**Queering Tourism** Lynda Johnston, 2007-05-07 Gay Pride parades are annual arenas of queer public culture where embodied notions of subjectivity are sold enacted transgressed and debated From Sydney to Rome *Queering Tourism* analyses the paradoxes of gay pride parades as tourist events exploring how the public display of queer bodies the way they look what they do who watches them and under what regulations is profoundly important in constructing sexualized subjectivities of bodies and cities Drawing on extensive collections of interviews visuals and written media accounts photographs advertisements and her own participation in these parades Lynda Johnston gives a vibrant account of queer tourism in New Zealand Australia Scotland and Italy For each place she looks at how the relationship between the viewer and the viewed produces paradoxical concepts of bodily difference and considers how the queered spaces of gay pride parades may prompt new understandings of power and tourism Examining the intersection of sexuality space and tourism and using empirical data gathered at Gay pride parades such as the Sydney Mardi Gras New Zealand HERO Parade and World Pride Roma 2000 this important work produces a deconstructive account of tourism and presents new ways of thinking through the powerful processes of subjectivity formation

**The Holy Year of Jubilee** Herbert Thurston, 1900 This historic book may have numerous typos missing text or index Purchasers can download a free scanned copy of the original book without typos from the publisher 1900 06 Not illustrated Excerpt CHAPTER VI The Ceremonies Of The Jubilee In the still unpublished diary<sup>1</sup> of Francesco Mucanzio papal master of ceremonies at the close of the sixteenth century we find that distinguished rubrician in December 1574 discussing at some length the ritual to be used in the unwalling of the Holy Door at the forthcoming celebration of the Jubilee He tells us that as the time for the ceremony drew near he went to his Holiness Pope Gregory XIII and submitted to him a memorandum concerning the preparations to be made and the things to be then observed It appears however that his colleague in the office of master of ceremonies also went to the Pope with a similar programme which he declared to be that which had been followed by Julius III in the year 1550 It differed very little from mine says Mucanzio except in the versicles and responses Those which I had set down were taken from an ancient roll a quodam rotulo antiquo used in the time of Clement VII and of these versicles there was probably no accurate copy

forthcoming in 1550 on account of the pillage and disasters to which the city had been subjected he refers presumably to the sack of Rome in 1527 hence they had been somewhat altered My opinion was that out of the two sets which we had before us a third more appropriate than either might have been drawn up but when the matter was proposed in the Congregation of Cardinals appointed for the revision of ceremonies they decided that as regards the versicles 1 The copy here quoted is contained in MS Addit 26811 at the British Museum and prayers the precedent of Julius III s time should be adhered to in every particular The fact is adds Mucanzio we have nothing prescribed about this matter in the Book of Ceremonies 1 and on this ac

**The Life and Legacy of Rodrigo Borgia** Charles River Editors, 2025-06-24 Alexander never did what he said Cesare never said what he did Italian Proverb A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees When historians are asked to pick a point in history when Western civilization was transformed and guided down the path to modernity most of them point to the Renaissance Indeed the Renaissance revolutionized art philosophy religion sciences and math with individuals like Galileo Leonardo Michelangelo Raphael Dante and Petrarch bridging the past and modern society In Charles River Editors Legends of the Renaissance readers can get caught up to speed on the lives of the most important men and women of the Renaissance in the time it takes to finish a commute while learning interesting facts long forgotten or never known There have been no shortage of controversial Popes who were accused by Catholics and other Christians of impropriety but the most controversial of all was the Borgia Pope Alexander VI Born Rodrigo Borgia the future Pope made his way up the ranks of the Catholic Church with an assist from nepotism breaking his vows of chastity and fathering several illegitimate children along the way The stories and legends attributed to Rodrigo and his children particularly Cesare and Lucrezia have made the Borgias one of the most notorious families in history 500 years after Rodrigo s death he and his family have come to be associated more with incest political intrigue murder and state sponsored violence While 21st century TV series have cast the Borgias as the first organized crime family the rumors spread by the family s political opponents in the late 15th century have taken hold among a fascinated public Did Rodrigo really have an incestuous relationship with daughter Lucrezia Did he really throw lavish orgies While Rodrigo may not have been as colorful or criminal as the enduring legends there is no question he was manipulative ruthless

and ultimately effective From an administrative standpoint Rodrigo was a success as Pope Alexander VI with a big assist from son Cesare To the extent that the Borgias are still associated with murder and mayhem it was the father and son whose actions can be credited with the lion's share of the perception Not surprisingly almost everything about Rodrigo's life is still up for debate Legends of the Renaissance The Life and Legacy of Rodrigo Borgia chronicles the Borgia Pope's life and discusses the legends and myths surrounding him in an attempt to separate fact from fiction Along with pictures of important people in his life you will learn about Rodrigo Borgia like you never have before in no time at all *To Hell and Back* Maria Rosa, 2014-03-15 To Hell and Back The Life Story of an Austrian World War II Survivor is a unique one of a kind memoir Author Maria Rosa takes us on a journey through time and history as she tells the true to life story of her harrowing first person experiences before during and after World War 2 Her adventures span the globe as Maria describes life as a little girl a student a young lady a mother and finally as a grandmother Emotionally charged drama alternates with historical narrative and comical anecdotes in Maria's extraordinary and entertaining narrative Topics include World War II The Anschluss or Nazi takeover of Austria Relations between Jews and Gentiles A child's view of the Holocaust Salzburg the City of Mozart Hitler's Eagle's Nest retreat Historic castles and cathedrals The importance of women's education International travel adventures An encounter with Manhattan Freemasons Motherhood and family An abusive marriage The Cuban Missile Crisis The Assassination of JFK The Apollo Moon Landing The Vietnam War Two major California earthquakes The fall of the Berlin Wall The Ronald Reagan Presidential Library and much more Compelling and educational this eye opening book is a must read for all ages [Rick Steves' Italy](#) Rick Steves, 2000 *The Life of His Holiness Pope Leo XIII ...* Richard Henry Clarke, 1903 *History of the Holy Years through Mass Media (1900-2015)* Gianluca della Maggiora, Raffaella Perin, Federico Ruozzi, Dario Edoardo Viganò, 2025-09-29 As soon as Jubilees or Holy Years appeared on the 14th century historical stage they became the papal monarchy's most relevant political and economic instruments Since the 20th century jubilee celebrations have also proved to be extraordinary moments of confrontation though not always easy or unambiguous between the papacy and the rapidly developing mass audiovisual media On the one hand the jubilees have served as catalysts for attention towards the Vatican amplifying the traditional reasons behind the attraction of the Eternal City as a destination for imposing pilgrimages and as a theater for spectacular liturgical ceremonies On the other hand the Holy Years have provided the opportunity for the Holy See to experiment through audiovisual media with new ways of interpreting and unfolding the universal mission of the papacy finally freed from temporal concerns This volume aims to reconstruct this complex and little investigated connection by drawing on a variety of sources from the Vatican archives as well as little known audiovisual sources Focusing on one hundred years of history 1900-2015 the events of both ordinary and extraordinary jubilees are analyzed from the perspective of each of the audiovisual mass media cinema radio and television *The Italian Yearbook of International Law 1999* Benedetto Conforti, Luigi Ferrari Bravo, Giorgio Sacerdoti, Francesco

Francioni, Natalino Ronzitti, 2000-10-01 In a world where diversity and pluralism are indispensable values for the balanced progress of international law knowledge of the contribution that each State makes to the formation and development of international norms is increasingly important for both scholars and practitioners The Italian Yearbook of International Law aims at making accessible to the English speaking public the Italian contribution to the practice and literature of international law The Yearbook is organised into three main sections The first contains doctrinal contributions featuring articles on the European human rights system and its relation to customary international law on international control of bribery and mergers and on the problem of accountability for gross violations of human rights The second section covers the Italian practice in the areas of 1 judicial decisions including the important decisions in the Ocalan and Cermis cases 2 diplomatic and parliamentary practice 3 treaty practice and 4 national legislation Relevant materials are presented by way of introductory notes and concise legal analysis The third part of the volume contains a systematic bibliographical index of Italian literature in the field of international law The volume ends with an analytical index for ready consultation

*Pope Francis and Mercy* Gill K. Goulding, CJ, 2023-09-15 This theological study examines how Pope Francis lives out mercy in his own Petrine ministry and calls for it to be lived out by the people of God The centerpiece of Pope Francis's pontificate from the very first days has been his proclamation of the importance of the mercy of God While facing global problems of climate change terror political destabilization refugees and dire poverty the Holy Father has articulated the mission of the Church through mercy love and forgiveness to reveal the compassion of God for all and particularly for those most vulnerable existing on the margins of society In this compelling study Gill Goulding CJ examines for the first time the critical and determinative role of mercy in Francis's papacy using his homilies allocutions encyclicals and addresses as primary sources Goulding traces the theme of mercy in Francis's thought attending to its Ignatian foundations and its Christological Trinitarian and ecclesiological significance for the Church today particularly the impact of his reappropriation and elevation of the discourse of mercy on the work of the Curia in Rome Goulding enters into dialogue with other theologians including Romano Guardini Walter Kasper and Hans Urs von Balthasar to demonstrate a continuity between Francis and his predecessors especially Benedict XVI in this area of mercy In addition Goulding argues that the influence of St Ignatius Loyola in particular his Spiritual Exercises needs to be taken into account paying special attention to Francis's call for the practice of discernment Throughout *Pope Francis and Mercy* Goulding lays the groundwork for future research and suggests a wider appreciation of the necessary tools to enable an engagement with mercy in our contemporary world

**The End and the Beginning** George Weigel, 2011-11-01 As March gave way to April in the spring of 2005 and the world kept vigil outside the apostolic palace in Rome the pontificate of Pope John Paul II then drawing to a poignant end was already being described as one of the most consequential in two millennia of Christian history With these words world renowned author and NBC Vatican analyst George Weigel begins his long awaited sequel to the international bestseller *Witness to Hope* The

Biography of Pope John Paul II More than ten years in the making *The End and the Beginning* Pope John Paul II *The Victory of Freedom* the Last Years the Legacy tells the dramatic story of the Pope's battle with communism in light of new and recently disclosed information and brings to a close Weigel's landmark portrait of a man who not only left an indelible mark on the Catholic Church but also changed the course of world history When he was elected pope in the fall of 1978 few people had ever heard of the charismatic Karol Wojtyła But in a very short time he would ignite a revolution of conscience in his native Poland that would ultimately lead to the collapse of European communism and death of the Soviet Union What even fewer people knew was that the KGB the Polish Secret Police and the East German Stasi had been waging a dangerous decades long war against Wojtyła and the Vatican itself Weigel with unprecedented access to many Soviet era documents chronicles John Paul's struggle against the dark forces of communism Moreover Weigel recounts the tumultuous last years of John Paul's life as he dealt with a crippling illness as well as the new world disorder and revelations about corruption within the Catholic Church Weigel's thought provoking biography of John Paul II concludes with a probing and passionate assessment of a man who lived his life as a witness to hope in service to the Christian ideals he embraced *Indulgences*

Thomas Schirrmacher, 2014-10-07 This history of indulgences and purgatory has established itself as a standard summary of the history of the theological development in stages leading to the full orb view of the 15th century and a praxis that led to split the church The author follows the further history through the centuries through to the major changes made after the Second Vatican Council Even though the last chapter of the book contains a detailed Protestant and Orthodox criticism of the dogmatic foundations of indulgences the book is seen as a fair contribution by many reviewers and has earned the approval of Catholic theologians who regret that the planned abolition of indulgences by the Second Vatican Council did not take place finally Book jacket *The Great Western Schism, 1378-1417* Joëlle Rollo-Koster, 2022-04-14 The Great Schism divided Western Christianity between 1378 and 1417 Two popes and their courts occupied the see of St Peter one in Rome and one in Avignon Traditionally this event has received attention from scholars of institutional history In this book by contrast Joëlle Rollo-Koster investigates the event through the prism of social drama Marshalling liturgical cultural artistic literary and archival evidence she explores the four phases of the Schism the breach after the 1378 election the subsequent division of the Church redressive actions and reintegration of the papacy in a single pope Investigating how popes legitimized their respective positions and the reception of these efforts Rollo-Koster shows how the Schism influenced political thought how unity was achieved and how the two capitals Rome and Avignon responded to events Rollo-Koster's approach humanizes the Schism enabling us to understand the event as it was experienced by contemporaries *National Catholic Welfare Council Bulletin*, 1922 **The Christian Advocate**, 1901 *Catholic Encyclopedia*, 1910 **The Catholic Encyclopedia: Infamy-Lapparent**, 1910 **Horae Apocalypticae: or, A commentary on the Apocalypse, critical and historical** Edward Bishop Elliott, 1847
