The Roman Catholic Church - A Critical Appraisal Hendrick Park, 2008-03 The Roman Catholic Church is the largest denomination with 1.1 billion adherents Recently the pope Benedict XVI reasserted that the Catholic Church is the only true church founded by Christ Today there is a pervasive indifference as to the question what is the true Christianity This is a serious situation because there are numerous false or only partly true versions of Christianity The author of this book attempts a critical appraisal of the Roman Catholic Church by the criteria of the Bible and history The conclusion he reached

is that the Catholic Church is a perversion of the Christianity of the New Testament The author believes that he has substantiated the proposition that there are many unbiblical pagan elements in the Church To give one example the monarchical papacy and the authoritarian church structure developed after the model of the authoritarian government of the ancient Roman Empire No wonder that its official name is the Roman Catholic Church A theologian and a minister Received a doctorate in systematic theology from the University of Toronto He did the ministerial work for 17 years in the United Church of Canada Took early retirement in 1990 to study and write books which is he feels the talent and his main vocation he has received from God He respects the Bible as containing the revealed word of God According to the prophets of God justice and mercy and the pure preservation of the true religion of God are God s two major concerns He believes that God s major concerns should be all Christians major concerns as well The Roman Catholic Church A Critical Appraisal was written from that perspective in order to attest to the true religion of God and to keep Christians from heading onto the wrong path

The 18Inch Principle Mike Burnard,2015-07-14 This book does not provide neutral ground Once youve read it you either hate it and reject it or you love and embrace it The 18 Inch Principle confronts us with a U turn in the field of missions Church and missions are not two separate realities missions is constitutive to the Church The very existence of the Church is missional However for Mike Burnard mission is not entertainment religious tourism professional speeches or philanthropic projects Drawing from Biblical principles and a long experience with the persecuted Church Mike argues convincingly that mission is both the embodiment of the Gospel in the life of every true believer and a clear proclamation of the Gospel to a lost world Willingness to endure persecution suffering and martyrdom for the Gospel is the genuine mark of Biblical mission Paul Negrut PhD Professor of Theology Emanuel University of Oradea Romania and Pastor of the Emanuel Baptist Church of Oradea Romania I have finally finished reading the 18 Inch Principle WOW What an amazing truthful book I just wish every Christian could get their hands on a copy I think the content of the book doesnt only apply to missions but to every God fearing Christian I have shed many tears throughout the book and after your conclusion I just wept I have learnt a lot and it has been such a blessing to me Gigi Raimbault Student at Africa for Jesus Mission School One of the most profound books I have ever read We are challenged in an unprecedented way to follow in the steps of Jesus The commitment needed to bring in the end time harvest is clearly spelled out The plight of the lost millions without Jesus depends on our commitment to be obedient to a sacrificial lifestyle Christo Walters Missions mobiliser Gauteng If you are looking for fluffy feel good then this book is not for you Be prepared for a challenging read that will evoke raw emotion disagreement agreement inspiration and hopefully action We have been given all things equipped washed clean for the work God has called all of us to do Its time to leave the physical building we like to call the Church but isnt and get out there and get busy So strap yourself in have your pen and highlighter handy take your time and thank God for this amazing journey Curt Vahle Just a guy from Indianapolis Indiana Birth of Christianity John Dominic Crossan,1999-04-01 John Dominic Crossan explores the lost years of earliest

Christianity the years immediately following Jesus execution He establishes the contextual setting through a combination of literary anthropological historical and archaeological approaches He challenges the assumptions about the role of Paul and the meaning of resurrection and forges a new understanding of the birth of the Christian church Here is a vivid account of early Christianity s interaction with the world around it and of the new traditions and communities established as Jesus companions continued their movement after his death *Acts: An Exegetical Commentary : Volume 2* Craig S.

Despite their rich tradition of social concern Protestants have historically struggled to articulate why whether and how to challenge unethical social structures This book introduces Protestants to the biblical and historical background of Christian social ethics inviting them to understand the basis for social action and engage with the broader tradition It embraces and explains long standing Christian reflection on social ethics and shows how Scripture and Christian history connect to current social justice issues Each chapter includes learning outcomes and chapter highlights **The Forgiveness Project** Michael

Barry,2019 All religions value forgiveness but only Christianity requires it Internalizing anger is destructive to our spiritual health and can destroy families marriages and even churches But what about our physical health Is there a relationship between a spirit of unforgiveness and cancer Between forgiveness and healing How do you really forgive After thorough medical theological and sociological research and clinical experience at Cancer Treatment Centers of America CTCA author and pastor Michael Barry has made a startling discovery the immune system and forgiveness are very much connected Through the inspiring stories of five cancer patients Barry helps readers identify and overcome the barriers that prevent healing and peace See how a breast cancer patient named Jayne experienced spiritual and physical renewal when she learned to forgive Meet Cathy whose story illustrates how forgiveness can positively change relationships Be inspired by Sharon s story of spontaneous remission With each true account comes proven strategies tested and used by CTCA that readers can implement to find peace with their past relief from their hatefulness and hope for healing Competing titles may talk about forgiveness but none specifically address the connection between forgiveness and physical health or offer forgiveness as a specific step toward healing from cancer The Forgiveness Project presents scientific findings in easy to understand accessible language and offers practical steps to help Christians let go of past wrongs and find peace *The*
