of policy experience

Annual Report Woodrow Wilson International Center for Scholars, 1980

The Politics of Duplicity Gail Kligman, 2023-09-01 The political hypocrisy and personal horrors of one of the most repressive anti abortion regimes in history came to the world s attention soon after the fall of Romanian dictator Nicolae Ceausescu Photographs of orphans with vacant eyes sad faces and wasted bodies circled the globe as did alarming maternal mortality statistics and heart breaking details of a devastating infant AIDS epidemic Gail Kligman s chilling ethnography of the state and of the politics of reproduction is the first in depth examination of this extreme case of political intervention into the most intimate aspects of everyday life Ceausescu s reproductive policies among which the banning of abortion was central affected the physical and emotional well being not only of individual men women children and families but also of society as a whole Sexuality intimacy and fertility control were fraught with fear which permeated daily life and took a heavy moral toll as lying and dissimulation transformed both individuals and the state This powerful study is based on moving interviews with women and physicians as well as on documentary and archival material In addition to discussing the social implications and human costs of restrictive reproductive legislation Kligman explores the means by which reproductive issues become embedded in national and international agendas She concludes with a review of the lessons the rest of the world can learn from Romania s tragic experience The political hypocrisy and personal horrors of one of the most repressive anti abortion regimes in history came to the world s attention soon after the fall of Romanian dictator Nicolae Ceausescu Photographs of orphans with vacant eyes sad faces and w

Cold War Perceptions Elena Dragomir, 2015-01-12 This book investigates Romania s early 1960s change in policy towards the Soviet Union focusing on two questions in particular namely what actually changed and why this change occurred Drawing from recently declassified archive materials this book utilises a perceptual approach and a paradigm which argues that post war Romania allied not against the threat but with the perceived threat the USSR Focusing on the proximate causes triggering this policy change it investigates the emergence of Romania s opposition to the USSR predominantly through two case studies the CMEA reform process and the Sino Soviet dispute The book focuses on the

period between 1960 and 1964 between Romania's first categorical albeit non public and indirect opposition to the USSR and the issuing of the declaration marking Romania's first public and official although indirect acknowledgement of disagreements with the USSR This book examines the proximate causes of Romania's policy change towards the Soviet Union and their roots in Romanian leaders' perceptions of the threats posed to the nation's interests by various specific Soviet policies such as the attempts to impose the CMEA integration or a strong collective riposte against China Through its findings the book provides new research perspectives on Romanian Soviet post war relations and on the role of the leaders' beliefs in Romania's foreign policy choices It will also serve as a starting point for a more detailed understanding of the unusual present day relations between Romania and the Russian Federation *Strategic Calling* James Allen Smith,1993

A History of Romania Ioan Bolovan,1996 **Votes and Violence** Steven Wilkinson,2006-11-23 Why do ethnic riots break out when and where they do Why do some governments try to prevent ethnic riots while others do nothing or even participate in the violence In this book Steven I Wilkinson uses collected data on Hindu Muslim riots socio economic factors and competitive politics in India to test his theory that riots are fomented in order to win elections and that governments decide whether to stop them or not based on the likely electoral cost of doing so He finds that electoral factors account for most of the state level variation in Hindu Muslim riots explaining for example why riots took place in Gujarat in 2002 but not in many other states where militants tried to foment violence The general electoral theory he develops for India is extended to Ireland Malaysia and Romania as Wilkinson shows that similar political factors motivate ethnic violence in many different countries *Romania a country study* ,1991 *The Wedding of the Dead* Gail Kligman,2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1988
