The Romantic Journey Edmund Swinglehurst, 1974 The Art of Travel Philip Dodd, 2013-08-21 First published in 1982 The Art of Travel is the first collection of critical essays to be devoted to British travel writing It attempts to give a sense of the wealth of such writing to map some of its forms and conventions and implicitly to claim a place for travel writing in any revised definition of literature For this collection travel includes sea voyages European tours commissioned enquiries into social conditions and urban writing travel writing ranges from works such as *Sea and Sardinia* by D H Lawrence whose status as a novelist guarantees his travel books some attention through the essays and books of Victorian middle class travellers into working class London to the work of V S Naipaul a contemporary writer who has increasingly preferred the travel book to the novel **Thomas Cook** Jill Hamilton, 2005-01-20 *Biography of Thomas Cook* *Dictionary of World Biography* Barry Jones, 2018-05-02 Barry Jones Dictionary of World Biography weaves historical facts with perspective on the subjects and the influence they had on theirs and on modern times Gain a unique insight into the life and times of important identities cultural icons and controversial characters The Delicious History of the Holiday Fred Inglis, 2005-11-28 Our holidays lie near the heart of our emotional life enjoyed for a fortnight fed on imagination for eleven months of the year What we want from our holidays tells a lot about who we are and what we wish we were In this charming account Fred Inglis traces the rise of the holiday from its early roots in the Grand Tour through the coming of Thomas Cook and his Blackpool packages to sex tourism and the hippie trail to Kathmandu He celebrates the bodily pleasures of generations of tourists from Edwardian banquets in Paris to fish and chips on the beach from the Bright Young Things on the Riviera to the chosen hardships of the sea the desert wastes and the mountain tops He considers the ideals and the spiritual aspirations which are part of what we look for in a holiday but he also warns of a darker current how we have increasingly destroyed what we take most pleasure in and how the dealings between those who have much and those who have little can seldom however good our intentions avoid the taint of exploitation Tourism and Dictatorship S. Pack, 2006-10-02 Following WWII the authoritarian and morally austere dictatorship of General Francisco Franco s Spain became the playground for millions of carefree tourists from Europe s prosperous democracies This book chronicles how this helped to strengthen Franco s regime and economic and political standing *See America First* Marguerite Shaffer, 2013-08-06 In *See America First* Marguerite Shaffer chronicles the birth of modern American tourism between 1880 and 1940 linking tourism to the simultaneous growth of national transportation systems print media a national market and a middle class with money and time to spend on leisure Focusing on the *See America First* slogan and idea employed at different times by railroads guidebook publishers Western boosters and Good Roads advocates she describes both the modern marketing strategies used to promote tourism and the messages of patriotism and loyalty embedded in the tourist experience She shows how tourists as consumers participated in the search for a national identity that could assuage their anxieties about American society and culture Generously illustrated

with images from advertisements guidebooks and travelogues See America First demonstrates that the promotion of tourist landscapes and the consumption of tourist experiences were central to the development of an American identity **Train**

Tracks Gayle Letherby, Gillian Reynolds, 2020-08-25 This book provides an in depth exploration of trains and train travel Letherby and Reynolds have conducted extensive research with all those concerned with trains from leisure travelers and enthusiasts to railway workers and commuters Overturning conventional wisdom they show that the train has a social life in and of itself and is not simply a way to get from A to B The book also looks at the depiction of train travel through cultural media such as music films books and art The authors consider the personal politics of train travel and political discussion surrounding the railways as well as the relationship trains have to leisure and work The media often paints a gloomy picture of the railways and there is a general view that the romance of train travel ended with the steam locomotive Letherby and Reynolds show that this is far from the case **Acts of supremacy** J. S. Bratton, Richard Cave, Brendan Gregory, Michael Pickering, 2021-06-15 Imperialist discourse interacted with regional and class discourses Imperialism s incorporation of Welsh Scots and Irish identities was both necessary to its own success and one of its most powerful functions in terms of the control of British society Most cultures have a place for the concept of heroism and for the heroic figure in narrative fiction stage heroes are part of the drama s definition of self the exploration and understanding of personal identity Theatrical and quasi theatrical presentations whether in music hall clubroom Shakespeare Memorial Theatre or the streets and ceremonial spaces of the capital contributed to that much discussed national mood This book examines the theatre as the locus for nineteenth century discourses of power and the use of stereotype in productions of the Shakespearean history canon It discusses the development of the working class and naval hero myth of Jack Tar the portrayal of Ireland and the Irish and the portrayal of British India on the spectacular exhibition stage The racial implications of the ubiquitous black face minstrelsy are focused upon The ideology cluster which made up the imperial mindset had the capacity to re arrange and re interpret history and to influence the portrayal of the tragic or comic potential of personal dilemmas Though the British may have prided themselves on having preceded America in the abolition of slavery and thus outpacing Brother Jonathan in humanitarian philanthropy abnegation of hierarchisation and the acceptance of equality of status between black and white ethnic groups was not part of that achievement Global Tourism William F. Degrowth in Tourism Konstantinos Andriotis, 2018-07-27 The modern day world faces a hostile climate depleted resources and the destruction of habitats The dream that growth will lead to a materialistic utopia is left unfulfilled by a lack of ecological and economic capacity The only choice is to find alternatives to increased growth transform the structures and institutions currently shaping the world change lifestyles and articulate a more credible vision for the future and lasting prosperity As a reaction to the problems accrued by capitalism new development approaches such as the concept of degrowth have evolved Degrowth in Tourism explores newly emerging development and philosophical approaches that provide more equity for host communities and offer a low carbon future by looking at alternatives to the classic models of development and applying the concept of degrowth in a tourism context Proposing that we need to shift tourism research from models which prioritize commodified tourism experiences to those that offer alternative decommodified ones this book Provides topical analysis and illustrates the key themes of degrowth Discusses the relationship between tourism and degrowth from both a historic perspective and through contemporary patterns of activity Includes international examples and case studies to translate theory into practical new approaches A comprehensive review of the subject this book will be of

Oberammergau in the Nazi Era Helena Waddy, 2010-05-12 In her study of Oberammergau the Bavarian village famous for its decennial passion play Helena Waddy argues against the traditional image of the village as a Nazi stronghold She uses Oberammergau's unique history to explain why and how genuinely some villagers chose to become Nazis while others rejected Party membership and defended their Catholic lifestyle She explores the reasons for which both local Nazis and their opponents fought to protect the village's cherished identity against the Third Reich's many intrusive demands She also shows that the play mirrored the Gospel based anti-Semitism endemic to Western culture **George Stephenson** Hunter Davies, 2004-07-22 George Stephenson is the ultimate selfmade man born in the pit village of Wylam near Newcastle and skipping any education to start work his inventions would change the very nature of the world From the moment he began work in the pit at the tender age of ten he showed a natural talent for mending and inventing machines slowly rising to become the colliery's resident engineer However he struggled to break through the class prejudices of the time indeed Sir Humphrey Davy later President of the Royal Society considered Stephenson then an unknown pitman a thief and not a clever thief This early battle was only one of many that Stephenson waged against the establishment Even so Stephenson went on to build the world's first public railways the Stockton and Darlington in 1825 and the Liverpool Manchester in 1830 Much is known of these achievements and of his famous creation Rocket yet little is known of the man himself In George Stephenson a colourful portrait is painted of the self taught and often testy Geordie whose Victorian invention is now the backbone of every nation on the planet

George Newnes and the New Journalism in Britain, 1880-1910 Kate Jackson, 2018-04-17 This is a study of the noted newspaper proprietor publisher and editor George Newnes and his involvement in the so called New Journalism in Britain from 1880 to 1910 The author examines seven of Newnes's most successful periodicals Tit Bits 1881 The Strand Magazine 1891 The Million 1892 The Westminster Gazette 1893 The Wide World Magazine 1898 The Ladies Field 1898 and The Captain 1899 from a biographical journalistic and broader cultural perspective Newnes assumed a pioneering role in the creation of the penny miscellany paper the short story magazine the true story magazine and the respectable boys paper in the development of colour printing magazine illustration and photographic reproduction and in the redefinition of both political and sporting journalism His publications were shaped by his own distinctive brand of paternalism his professional progression within the field of journalism his liberal democratic and imperialist beliefs and his particular skill as an entrepreneur This innovative periodical publisher utilised the techniques of personalised journalism commercial promotion and audience targeting to establish an interactive relationship and a strong bond of identification with his many readers Kate Jackson employs an interdisciplinary approach building on recent scholarship in the field of periodical

research to demonstrate that Newnes balanced and synthesised various potentially conflicting imperatives to create a kind of synergy between business and benevolence popular and quality journalism old and new journalism and ultimately culture and profit

Race and Racism in Modern East Asia, 2012-11-01 Race and Racism in Modern East Asia juxtaposes Western racial constructions of East Asians with constructions of race and their outcomes in modern East Asia It is the first endeavor to explicitly and coherently link constructions of race and racism in both regions These constructions have not only played a decisive role in shaping the relations between the West and East Asia since the mid nineteenth century but also exert substantial influence on current relations and mutual images in both the East West nexus and East Asia Written by some of the field s leading authorities this groundbreaking 21 chapter volume offers an analysis of these constructions their evolution and their interrelations

A New Race of Men Michael Fry, 2013-10-03 War opened and closed Scotland s greatest century a pitiless part in the defeat of Napoleon in 1815 a huge blood sacrifice for the sake of victory from 1914 In between came the greatest contributions to the progress and happiness of the rest of mankind that the Scots have ever made in everything from the combine harvester to the mackintosh to anaesthesia It was a supremely successful achieving society yet one not without deep flaws in its urban poverty its destruction of the environment its religious intolerance its moral hypocrisy its crushing of Highland culture Michael Fry shows with an emphasis always on the human story how a succession of deep crises undermined the usually tranquil and prosperous surface of life in Victorian Scotland to leave a legacy of paradox that the modern nation has even today yet to overcome

Viewing the Islamic Orient Pallavi Pandit Laisram, 2014-07-11 The Islamic Orient studies the travel accounts of four British travelers during the nineteenth century Through a critical analysis of these works the author examines and questions Edward Said s concept of Orientalism and Orientalist discourse his argument that the orientalist view had such a strong influence on westerners that they invariably perceived the orient through the lens of orientalism On the contrary the author argues no single factor had an overwhelming influence on them She shows that westerners often struggled with their own conceptions of the orient and being away for long periods from their homelands were in fact able to stand between cultures and view them both as insiders and outsiders The literary devices used to examine these writings are structure characterization satire landscape description and word choice as also the social and political milieu of the writers The major influences in the author s analysis are Said Foucault Abdel Malek and Marie Louise Pratt
