Doctor's Romantic Adventures Yu BuZhou,2020-10-09 Tang Chuan the heir to the imperial family was ordered by four beautiful mothers to find the precious treasure of the Apricot Forest the Nine Stars Needle At the same time he helped his fianc e who he had never met dissolve her yin and yang body but because of the misunderstanding Tang Chuan stayed at Zhou s house Rural Doctor's Romantic Affairs Yi Nian,2020-07-06 After graduation I became a little doctor in the village I accidentally touched Second Sister in law when I was drunk that day She told me to go to her house at night to give her an injection **Focus On: 100 Most Popular 2010s South Korean Television Series** Wikipedia contributors, *The Doctors Are In* Graeme Burk,Robert Smith,2015-09-01 Get to know the eccentric alien known as the Doctor in this out of this world read for both Classic and New Who fans Library Journal From his beginnings as a crotchety anti heroic scientist in 1963 to his current place in pop culture as the mad and dangerous monster fighting savior of the universe the character of Doctor Who has metamorphosed in his many years on television And yet the questions about him remain the same Who is he Why does he act the way he does What motivates him to fight evil across space and time *The Doctors Are In* is a guide to television s most beloved time traveler from the authors of *Who Is the Doctor* and *Who s 50* This is a guide to the Doctor himself who he is in his myriad forms how he came to be how he has changed within the program itself and behind the scenes and why he s a hero to millions **The Doctor in the Victorian Novel** Dr Tabitha Sparks,2013-04-28 With the character of the doctor as her subject Tabitha Sparks follows the decline of the marriage plot in the Victorian novel As Victorians came to terms with the scientific revolution in medicine of the mid to late nineteenth century the novel s progressive distance from the conventions of the marriage plot can be indexed through a rising identification of the doctor with scientific empiricism A narrative s stance towards scientific reason Sparks argues is revealed by the fictional doctor s relationship to the marriage plot Thus novels that feature romantic doctors almost invariably deny the authority of empiricism as is the case in George MacDonald s *Adela Cathcart* In contrast works such as Wilkie Collins s *Heart and Science* which highlight clinically minded or even sinister doctors uphold the determining logic of science and in turn threaten the novel s romantic plot By focusing on the figure of the doctor rather than on a scientific theme or medical field Sparks emulates the Victorian novel s personalization of tropes and belief systems using the realism associated with the doctor to chart the sustainability of the Victorian novel s central imaginative structure the marriage plot As the doctors Sparks examines increasingly stand in for the encroachment of empirical knowledge on a morally formulated artistic genre their alienation from the marriage plot and its interrelated decline succinctly herald the end of the Victorian era and the beginning of Modernism **Ruminations, Peregrinations, and Regenerations** Christopher J. Hansen,2010-03-08 *Peregrinations Ruminations and Regenerations* A Critical Approach to Doctor Who examines the famous BBC science fiction show as a cultural artifact in dialogue with other science fiction with politics and religion and with the culture at large both in terms of

how it reflects and comments upon that culture and in terms of the audience and the peculiarities of its response This book enables researchers in film and media to make historical industrial aesthetic and ideological connections between and among Doctor Who and other shows and historical events since its inception in 1963 This volume is a new entry in a relatively new area As the young fans of Doctor Who have matured and as many have become scholars they are returning to the show to consider it from a scholarly perspective It is also of use in the media studies classroom to address directly the issues presented by the longest running science fiction show in the history of the medium Peregrinations Ruminations and Regenerations considers not only cultural ramifications and connections but audience studies as well

Bacchus in Romantic England A. Taylor,1998-11-11 Bacchus in Romantic England describes real drunkenness among writers and ordinary people in the Romantic age It grounds this reality in writings by doctors and philanthropists from 1780 onwards who describe an epidemic of drunkenness These commentators provide a context for the different ways that poets and novelists of the age represent drunkards Wordsworth writes poems and essays evaluating the drunken career of his model Robert Burns Charles Lamb s essays and letters reveal a real and metaphorical preoccupation with his own drinking as a way of disguising his personal suffering his companion Coleridge writes drinking songs essays about drunkenness and meditations about his own weakness of will that show both festive inebriety and consciousness of an inward abyss Coleridge s son Hartley whose fate his father had prophesied experiences drunkenness as the life long humiliation described in his poems and letters Keats s complex dionysianism runs through Endymion and the late odes setting him at odds with his temperate hero Milton Men in the Romantic age such as Sheridan Byron Moore and Clare celebrate rowdy friendship with tales and songs of drinking Romantic women novelists such as Smith Edgeworth and Wollstonecraft depict these men stumbling home to abuse their wives Although excessive drinking is real in the period observers and participants can still maintain ambivalence about its power to release or to debase the human being

A Woman's View Jeanine Basinger,2013-09-04 Now Voyager Stella Dallas Leaver Her to Heaven Imitation of Life Mildred Pierce Gilda these are only a few of the hundreds of women s films that poured out of Hollywood during the thirties forties and fifties The films were widely disparate in subject sentiment and technique they nonetheless shared one dual purpose to provide the audience of women primarily with temporary liberation into a screen dream of romance sexuality luxury suffering or even wickedness and then send it home reminded of reassured by and resigned to the fact that no matter what else she might do a woman s

most important job was to be a woman Now with boundless knowledge and infectious enthusiasm Jeanine Basinger illuminates the various surprising and subversive ways in which women's films delivered their message Basinger examines dozens of films exploring the seemingly intractable contradictions at the convoluted heart of the woman's genre among them the dilemma of the strong and glamorous woman who cedes her power when she feels it threatening her personal happiness and the self-abnegating woman whose selflessness is not always as noble as it appears Basinger looks at the stars who played these women and helps us understand the qualities the right off-screen personae the right on-screen attitudes the right faces that made them personify the woman's film and equipped them to make believable drama or comedy out of the crackpot plots the conflicting ideas and the exaggerations of real behavior that characterize these movies In each of the films the author discusses whether melodrama screwball comedy musical film noir western or biopic a woman occupies the center of her particular universe Her story in its endless variations of rags to riches boy meets girl battle of the sexes mother love doomed romance inevitably sends a highly potent mixed message Yes you women belong in your proper place that is content with the Big Three of the woman's film world men marriage and motherhood but meanwhile and paradoxically see what fun glamour and power you can enjoy along the way *A Woman's View* deepens our understanding of the times and circumstances and attitudes out of which these movies were created **Ezekiel Saw The...what? , 'In perils oft': romantic biographies**
