## **Romanticism And Contemporary Criticism By Eaves Morris Fischer Michael:**

The Cambridge Companion to British Romanticism Stuart Curran, 2010-07-22 This new edition of The Cambridge Companion to British Romanticism has been fully revised and updated and includes two wholly new essays one on recent developments in the field and one on the rapidly expanding publishing industry of this period It also features a comprehensive chronology and a fully up to date guide to further reading For the past decade and more the Companion has been a much admired and widely used account of the phenomenon of British Romanticism that has inspired students to look at Romantic literature from a variety of critical angles and approaches In this new incarnation the volume will continue to be a standard guide for students of Romantic literature and its contexts *American Philosophy and the Romantic Tradition* Russell B. Goodman, 1990 Russell Goodman expands on the revisionist position developed by Stanley Cavell that the most interesting strain of American thought proceeds from a peculiarly American kind of Romanticism **Romantic Capabilities** Mike Goode, 2020 Studying works by William Blake Walter Scott and Jane Austen this volume examines the extent to which Romantic literary works can be said to prefigure the ways in which readers will engage with them after the time of their creation **Jane Austen and Other Minds** Eric Reid Lindstrom, 2022-10-27 Jane Austen's fiction is itself philosophy a fact to which Stanley Cavell attested when he honored his philosophical teacher J L Austin through homage to her and her work Engaging equally in criticism and in philosophy Jane Austen and Other Minds demonstrates the standing of Austen's fiction as a philosophical investigation both in its own right and as a resource to ordinary language philosophy in the twentieth and twenty first centuries Eric Reid Lindstrom addresses a long standing shortcoming of Austen scholarship by locating in her fiction a linguistic phenomenology available to the novelistic everyday but not afforded her in intellectual history He simultaneously advances recognition and understanding of J L Austin and Stanley Cavell and of ordinary language philosophy within Austen scholarship and the broader field of contemporary literary studies This book argues compellingly for Cavell's choice of Austen as a means to pursue passionate exchange reimagining her common association with restriction and confinement **Romanticism, Enthusiasm, and Regulation** Jon Mee, 2005 This study looks at the way writers in the Romantic period both canonical and popular attempted to situate themselves in relation to enthusiasm frequently craving the idea of its therapeutic power but often also seeking to distinguish their writing from what many regarded as its destructive and pathological power *Reception of Northrop Frye*, 2021-09-23 The Reception of Northrop Frye takes a thorough accounting of the presence of Frye in existing works and argues against Frye's diminishing status as an important critical voice John Cowper Powys and the Afterlife of Romanticism Kim Wheatley, 2025-01-09 This study bridges the chronological divide between the Romantic era and the first six decades of the 20th century interpreting John Cowper Powys 1872 1963 as a major under recognized contributor to the cultural transmission of Romanticism Kim Wheatley's John Cowper Powys and the Afterlife of Romanticism uncovers the surprising extent to which this multi faceted Modernist era author

reworked key concerns of the Romantic poets Wheatley shows how Powys's prose rewritings of Romantic poetry contribute to the story of the posthumous life of Romanticism especially its environmental legacy In particular the book expands our understanding of the early 20th century reception of William Wordsworth and John Keats Wheatley argues that Powys anticipates and presciently interrogates recent revisionary critical approaches to the Romantics primarily materialist eco critical approaches and therefore invites a fresh environmentalist criticism open to the transcendental and the supernatural Chapters range across Powys's extensive oeuvre investigating his treatment of Wordsworth and Keats in his works of fiction autobiographical writings popular philosophical books and essays of literary appreciation including his Autobiography 1934 his four major Wessex novels *Wolf Solent* 1929 *A Glastonbury Romance* 1932 *Weymouth Sands* 1934 and *Maiden Castle* 1936 and his later Welsh historical novels *Owen Glendower* 1941 and *Porius* 1951 Wheatley demonstrates how Powys uniquely combines sense based nature worship the leveling of animate and inanimate and care for disabled human beings along with mystical and magical themes into an all encompassing ecological vision more capacious than any imagined by the Romantics themselves

**The Neural Sublime** Alan Richardson, 2010-06-15 Alan Richardson is an acknowledged pioneer in cognitive approaches to literature His command of Romantic literature the history of ideas of the Romantic era and contemporary cognitive research is authoritative In *The Neural Sublime* he expands on his previous groundbreaking work in cognitive historicism by applying contemporary neuroscience to Romantic era works Nancy Easterlin University of New Orleans Book Jacket

**William Blake and the Productions of Time** Andrew M. Cooper, 2016-12-05 Challenging the idea that a writer's work reflects his experiences in time and place Andrew M Cooper locates the action of William Blake's major illuminated books in the ahistorical present an impersonal spirit realm beyond the three dimensional self Blake Cooper shows was a formalist who exploited eighteenth century scientific and philosophical research on vision sense and mind for spiritual purposes Through irony dialogism two way syntax and synesthesia Blake extended and refined the prophetic method Milton forged in *Paradise Lost* to bring the performativity of traditional oral song and storytelling into print Cooper argues that historicist attempts to place Blake's vision in perspective as opposed to seeing it for oneself involve a deeply self contradictory denial of his performativity as a poet artist Rather Blake's expansion of linear reading into a space of creative self conscious collaboration laid the basis for his lifelong critique of dualism in religion and science and anticipated the non Euclidean geometrics of twentieth century Modernism

**Wordsworth's Ethics** Adam Potkay, 2015-03-15 A comprehensive examination that breathes new life into Wordsworth and the ethical concerns that were vital to his nineteenth century readers Why read Wordsworth's poetry indeed why read poetry at all Beyond any pleasure it might give can it make one a better or more flourishing person These questions were never far from William Wordsworth's thoughts He responded in rich and varied ways in verse and in prose in both well known and more obscure writings Wordsworth's *Ethics* is a comprehensive examination of the Romantic poet's work delving into his desire to understand the source and scope of our ethical obligations

Adam Potkay finds that Wordsworth consistently rejects the kind of impersonal utilitarianism that was espoused by his contemporaries James Mill and Jeremy Bentham in favor of a view of ethics founded in relationships with particular persons and things The discussion proceeds chronologically through Wordsworth's career as a writer from his juvenilia through his poems of the 1830s and 40s providing a valuable introduction to the poet's work The book will appeal to readers interested in the vital connection between literature and moral philosophy **Romantic Sobriety** Orrin N. C. Wang, 2011-08-30

**Romantic Sobriety** explores the relationship among Romanticism deconstruction and Marxism by examining tropes of sensation and sobriety in a set of exemplary texts from Romantic literature and contemporary literary theory Orrin N C Wang explains how themes of sensation and sobriety along with Marxist related ideas of revolution and commodification set the terms of narrative surrounding the history of Romanticism as a movement The book is both polemical and critical engaging in debates with modern thinkers such as Paul de Man Jacques Derrida Walter Benn Michaels and Slavoj Žižek as well as presenting fresh readings of late eighteenth and early nineteenth century writers including Wordsworth Kant Shelley Byron Brontë and Keats **Romantic Sobriety** combines deeply complex close readings with a broader reflection on Romanticism and its implications on literary study It will interest scholars who study Romanticism from a number of perspectives including those interested in bodily and social consumption the roles of addiction and abstinence in literature the connection between literary and visual culture the intersection of critical theory and Romanticism and the relationships among language historical knowledge and political practice **What's the Import?** Kerry McSweeney, 2007-05-09

Two conspicuous features of the radical transformation of literary studies over the past three decades have been the dominance of theory based interpretative discourse and cultural studies contextualizations Both have greatly energized literary studies but they have done so at a cost **Out of Inferno (p)** , **Gerard Manley Hopkins and Tractarian Poetry** Margaret

Margaret Johnson, 2016-12-05 **Gerard Manley Hopkins and Tractarian Poetry** for the first time locates Hopkins and his work within the vital aesthetic and religious cultures of his youth It introduces some of the most powerful cultural influences on his poetry as well as some of the most influential poets from the well known fellow convert John Henry Newman to the almost forgotten historian and poet Richard Dixon From within the context of Hopkins developing catholic sensibilities it assesses the impact of and his responses to issues of the time which related to his own religious and aesthetic perceptions and provides a rich and intricate background against which to view both his early often neglected poetry and the justly famous idiosyncratic and deeply moving verse of his mature years By detailing the influences Tractarian poetry had upon Hopkins early work and applying these to the productions of his later years **Gerard Manley Hopkins and Tractarian Poetry** demonstrates how Hopkins best known mature works evolved from his upbringing in the Church of England and remained always indebted to this early culture It offers readings of his works in light of a new appraisal of the contexts from which Hopkins himself grew providing a fresh approach to this most challenging and rewarding of poets *The Knowledge that Endures* Gerald McNeice, 1992-01-12

*Romantic Poems, Poets, and Narrators* Joseph C. Sitterson, 2000 Students of Blake Coleridge Wordsworth and Keats should appreciate these readings of the major romantic poems The book presents a guide to the various and complex discourses formalist psychanalytic deconstructive and new historicist in which these poems have been reviewed **The Habit of Lying** John Vignaux Smyth, 2002-03-18 An investigation of deceit and concealment that proposes a new theory of fiction both as a new genre of literature and as a strategy in the social world **Marriage, Writing, and Romanticism** Eric C. Walker, 2009 Marriage Writing and Romanticism studies marriage in two sets of literary texts from the Regency decade the novels of Jane Austen who avoided marriage in her own life but seems to have written about nothing else and a set of non canonical and generally unfamiliar poems by William Wordsworth who seems never to turn to the subject of his own marriage With other Romantic writers who also figure in this study Austen and Wordsworth confronted the impossibility of writing about anything other than marriage and the imperative either to celebrate or condemn it Thanks to the latest scholarly editions of Wordsworth Walker introduces previously undiscussed material Walker reads conjugality as the compulsory ground of modern identity an Enlightenment legacy we still grapple with today and offers new perspectives on literature through the writing of Austen and Wordsworth and theories of marriage in Godwin Wollstonecraft Hegel Kierkegaard and in our time Adam Phillips and Stanley Cavell **The Cambridge Introduction to Literature and Philosophy** Anthony J. Cascardi, 2014-02-17 This Introduction provides an original synthetic overview of the relations between literature and philosophy from ancient times to the present The book covers a wide range of genres historical periods and topics making it a valuable introduction and guide for students teachers and researchers in literary criticism literary theory and philosophy **A Companion to Romantic Poetry** Charles Mahoney, 2010-12-21 Through a series of 34 essays by leading and emerging scholars A Companion to Romantic Poetry reveals the rich diversity of Romantic poetry and shows why it continues to hold such a vital and indispensable place in the history of English literature Breaking free from the boundaries of the traditionally studied authors the collection takes a revitalized approach to the field and brings together some of the most exciting work being done at the present time Emphasizes poetic form and technique rather than a biographical approach Features essays on production and distribution and the different schools and movements of Romantic Poetry Introduces contemporary contexts and perspectives as well as the issues and debates that continue to drive scholarship in the field Presents the most comprehensive and compelling collection of essays on British Romantic poetry currently available
