## **Romantic Presences Living Images From The Age Of Wordsworth:**

Romantic Presences Jeffrey Cane Robinson, 1995 Casting brilliant new light on some of the most beloved poetry in the Western tradition *Romantic Presences* is a set of meditations in prose and poetry on a wide range of images from early 19th century English writing Some of the images are familiar Romantic symbols the skylark the nightingale the sigh Others are literary personages of the Romantic period from Robert Burns to Coleridge who have become legends and images Still others are almost entirely new because they come from the little explored realm of women's writing Together they help recover the power of Romantic poetry for a new generation of devoted readers      **Reception and Poetics in Keats J.**

Robinson, 1998-12-21 Occasioned by the spirit of celebrating Keats's 200th birthday 31 October 1995 Jeffrey C Robinson's *Reception and Poetics in Keats* offers at once a history and readings of the many praise and commemorative poems to or about Keats collected in an appendix from the time of his early death up to the present day and a consequent rethinking of Keats's own poems and poetics Keats emerges as a poet uniquely available and useful to the experimental poets of our own time      **Unfettering Poetry J.** Robinson, 2006-04-29 This book calls attention to the pervasive but largely unacknowledged poetics of the Fancy evident in poetry written during the British Romantic period These poetics Robinson demonstrates are an early nineteenth century version of what will become the visionary experimental open form poetics of the twentieth century

Active Romanticism Julie Carr, Jeffrey C. Robinson, 2015-03-31 Essays that highlight the pervasive role of Romantic poetry and poetics on modern and contemporary innovative poetry      **Leigh Hunt** Nicholas Roe, 2003-09-02 Recent critical and scholarly interest in John Keats has encouraged a resurgence of interest in his friend and mentor the poet and journalist Leigh Hunt This timely collection of essays by leading British and North America romanticists explores Hunt's life writings and cultural significance over the full length of his career arguing for the recognition of Hunt's importance to British intellectual and literary culture in the Romantic period      **Reader's Guide to Literature in English** Mark

Hawkins-Dady, 2012-12-06 *Reader's Guide Literature in English* provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study      Industrial Poetics Joe Amato, 2006-04 Through a dizzying array of references to subjects ranging from engineering to poetry on the job experiences in academia and industry conflicts between working class and intellectual labor the privatization of universities and the contradictions of the modern environment Joe Amato's *Industrial Poetics* mounts a

boisterous call for poetry communities to be less invested in artistic self absorption and more concerned about social responsibility's Amato focuses on the challenges faced by American poets in creating a poetry that speaks to a public engineered into complacency by those industrial technologies practices and patterns of thought that we cannot seem to do without he brings readers face to face with the conflicting realities of U S intellectual academic and poetic culture Formally

adventurous and rhetorically lively Industrial Poetics is best compared with the intellectually exploratory speculative risky polemical work of other contemporary poet critics including Kathleen Fraser Joan Retallack Bruce Andrews Susan Howe and Allen Grossman Amato uses an exhilarating range of structural and rhetorical strategies conventionally developed argument abruptly juxtaposed aphorisms personal narrative manifesto like polemic and documentary reportage With a critic's sharply analytical mind a poet's verve and a working class intellectual's sense of social justice Amato addresses the many nonliterary institutions and environments in which poetry is inextricably embedded By connecting poetry to industry in a lively demonstration against the platitudes and habitudes of the twentieth century Amato argues for a reenergized and socially forceful poetics an industrial poetics rough edges and all Jed Rasula writes I can't say I pay much attention to talk radio but this is what I imagine it might be like if the deejay were really smart enviably well read yet somehow retained the snarling moxie of the am format

**Reading Under the Sign of Nature** John Tallmadge, Henry Harrington, 2000 In 1996 the ecocriticism reader appeared a seminal work defining a then relatively new approach to literary criticism through the lens of environmental and nature studies Reading Under the Sign of Nature is the first volume to demonstrate the practice of ecocriticism on a wide range of literary texts representing diverse racial ethnic and cultural perspectives Twenty two essays masterfully exhibit how a variety of ideas bioregionalism feminism Buddhism postmodernism and phenomenology can inform that practice Included in this volume are critiques of prose and poetry by American writers that have long been in the literary and nature writing canons as well as interrogations of work by authors from Native American African American Occidental and Far Eastern traditions In this long awaited anthology a select group of scholars deftly employs the ecocritical approach on a valuable body of contemporary and traditional literature evincing the rich possibilities for this form of inquiry without as the editors note spinning off into obscurantism or idiosyncrasy

Romanticism and Time Sophie Laniel-Musitelli, Céline Sabiron, 2021-03-10 Eternity is in love with the productions of time This original edited volume takes William Blake's aphorism as a basis to explore how British Romantic literature creates its own sense of time It considers Romantic poetry as embedded in and reflecting on the march of time regarding it not merely as a reaction to the course of events between the late eighteenth and mid nineteenth centuries but also as a form of creative engagement with history in the making The authors offer a comprehensive overview of the question of time from a literary perspective applying a diverse range of critical approaches to Romantic authors from William Blake and Percy Shelley to John Clare and Samuel Rogers Close readings uncover fresh insights into these authors and their works including *Frankenstein* the most familiar of Romantic texts Revising current thinking about periodisation the authors explore how the Romantic poetics of time bears witness to the ruptures and dislocations at work within chronological

time They consider an array of topics such as ecological time futurity operatic time or the a temporality of Venice As well as surveying the Romantic canon s evolution over time these essays approach it as a phenomenon unfolding across national borders Romantic authors are compared with American or European counterparts including Beethoven Irving Nietzsche and Beckett Romanticism and Time will be of great value to literary scholars and students working in Romantic Studies It will be of further interest to philosophers and historians working on the connections between philosophy history and literature during the nineteenth century **Littell's Living Age** ,1885 **Littell's Living Age** Eliakim Littell,Robert S. Littell,1886

**The Living Age** ,1859 **Eclectic Magazine, and Monthly Edition of the Living Age** John Holmes Agnew,Walter Hilliard Bidwell,1889 *Johnson's Critical Presence* Philip Smallwood,2017-07-05 Johnson s Critical Presence demonstrates how Johnson s criticism has for long been divided from the issues of modern criticism by historical narratives that have marked the progress of criticism from classic to romantic The image of Johnson constructed by his immediate antagonists has been preserved by the routines of historical representation and mediated to the present day most recently by the characterizations of radical theory By an in depth analysis of major works by Johnson Smallwood argues that the historicization of eighteenth century criticism can be more fruitfully understood in the light of the dialogic and translational historiography of such thinkers as Collingwood and Ricoeur and that the contexts of Johnson s criticism must include the poetry he read as well as the theories he espoused In this way the book reinstates Johnson s presence as critic while displacing the history of ideas as the leading paradigm for conceptualizing the history of criticism
