Romanians And Romania:

Romanians and Romania Ioan Aurel Pop,1999 The volume provides a comprehensive yet brief analysis of the evolution of Romanian history and civilization from the first century BC to the present Its principal attraction to readers is the conceptual and analytical approach designed to provide an intelligent yet scholarly overview of Romanian history and a clear understanding of the problems facing the country rooted in that history in the post communist period of transition of the 1990s and most likely also in the new millennium The Identity of Romania Keith Hitchins,2009 *The Romanians, 1774-1866* Keith Hitchins,1996 This original and ground breaking work examines the building of the European nation which became Romania in 1859 The evolution of the Romanians in the century between the 1770s and the 1860s was marked by a transition from long established agrarian economic and social structures locked into an essentially medieval political system to a society moulded by urban and industrial values and held together by allegiance to the nation state This fascinating analysis of the building of a European nation state is the first detailedf account of the Romanians during this dramatic period

Romania Kristin Van Cleaf,2010-09-01 Describes history land plants animals people economy cities transportation government holidays festivals and sports leisure of Romania A Brief Illustrated History of Romanians Neagu Djuvara,2018 **Times New Romanian** Nigel Shakespeare,2017-09-05 Times New Romanian provides a picture of Romania today through the individual first person narratives of people who chose to go and make a life in this country A Short History of Romania Ion Bulei,2005 Language and Travel Guide to Romania Rosemary Rennon,2007 Rosemary Rennon discovered Romania in 1993 when she went hunting for the small village where her father was born She was captivated by its scenery and by the simplicity of a country just awakening from its long communist nightmare Unfamiliar to many due to its long isolation Romania is comprised of five distinct regions resulting from both their unique landscapes and their historical populations of Dacians Romanians Germans Hungarians and Turks In addition to its rolling green hills and valleys with the arc of the Carpathian mountain chain in its centre the country s southeastern region on the Black Sea provides a massive wildlife refuge as well as miles of sandy beach resorts Its cities are filled with outstanding architectural gems and modern activities All this plus a fascinating turbulent history and the lovely Romanian tongue considered by many to be the original romance language belong to a culture one will never want to leave **Romanians in Western Europe** Remus Gabriel Anghel,2013-07-22 In recent years Romanians have become the second largest migrant group in Western Europe Following the liberalization of border controls and the massive economic and political changes in Eastern Europe human mobility has increased and is becoming a permanent feature of post Cold War Europe The arrival of many Eastern Europeans with Romanians being the largest migrant group has produced public concerns on immigration in some West European countries This is particularly the case in Italy where Romanian irregular migrants are often stigmatized as poor troublemakers by authorities and the mass media This book challenges such commonly held assumptions that artificially divide migrants into

categories of wished and unwished immigrants winners and losers of international migration This book compares two migrant groups The first is composed of ethnic Germans who migrated legally from Timisoara Romania to Nuremberg Germany The second is made up of those who migrated irregularly from Borsa Romania to Milan Italy The analysis highlights a paradoxical situation Irregular Romanian migrants in Milan had fewer rights and opportunities yet through migration they gained prestige and came to enjoy a sense of success Alternately the Germans who had migrated to Nuremberg who received more rights and opportunities perceived that they had suffered a loss of social prestige The focus on migrants social status employed in the book seeks to clarify this puzzle and provide an analytical framework for researching the linkages between the migration and incorporation of Romanians who are today European citizens and European states migration policies and migrant transnationalism

Romania as a Tourist Destination and the Romanian Hotel Industry Smaranda Cosma, Adina Negrusa, Cornelia Pop, 2008-12-18 By the end of the 1970s Romania tourism was blooming and the hotel industry appeared to be strong and healthy That bright period is still vivid in the minds of several generations of Romanians including the present politicians who believed that foreign tourists did not forget their time spent in Romania experiencing its beautiful landscapes and Romanians' traditional hospitality In this respect the book's aim is to analyse the evolution of the Romanian tourism and hotel industry after 1990s until now Does Romanian tourism reach the level of development from the golden age of 1970s How well developed is the Romanian hotel industry Has Romania managed to build a country brand and differentiate with certain forms

of tourism from other countries competing in this area. By addressing and debating this issue, the book Romania as a tourist destination and the Romanian hotel industry is must reading for practitioners in the tourism business like business managers, owners, consultants, corporate financiers, private investors and should also be of particular interest to academic community especially students in the business and tourism subject related areas. *Romania in Pictures* Ann Kerns, 2006-07-27

Describes the history, government, economy, people, geography and culture of Romania. **A Brief Illustrated History of Romanians** Neagu Djuvara, 2017. **Romania**, 1973. **100 Years since the Great Union of Romania** Dan Dungaciu, Viorella Manolache, 2019-11-06. 100 Years since the Great Union of Romania is a pertinent witness to the course of Romanian political thinking. It confirms that December 1918 demands to be celebrated as a fundamental historical event which imparts a prominent force to the continuing dynamics of the preposition since potentiating it not only with the structural valences of the initial moment and the starting point but also giving it the meaning of the plenary symbols of a historical act which after 100 years celebrates its establishment by reaffirming and confirming its fully mature vocation. This volume is dedicated to the 100 years since the Great Union of all Romanians. It will appeal to the wider academic community, PhD students, professors and researchers and to any reader interested in history, history of political thought, political philosophy and science or international relations.
