The Suffering Traveller and the Romantic Imagination Carl Thompson, 2007-05-31

Carl Thompson explores the romance that can attach to the notion of

suffering in travel and the importance of the persona of suffering traveller in the Romantic self fashionings of figures such as Wordsworth and Byron Situating such self fashionings in the context of the upsurge of tourism in the late eighteenth century he shows how the Romantics sought to differentiate themselves from mere tourists by following alternative models and alternative travel scripts in both their travelling and their travel writing In a rejection of the more conventional roles of picturesque tourist and Grand Tourist Romantic travellers often preferred to style themselves as heroic explorers oppressed and endangered mariners even shipwreck victims The Suffering Traveller and the Romantic Imagination accordingly returns to the sub genres of Romantic era travel writing the shipwreck narrative the exploration narrative the captivity narrative and the like that first kindled the Romantic fascination with these figures to consider the travel scripts seemingly enabled by this source material Paying particular attention to the narratives of shipwreck and maritime suffering that were a hugely popular part of Romantic era print culture and to the equally popular narrative of exploration the book considers firstly the examples traditions and conventions that trained Romantic travellers to think that misadventure as much as adventure could be a route to visionary experience and literary authority It then explores the political resonance that the figure of the suffering traveller could possess in this Revolutionary era before treating Wordsworth and Byron as especially influential examples of the misadventurous tendency in Romanticism In so doing The Suffering Traveller and the Romantic Imagination offers interesting new perspectives not only on British Romanticism and on travel writing of the Romantic era but also on many attitudes practices and typologies still current in travel and tourism

Bunyan's Pilgrim's Progress John Bunyan, 1919 Late modernist poetics Anthony Mellors, 2024-06-04 This book explores the uncanny afterlife of modernist ideals in the second half of the twentieth century Rejecting the familiar notion that modernism dissolved during the 1930s it argues that the fusion of rationalism and mysticism which characterises modernist poetics was sustained long after its politics had been discredited by the events of World War Two The book's central concern is why the aesthetic mysticism that Walter Benjamin called the faith of those who

made common cause with Fascism continued to be a guiding principle for literary elites and countercultural movements alike New light is shed on the relationship between occultism and the Pound tradition especially in terms of Pound's influence on post 1945 Anglo American poetry and a critical theory of late modernism is offered which shows how belated notions of cultural redemption have survived in contemporary poetry This wide ranging contextual study focuses on the poetry of Ezra Pound Charles Olson Paul Celan and J H Prynne and explores the development of modernist culture through its theories of phenomenology psychoanalysis science ethnography and ancient history

The Exploitations of Medieval Romance Laura Ashe, Ivana Djordjević, Judith Elizabeth Weiss, 2010 In the middle ages romance was exploited for a variety of social and cultural reasons to celebrate and justify war chivalric ideologies and to rationalize power structures The essays in this volume consider individual romances groups of writings and the genre explaining exploitive manoeuvres in terms of text and context
