Poets Blake, Wordsworth and Coleridge Joseph Pearce, Robert Asch, 2015-06-15 The word romantic has so many varied meanings that C S Lewis quipped it should be deleted from our vocabulary Yet from the perspective of English literature romantic is associated first and foremost with the poetry of Romanticism the movement that accentuated the aesthetic value of emotion human experience and the majesty of nature In this volume the finest works of the first generation of Romantic Poets Blake Wordsworth and Coleridge are assembled in an accessible and yet scholarly manner together with a selection of contemporary criticism by tradition oriented experts in order to introduce these poets to a new generation of readers

William Wordsworth's Golden Age Theories During the Industrial Revolution M. Keay, 2001-09-26 Wordsworth's romantic critique of industrial life and society was backward looking His Golden Age ideal of pastoral life and rural relationships falls within the scope of English populism as found among the middle ranks of small independent producers and their ideologues Furthermore his rural education and upbringing in the remote North of England explain his long term shift from radical and whig reformer to tory placeman in the years 1789 to 1832 as well as his relative demise as a poet A Study Guide for Rick

Zacharias, 2009-09-10 Jesus Among Other Gods In his most important work to date apologetics scholar and popular speaker Ravi Zacharias shows how the blueprint for life and death itself is found in a true understanding of Jesus With a simple yet

penetrating style Zacharias uses rich illustrations to celebrate the power of Jesus Christ to transform lives Jesus Among Other Gods contrasts the truth of Jesus with founders of Islam Hinduism and Buddhism strengthening believers and compelling them to share their faith with our post modern world Deliver Us From Evil With clarity and insight Zacharias shows how many of today s most popular ideas thoughts and beliefs are vandalizing our culture He shows how it is there in the depths of our innermost being That the work of God changes what we want to do This is not an ethical system calling us to civility This is the transforming work of the grace of God who calls us His children He shows how Secularization has led us to a loss of shame generating evil even against those we love Pluralization has led us to a loss of reason generating evil toward those we choose to hate Privatization has led us to loss of meaning generating evil against ourselves

The Feminine Sublime Barbara Claire Freeman, 1995 The Feminine Sublime provides the first comprehensive feminist critique of the theory of the sublime Barbara Claire Freeman argues that traditional theorizations of the sublime depend on unexamined assumptions about femininity and sexual difference and that the sublime could not exist without misogynistic constructions of the feminine Taking this as her starting point Freeman suggests that the other sublime that comes into view from this new perspective not only offers a crucial way to approach representations of excess in women s fiction but allows us to envision other modes of writing the sublime Freeman reconsiders Longinus Burke Kant Weiskel Hertz and Derrida and at the same time engages a wide range of women s fiction including novels by Chopin Morrison Rhys Shelley and Wharton Locating her project in the coincident rise of the novel and concept of the sublime in eighteenth century European culture Freeman allies the articulation of sublime experience with questions of agency passion and alterity in modern and contemporary women s fiction She argues that the theoretical discourses that have seemed merely to explain the sublime also function to evaluate domesticate and ultimately exclude an otherness that almost without exception is gendered as feminine Just as important she explores the ways in which fiction by American and British women mainly of the twentieth century responds to and redefines what the tradition has called the sublime

Coleridge and the Uses of Division Seamus Perry, 1999 Throughout close attention is paid to Coleridge the writer the metaphor maker and stylist exhibited across the wide range of his oeuvre in public and private works prose and poetry A coda offers a reading of The Ancient Mariner tracing back the central threads of the study to Coleridge s early and surprising masterpiece

BOOK JACKET *Buddhist Scriptures as Literature* Ralph Flores, 2009-01-01 Buddhist Scriptures as Literature explores the drama lyricism and compelling storylines in Buddhist sacred writings while illustrating how rhetoric and ideology are at work in shaping readers reactions Ralph Flores argues

that the Buddha's life story itself follows an archetypal quest romance pattern regal surroundings are abandoned and the ensuing feats are heroic The story can be read as an epic but it also has a comic plot confusions and trials until the Prince becomes utterly selfless having found his true element nirvana Making use of contemporary literary theory Flores offers new readings of texts such as the Nikayas the Dhammapadam the Heart Sutra Zen koans Shantideva's Way of the Bodhisattva and the Tibetan Book of the Dead Understanding these works as literature deepens our sense of the unfolding of their teachings of their exuberant histories and of their relevance for contemporary life *The Oxford Handbook of the History of Education* John L. Rury, Eileen Tamura, 2019 This handbook offers a global perspective on the historical development of educational institutions systems of schooling educational ideas and educational experiences Its 36 chapters consider the field's changing scholarship while examining particular national and regional themes and offering a comparative perspective Each also provides suggestions for further research and analysis
