Literary Passports Shachar Pinsker,2010-12-13 *Literary Passports* is the first book to explore modernist Hebrew fiction in Europe in the early decades of the twentieth century It not only serves as an introduction to this important body of literature but also acts as a major revisionist statement freeing this literature from a Zionist nationalist narrative and viewing it through the wider lens of new comparative studies in modernism The book's central claim is that modernist Hebrew prose fiction as it emerged from 1900 to 1930 was shaped by the highly charged encounter of traditionally educated Jews with the revolution of European literature and culture known as modernism The book deals with modernist Hebrew fiction as an urban phenomenon explores the ways in which the genre dealt with issues of sexuality and gender and examines its depictions of the complex relations between tradition modernity and religion **Käsebier Takes Berlin** Gabriele Tergit,2019-07-30 In English for the first time a panoramic satire about the star making machine set in celebrity obsessed Weimar Berlin In Berlin 1930 the name Käsebier is on everyone's lips A literal combination of the German words for cheese and beer it's an unglamorous name for an unglamorous man a small time crooner who performs nightly on a shabby stage for laborers secretaries and shopkeepers Until the press shows up In the blink of an eye this everyman is made a star a star who can sing songs for a troubled time Margot Weissmann the arts patron hosts champagne breakfasts for Käsebier Muschler the

Berlin David Clay Large, 2007-10-15 In the political history of the past century no city has played a more prominent though often disastrous role than Berlin At the same time Berlin has also been a dynamic center of artistic and intellectual innovation If Paris was the Capital of the Nineteenth Century Berlin was to become the signature city for the next hundred years Once a symbol of modernity in the Thirties it became associated with injustice and the abuse of power After 1945 it became the iconic City of the Cold War Since the fall of the Wall Berlin has again come to represent humanity's aspirations for a new beginning tempered by caution deriving from the traumas of the recent past David Clay Large's definitive history of Berlin is framed by the two German unifications of 1871 and 1990 Between these two events several themes run like a thread through the city's history a persistent inferiority complex a distrust among many ordinary Germans and the national leadership of the unloved city's electric atmosphere fast tempo and tradition of unruliness its status as a magnet for immigrants artists intellectuals and the young the opening up of social economic and ethnic divisions as sharp as the one created by the Wall
