The Romanovs Simon Sebag Montefiore, 2016-05-03 NEW YORK TIMES BESTSELLER From the national bestselling author of *Stalin* An epic history on the grandest scale Financial Times about the most successful dynasty of modern times a family who created the world's greatest empire and then lost it all An essential addition to the library of anyone interested in Russian history The New York Times Book Review The Romanovs ruled a sixth of the world's surface for three centuries How did one family turn a war ruined principality into the world's greatest empire And how did they lose it all This is the intimate story of twenty tsars and tsarinas some touched by genius some by madness but all inspired by holy autocracy and imperial ambition Simon Sebag Montefiore's gripping chronicle reveals their secret world of unlimited power and ruthless empire building overshadowed by palace conspiracy family rivalries sexual decadence and wild extravagance Drawing on new archival research Montefiore delivers an enthralling epic of triumph and tragedy love and murder that is both a universal study of power and a portrait of empire that helps define Russia today [THE BLOOD JEWELS](#) J. A. Wallace, 2020-09-01 A stolen diamond bracelet leads to murder a secret Mossad mission and Kate's long lost mother A gripping mystery populated with memorable characters and a strong willed protagonist Agatha Christie fans will love it Highly recommended The Wishing Shelf Book Awards Editorial Review [The Race to Save the Romanovs](#) Helen Rappaport, 2018-06-26 In this international bestseller investigating the murder of the Russian Imperial Family Helen Rappaport embarks on a quest to uncover the various plots and plans to save them why they failed and who was responsible The murder of the Romanov family in July 1918 horrified the world and its aftershocks still reverberate today In Putin's autocratic Russia the Revolution itself is considered a crime and its anniversary was largely ignored In stark contrast the centenary of the massacre of the Imperial Family was commemorated in 2018 by a huge ceremony attended by the Patriarch of the Russian Orthodox Church While the murders themselves have received major attention what has never been investigated in detail are the various plots and plans behind the scenes to save the family on the part of their royal relatives other governments and Russian monarchists loyal to the Tsar Rappaport refutes the claim that the fault lies entirely with King George V as has been the traditional view for the last century The responsibility for failing the Romanovs must be equally shared The question of asylum for the Tsar and his family was an extremely complicated issue that presented enormous political logistical and geographical challenges at a time when Europe was still at war Like a modern day detective Helen Rappaport draws on new and never before seen sources from archives in the US Russia Spain and the UK creating a powerful account of near misses and close calls with a heartbreaking conclusion With its up to the minute research *The Race to Save the Romanovs* is sure to replace outdated classics as the final word on the fate of the Romanovs *The Romanov Mission* Robert Jackson, 2016-12-21 1918 Russia Revolution has descended Russia into a bitter civil war Already Allied intervention forces are ranging themselves alongside loyalist White Russians in the expanding struggle against the Bolshevik revolutionaries It is a war without pity for the terrible

The Empire Project John Darwin,2009-09-24 The British Empire wrote Adam Smith has hitherto been not an empire but the project of an empire and John Darwin offers a magisterial global history of the rise and fall of that great imperial project The British Empire he argues was much more than a group of colonies ruled over by a scattering of British expatriates until eventual independence It was above all a global phenomenon Its power derived rather less from the assertion of imperial authority than from the fusing together of three different kinds of empire the settler empire of the white dominions the commercial empire of the City of London and Greater India which contributed markets manpower and military muscle This unprecedented history charts how this intricate imperial web was first strengthened then weakened and finally severed on the rollercoaster of global economic political and geostrategic upheaval on which it rode from beginning to end
