Robert R. Taylor,1998-04-30 Far from being mere antiquarian or sentimental curiosities the rebuilt or reused fortresses of the Rhine reflect major changes in Germany and Europe during the nineteenth and early twentieth centuries Taylor begins *The Castles of the Rhine* with a synopsis of the major political social and intellectual changes that influenced castle rebuilding in the nineteenth century He then focuses on selected castles describing their turbulent histories from the time of their original construction through their destruction or decay to their rediscovery in the 1800s and their continued preservation today Reading this book is equivalent to looking at history though a romantic nationalist kaleidoscope Amply illustrated with maps and photographs *The Castles of the Rhine* is a wonderful companion for anyone with dreams or experience of journeying along the Rhine *Clara Schumann: An Artist's Life Based on Material Found in Diaries and Letters - Vol II*

Berthold Litzmann,2011-03-23 Originally published in 1913 The subject itself and the material for this third volume were not without their influence on the pace of the work In one place in her diary Clara writes In an artist s life as in every other things repeat themselves more or less so that there is much on which I barely touch If she herself is her diary feels a certain monotony in the externals of a life which goes on in the same groove year after year naturally the biographer who has to represent forty such years is still more conscious of it But though it was plain from the first that on no account was each one of Clara s tours to be followed in her diary from place to place yet on the other hand the positive side of the work was by no means so clearly defined For in these isolated constantly recurring episodes lay the chief meaning of her life

Landscape and Travelling East and West: A Philosophical Journey Hans-Georg Moeller,Andrew K. Whitehead,2014-01-16

Philosophical reflections on journeys and crossings homes and habitats have appeared in all major East Asian and Western philosophies Landscape and travelling first emerged as a key issue in ancient Chinese philosophy quickly becoming a core concern of Daoism and Confucianism Yet despite the eminence of such reflections Landscape and Travelling East and West A Philosophical Journey is the first academic study to explore these philosophical themes in detail Individual case studies from esteemed experts consider how philosophical thought about places and journeys have inspired and shaped major intellectual and cultural traditions how such notions concretely manifested themselves in Chinese art particularly in the genres of landscape painting and garden architecture The studies present a philosophical dialogue between Confucianism and Daoism on issues of social space and belonging and include discussion on travel and landscape in Buddhism as well as Japanese and Tibetan contexts Approaching the topic from an inter cultural perspectives particularly East Asian philosophies and using these to enrich contemporary reflections on space the environment and traversing this unique collection adds an important voice to present philosophical political and cultural discourses
