

Romanticism And Religion

Frederick C. Beiser

Romanticism And Religion:

Romanticism and Religion from William Cowper to Wallace Stevens Dr Gavin Hopps, Dr Jane Stabler, 2013-04-28

The relationship between literature and religion is one of the most groundbreaking and challenging areas of Romantic studies. Covering the entire field of Romanticism from its eighteenth century origins in the writing of William Cowper and its prophetic stirrings in *Paradise Lost* to late twentieth century manifestations in the work of Wallace Stevens, the essays in this timely volume explore subjects such as Romantic attitudes towards creativity and its relation to suffering and religious apprehension, the allure of the veiled and the figure of the monk in Gothic and Romantic writing, Miltonic light and inspiration in the work of Blake, Wordsworth, Shelley and Keats, the relationship between Southey's and Coleridge's anti-Catholicism and definitions of religious faith in the Romantic period, the stammering of Romantic attempts to figure the ineffable, the emergence of a feminised Christianity and a gendered sublime, the development of Calvinism and its role in contemporary religious controversies. Its primary focus is the canonical Romantic poets, with a particular emphasis on Byron, whose work is most in need of critical re-evaluation given its engagement with the Christian and Islamic worlds and its critique of totalising religious and secular readings. The collection is an original and much needed intervention in Romantic studies, bringing together the contextual awareness of recent historicist scholarship with the newly awakened interest in matters of form and an appreciation of the challenges of postmodern theory.

The Cambridge Companion to British Romanticism and Religion Jeffrey W. Barbeau, 2021-10-21

The first survey of the connections between literature, religion and intellectual life in the British Romantic period.

Romanticism and Religion Stephen Prickett, 1976

Religion in the Age of Romanticism

Bernard M. G. Reardon, 1985-09-12

The conflict between Romantic thought of the early 1800s in Europe and traditional Christian beliefs resulted in liberalism competing against conservatism. This text attempts to show how writers such as Schleiermacher, Hegel, Schelling and Auguste Comte did not reject religion despite the influence of the increasingly science-oriented culture of their time.

Romanticism and Religion. The Tradition of Coleridge and Wordsworth in the Victorian Church. (1. Publ.) Stephen Prickett, 1976

The Fountain Light J. Robert Barth, 2002

It has often been suggested that Romanticism, of its very nature, has affinities with religious quest and spiritual value. These new essays, written in honor of distinguished eighteenth century and Romantic scholar John L. Mahoney, explore the intersection of Romanticism and religion. They range from broad considerations of this relationship in several Romantic writers to close readings of individual poems. The collection breaks new ground in the exploration of the role of religion in the Romantics' experience and will be of interest not only to scholars of Romanticism and historians of nineteenth century religion but to anyone interested in the intellectual life of the nineteenth century England.

Romanticism and Transcendence J. Robert Barth, 2003

Grounded in the thought of Samuel Taylor Coleridge, *Romanticism and Transcendence* explores the religious dimensions of imagination in the Romantic tradition, both theoretically and in the poetry of Wordsworth and Coleridge. J. Robert Barth suggests that we

may look to Coleridge for the theoretical grounding of the view of religious imagination proposed in this book but that it is in Wordsworth above all that we see this imagination at work Barth first argues that the Romantic imagination with its profound symbolic import of its very nature has religious implications and notes parallels between Coleridge's view of the imagination and that of Ignatius Loyola in his *Spiritual Exercises* He then turns to the role of religious experience in Wordsworth using *The Prelude* as a privileged source Next after comparing the conception of humanity and God in Wordsworth and Coleridge Barth considers the role of religious experience and imagery in two of Coleridge's central poetic texts *The Rime of the Ancient Mariner* and *Christabel* Finally Barth examines the continuing role of the Romantic idea of the religious imagination today in literature and all the arts linking it with the thought of theologian Karl Rahner and literary critic George Steiner *Romanticism and Transcendence* brings together literary theory poetry and religious experience areas that are interrelated but are often not seen in relationship By exploring levels of Wordsworth's and Coleridge's poetry that are often ignored Barth provides insight into how and why the imagination was so important to their work He also demonstrates how rich with religious value and meaning poetry and the arts can be The interdisciplinary nature of this important new study will make it useful not only to Wordsworth and Coleridge scholars and other Romantic specialists but also to anyone concerned with the intellectual history of the nineteenth century and to theologians in general

Encyclopedia of the Romantic Era, 1760-1850 Christopher John Murray, 2004 Review Written to stress the crosscurrent of ideas this cultural encyclopedia provides clearly written and authoritative articles Thoughts themes people and nations that define the Romantic Era as well as some frequently overlooked topics receive their first encyclopedic treatments in 850 signed articles with bibliographies and coverage of historical antecedents and lingering influences of romanticism Even casual browsers will discover much to enjoy here The Top 20 Reference Titles of the Year American Libraries May 2004

The Fountain Light Robert J. Barth, 2022 It has often been suggested that Romanticism of its very nature has affinities with religious quest and spiritual value These new essays written in honor of distinguished eighteenth century and Romantic scholar John L. Mahoney explore the intersection of Romanticism and religion They range from broad considerations of this relationship in several Romantic writers to close readings of individual poems The collection breaks new ground in the exploration of the role of religion in the Romantics' experience and will be of interest not only to scholars of Romanticism and historians of nineteenth century religion but to anyone interested in the intellectual life of the nineteenth century England

Handbook of American Romanticism Philipp Löffler, Clemens Spahr, Jan Stievermann, 2021-07-05 The *Handbook of American Romanticism* presents a comprehensive survey of the various schools authors and works that constituted antebellum literature in the United States The volume is designed to feature a selection of representative case studies and to assess them within two complementary frameworks the most relevant historical political and institutional contexts of the antebellum decades and the consequent re appropriations of the Romantic period by academic literary criticism in the

twentieth and early twenty first centuries The Cambridge Companion to British Romanticism and Religion Jeffrey Barbeau, 2021-10-21 The Cambridge Companion to British Romanticism and Religion provides the first scholarly survey of the connections between literature religion and intellectual life during the British Romantic period 1780s 1832 Part I Historical Developments examines diverse religious communities texts and figures that shaped British Romantic culture investigating the influence of Christianity Judaism Islam Hinduism and atheism on the literature of the times Part II Literary Forms considers British Romanticism and religion through attention to major genres such as poetry the novel drama sermons and lectures and life writing Part III Disciplinary Connections explores links between religion literature and other areas of intellectual life during the period including philosophy science politics music and painting Romanticism and Religion Stephen Prickett, 2008-12-18 Modern scholarship has tended to separate literature and theology Yet it is impossible to understand the ideas of such Victorian theologians as Hare and Maurice Keble and Newman without reference to contemporary literary criticism just as it is impossible to understand criticism of the period and the sensibility it implies isolated from its theology This book is an attempt to reinterpret a whole theological tradition in the light of its members views on language and poetry and associated ideas of imagination myth and symbol Dr Prickett argues that Coleridge and Wordsworth began a theological revolution by reintroducing to the Anglican Church a mode of thinking that had become submerged or died out Their organic aesthetics with roots both in England and Germany carried with them a theory of symbolism and of the unconscious which while originally derived from theology provided an independent and parallel tradition to contemporary Paleyite apologetic From them Maurice Keble and Newman were able to draw the conception of an idea as living and creative and of the Church itself as poetic **Romantic Religion** R. J. Reilly, 2006-08 10 lectures at The Hague March 20 29 1913 CW 145 Address in Berlin February 3 1913 The future of spiritual esoteric movements such as ours will depend more and more upon the realization that human spiritual development is necessary Whoever rejects or is hostile toward spiritual development will thus have identified with what is no longer useful on Earth with what is withered and shriveled and will have abandoned cosmic evolution as willed by the gods Rudolf Steiner On February 3 1913 the first General Meeting of the newly formed Anthroposophical Society was convened in Berlin Six weeks later in Holland Rudolf Steiner spoke for the first time to an anthroposophic audience in a detailed intimate way about individual esoteric training and the subtle effects of spiritual development on every level of one's being Beginning with questions regarding the body's experience of food and drink meat coffee alcohol and so on he lays out the progression of anthroposophic spiritual inner work up to direct perception of Paradise and the Holy Grail He discusses the role of human beings in our evolution that takes place between the forces of Lucifer and Ahriman Included is Steiner's important lecture The Being of Anthroposophy which this volume introduces to the English speaking world This edition also includes Steiner's introductory words previously available only as an unpublished German typescript The Effects of Esoteric Development is a translation from the German of Welche

Bedeutung hat die okkulte Entwicklung des Menschen für seine Höhlen physischen Leib, Ätherleib, Astralleib und sein Selbst. GA 145

A Handbook of Romanticism Studies Joel Faflak, Julia M. Wright, 2016-01-19 The Handbook to Romanticism Studies is an accessible and indispensable resource providing students and scholars with a rich array of historical and up to date critical and theoretical contexts for the study of Romanticism. Focuses on British Romanticism while also addressing continental and transatlantic Romanticism and earlier periods. Utilizes keywords such as imagination, sublime, poetics, philosophy, race, historiography and visual culture as points of access to the study of Romanticism and the theoretical concerns and the culture of the period. Explores topics central to Romanticism studies and the critical trends of the last thirty years.

British Romanticism and the Catholic Question M. Tomko, 2010-11-17 The debate over extending full civil rights to British and Irish Catholics not only preoccupied British politics but also informed the romantic period's most prominent literary works. This book offers the first comprehensive interdisciplinary study of Catholic Emancipation, one of the romantic period's most contentious issues.

The Early Political Writings of the German Romantics Frederick C. Beiser, 1996-03-14 The Early Political Writings of the German Romantics contains all the essential political writings of Friedrich Schlegel, Schleiermacher and Novalis during the formative period of romantic thought, 1797 to 1803. While the political thought of the German romantics has been generally recognised as important, it has been little studied and most of the texts have been until now unavailable in English. The early romantics had an ambition still relevant to contemporary political thought: how to find a middle path between conservatism and liberalism, between an ethic of community and the freedom of the individual. Frederick C. Beiser's edition comprises all kinds of texts relevant for understanding the political ideas of the early romantic circles in Berlin and Jena: essays, lectures, aphorisms, chapters from books and jottings from notebooks. All have been translated anew, many for the first time.

Romanticism: A Very Short Introduction Michael Ferber, 2010-09-23 The only short introduction to Romanticism that incorporates not only the English but the Continental movements and not only literature but music, art, religion and philosophy. publisher description

Wordsworth and the Question of "romantic Religion" Nancy Easterlin, 1996 This definition of religion underlies the present interpretation and provides the basis for the author's assertion that the religious elements of Wordsworth's poetry are chronically problematical. For in the poetry the private dimension of religious experience exists to the exclusion of systematic belief and vice versa.

The Romantic Movement and Methodism Frederick C. Gill, 2016-07-21 As to the main subject, Methodism is still a rich quarry. Time far from obliterating its memory serves only to emphasize more clearly neglected aspects and accentuate main features. No evangel can live if cut from its roots. It is wise therefore to recall that early Methodist faith and practice were rooted and grounded in a rich cultural and devotional tradition. From the preface.

Revelation and Knowledge Ross Greig Woodman, Joel Faflak, 2011-01-01 Ross Woodman and Joel Faflak focus on the clash in British Romantic poets' works between depth psychology and mysticism in the context of post-Enlightenment crises of belief.

The book delves into Romanticism And Religion. Romanticism And Religion is a crucial topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Romanticism And Religion, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Romanticism And Religion
- Chapter 2: Essential Elements of Romanticism And Religion
- Chapter 3: Romanticism And Religion in Everyday Life
- Chapter 4: Romanticism And Religion in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Romanticism And Religion. The first chapter will explore what Romanticism And Religion is, why Romanticism And Religion is vital, and how to effectively learn about Romanticism And Religion.
3. In chapter 2, this book will delve into the foundational concepts of Romanticism And Religion. This chapter will elucidate the essential principles that need to be understood to grasp Romanticism And Religion in its entirety.
4. In chapter 3, this book will examine the practical applications of Romanticism And Religion in daily life. The third chapter will showcase real-world examples of how Romanticism And Religion can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Romanticism And Religion in specific contexts. The fourth chapter will explore how Romanticism And Religion is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Romanticism And Religion. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Romanticism And Religion.
