Rommels Desert Army:

Desert Fox Samuel W. Mitcham, 2019-03-12 Just who was Erwin Rommel War hero or war criminal Hitler flunky or man of integrity Military genius or just lucky Now bestselling military historian Samuel W Mitcham Jr gets to the heart of the mysterious figure respected and even admired by the people of the Allied nations he fought against Mitcham recounts Rommel's improbable and meteoric military career his epic battles in North Africa and his fraught relationship with Hitler and the Nazi Party Desert Fox The Storied Military Career of Erwin Rommel reveals How Rommel's victories in North Africa were sabotaged by Hitler's incompetent interference How Rommel burned orders telling him to commit war crimes Why it wouldn't have helped Patton if he really had read Rommel's book How Rommel was responsible for the Germans defense against the D Day landing Why the plot to overthrow Hitler was fatally compromised when Rommel was gravely injured in an Allied attack The reason Rommel agreed to commit suicide after his part in the plot was discovered by Hitler Mitcham's gripping account of Rommel's life takes you through the amazing adventure of the World War II battles in North Africa Again and again Rommel outfoxed the Allies until the war of attrition and Hitler's blunders doomed the Axis cause Illustrated with dozens of historical photos this illuminating biography paints a fascinating and tragic picture of the man known as the Desert Fox

Rommel's Desert Army Martin Windrow, 1976-06-15 The desert war produced commanders of dash and originality on both sides and the memory of the German commanding general Erwin Rommel has endured as the epitome of skill daring and soldierly integrity His victories in World War II were brilliant until he was bested by poor health lack of reinforcements and an opposing commander who was his equal The contribution of his various troops is detailed in a full order of battle which includes his veteran Afrika Korps and Italian allies and their uniforms are shown in full color artwork **Rommel:**

Desert Fox Desmond Young, 1987-02-18 Early in 1941 the famed British Eighth Army was on the route to victory in North Africa Just a few months later this same army was on the verge of total defeat as the Germans had won victory after victory and were threatening to overrun Egypt and the Middle East Here is the classic biography of the man who masterminded this great turnabout Field Marshal Erwin Rommel commander of the German Afrika Korps The man who burned Hitler's order to execute British raiders and who gave Allied prisoners the same food and medical treatment as his German troops The tough general who personally conducted reconnaissance under fire in an open car while his tank commanders hid in armored turrets The author of this book Brigadier General Desmond Young fought against Rommel in North Africa was captured by him and after his release at the end of the war visited Rommel's family and talked with many of his fellow officers Thus he is able to tell us about intrigues that went on in the German High Command during the war he is able to give a blow by blow description of such decisive battles as Tobruk and El Alamein and he is able to give personal anecdotes about Rommel and to sort out the facts from the legends that have sprung up around this extraordinary general **Rommel's Desert**

Commanders Samuel W. Mitcham, 2008-07-07 New perspective on the most famous campaign of the legendary Desert Fox

Details on the contributions and animosities of Rommel's subordinates Includes accounts of Tobruk Gazala El Alamein and other battles In Libya and Egypt in 1941 and 1942 German Field Marshal Erwin Rommel achieved immortality as the Desert Fox battling and usually defeating numerically superior enemies Until now historians have generally overlooked the talented cast of characters who supported Rommel during this campaign Distinguished military historian Samuel Mitcham recounts the battles of the Afrika Korps through the men who served Rommel as staff officers and commanders of divisions regiments and battalions soldiers like Ludwig Cr well and Walter Nehring two of World War II's best panzer commanders and Ernst G nther Baade who wore a kilt and carried a broadsword into battle Rommel's Desert Army Martin Windrow,1976

Rommel's Army in the Desert Alistair Smith,2013-02-19 When German General Rommel and the lead elements of what would become the Afrika Korps landed in Libya in February 1941 nobody could have foreseen the legendary status they would achieve Sent to support the faltering Italians they were eventually able to drive the Allies to the very gates of Egypt Fighting over hostile and rugged terrain often outnumbered and outgunned they were only finally undone by their defeat at El Alamein and Allied landings to their rear This collection of photographs is taken from the albums of three members of the vaunted Afrika Korps For the first time the daily reality of the North African campaign can be seen from the German point of view With numerous photographs of vehicles and men at work this collection paints a portrait of the rugged and dangerous conditions as well as the harsh and brutal nature of desert warfare Rommel's Desert War Martin Kitchen,2009-09-03 At the height of his power in January 1941 Hitler made the fateful decision to send troops to North Africa to save the beleaguered Italian army from defeat Martin Kitchen's masterful history of the Axis campaign provides a fundamental reassessment of the key battles of 1941 3 Rommel's generalship and the campaign's place within the broader strategic context of the war He shows that the British were initially helpless against the operational brilliance of Rommel's Panzer divisions However Rommel's initial successes and refusal to follow orders committed the Axis to a campaign well beyond their means Without the reinforcements or supplies he needed to deliver a knockout blow Rommel was forced onto the defensive and Hitler's Mediterranean strategy began to unravel The result was the loss of an entire army which together with defeat at Stalingrad signalled a decisive shift in the course of the war **Rommel's Greatest Victory** Samuel Mitcham,2017-07-17 From the moment he first came under fire Brigadier Desmond Young wrote later he stood out as the perfect fighting animal cold cunning ruthless untiring quick of decision and incredibly brave A fellow officer commented later He was the body and soul of war Johannes Erwin Eugen Rommel the man who was to become to known as the Desert Fox was born in Swabia a former W rttemberg district on 15 November 1891 In 1910 he enlisted as a soldier in the German army joining the 124th 6th Wurttemberg Infantry Regiment at Stuttgart This news was received badly by his father head of a working class family with no military tradition who was acutely aware that ranks were mostly dominated by Prussian aristocrats Previous trends suggested that the most Rommel could hope for were a modest pension and a low rank Yet by

1911 Rommel was becoming an officer and was noticed for his conscientiousness and commitment to rank. He had also met and fallen in love with Lucie Maria, a woman who he would remain loyal to for the rest of his life. His military life was however unremarkable at this point and whilst it was apparent he took his position seriously, his private life appeared boring. He was an old-fashioned soldier. Yet when fighting in Belgium and France, a relentless and astonishing streak emerged in Rommel. He was an exceptional leader who would go on to become as a notorious and highly decorated officer in World War I, rising to the rank of senior German Army officer in World War II and receiving the Pour le Mérite award following fighting on the Italian front. Still celebrated in Germany today, Rommel's life ended abruptly when he was forced to commit suicide by Nazi emissaries in exchange for his family's immunity after being accused of formulating a plot to kill Hitler, a man he had initially admired but later turned against.

Samuel Mitcham Jr. tells the fascinating story of one of Germany's most popular Generals and his capture of Tobruk, revealing a tactical and extraordinary military career marked by dedication, hardship, glory, betrayal, and vicious Nazi politics. *Praise for Rommel's Greatest Victory*: This is an extremely well-written, readable book. Mitcham ably describes events leading to the Tobruk garrison's capitulation on the morning of 22 June 1942. Mitcham's balanced treatment of both combatants describes a closely run battle for each side.

Military Review: This well-researched and well-written volume will delight World War II and Desert War enthusiasts but readers not well versed in the North African conflict will find it an excellent introduction to that campaign and to the man who has come to symbolize it.

Newport News Daily Press: Rommel's Greatest Victory sheds new light on the Battle of Tobruk and combines this with new scholarship on the way Rommel conducted the campaign. Mitcham has given readers an excellent and well-balanced account of one of the most pivotal battles of World War II.

Stars and Stripes: Dr Samuel W. Mitcham Jr. was born in 1949 in Louisiana. He is a former U.S. Army helicopter pilot and noted historian of World War II who has written extensively on the Wehrmacht and Nazi Germany. He gained a doctorate from the University of Tennessee and is the author of over 30 military volumes, including *Retreat to the Reich*, *Why Hitler*, *Rommel's Desert War*, *Rommel's Last Battle*, *Hitler's Field Marshals and Their Battles*, *Eagles of the Third Reich*, and *German Defeat in the East*.

Rommel's Desert War Samuel W. Mitcham, Jr., 2007. The most famous battles of one of World War II's most legendary commanders. Told largely from Rommel's perspective using his papers and letters. In a series of battles marked by daring raids and quick armored thrusts against a numerically superior enemy, Erwin Rommel, the notorious Desert Fox, and his Afrika Korps waged one of World War II's toughest campaigns in the North African desert in 1942. The Axis campaign climaxed in June with the recapture of Tobruk, a triumph that netted 33,000 prisoners and earned Rommel a field marshal's baton. By fall, however, after setbacks at Alam Halfa and the 2 battles of El Alamein, the Afrika Korps teetered on the brink of defeat, which would come in Tunisia 6 months later.

Rommel's Lieutenants Samuel W. Mitcham, 2008-12-17. Covers Erwin Rommel's World War II battles before he led the legendary Afrika Korps. First work to recognize the talented staff officers and company, battalion, and regimental commanders who supported Rommel. One of the

most famous soldiers to fight in World War II Erwin Rommel achieved immortality as the Desert Fox in the sands of Africa but his first field command was the 7th Panzer Division the so called Ghost Division During the 1940 campaign in France the unit suffered more casualties than any other German division and at the same time inflicted heavy losses on the Allies taking almost 100 000 prisoners The Ghost Division's success owed much to Rommel's subordinates who aided Rommel more than he admitted in his papers and whom historians have generally overlooked This book remedies that oversight **Rommel, the Desert Fox** Desmond Young, 1950 The fabulous true story written by a wartime enemy of the late Field Marshal reveals the life and adventures and strange death of a man who has become one of the most fascinating legends of this time *With Rommel in the Desert* David Mitchelhill-Green, 2017-04-30 This WWII pictorial history illustrates Nazi Germany's North African campaign showing life under Rommel through vivid wartime photographs Prior to the outbreak of World War II the German Army had focused exclusively on preparations needed to wage war in continental Europe The threat of an Italian collapse in North Africa in early 1941 however prompted Hitler to aid his ally by sending an armored blocking force to Libya Not content to merely thwart the British from capturing Tripoli Lieutenant General Erwin Rommel harried his inexperienced expeditionary force eastward towards the Nile Delta *With Rommel in the Desert* presents a pictorial narrative of the unfolding conflict from the arrival of the Deutsches Afrikakorps until Rommel's departure from the battlefield in March 1943 These rare wartime photographs show daily life in the desert war with its shifting fortunes and unique challenges Primarily viewed from the perspective of ordinary combatants this is their personal record of serving with Rommel in the desert

Rommel's Greatest Victory Samuel W. Mitcham, 1998 The Desert Fox Erwin Rommel was the foremost strategist and tactician of his generation and his defeat of the British forces at the important Libyan port of Tobruk in spring 1942 was the crown jewel of his military campaigns a victory so stunning it forced a vote of confidence in the Churchill government Mitcham Jr history Hendersonville State U chronicles Rommel's march to Tobruk noting the leader's ability to discern the best places and times to strike He includes several maps and bandw photos Annotation copyrighted by Book News Inc Portland OR *Rommel's Desert War* Samuel W. Mitcham, 2007-08-16 The most famous battles of one of World War II's most legendary commanders Told largely from Rommel's perspective using his papers and letters **Rommel's Desert Commanders** Samuel W. Mitcham Jr., 2007-02-28 Perhaps the most famous and admired soldier to fight in World War II was Field Marshal Erwin Rommel who achieved immortality as the Desert Fox Rommel's first field command during the war was the 7th Panzer Division also known as the Ghost Division which he led in France in 1940 During this campaign the 7th Panzer suffered more casualties than any other division in the German Army at the same time inflicting a disproportionate number of casualties upon the enemy It took 97 486 prisoners captured 458 tanks and armored vehicles 277 field guns 64 anti tank guns and 4 000 to 5 000 trucks It captured or destroyed hundreds of tons of other military equipment shot down 52 aircraft destroyed 15 more aircraft on the ground and captured 12 additional planes It destroyed the French 1st Armored Division

and the 4th North African Division punched through the Maginot Line extension near Sivry and checked the largest Allied counteroffensive of the campaign at Arras When France surrendered the Ghost Division was within 200 miles of the Spanish border No doubt about it Rommel had proven himself a great military leader who was capable of greater things His next command in fact would be the Afrika Korps where the legend of the Desert Fox was born Rommel had a great deal of help in France much more than his published papers suggest His staff officers and company battalion and regimental commanders were an extremely capable collection of military leaders that included 12 future generals two of them SS and two colonels who briefly commanded panzer divisions but never reached general rank They also included Colonel Erich von Unger who would no doubt have become a general had he not been killed in action while commanding a motorized rifle brigade on the Eastern Front in 1941 as well as Karl Hanke a Nazi gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer SS No historian has ever recognized the talented cast of characters who supported the Desert Fox in 1940 No one has ever attempted to tell their stories This book remedies that deficiency **Rommel's Desert Warriors** Michael Olive, Robert J. Rommel's Desert Campaigns, February 1941-September 1942: A Study In Operational Level Weakness [Illustrated Edition] Major Donald E. Kirkland, 2014-08-15 Includes the War in North Africa Illustration Pack 112 photos illustrations and 21 maps This study is a historical analysis to determine why Rommel's tactical success on the battlefield could not accomplish strategic objectives in North Africa Rommel's operations are reviewed from his arrival in North Africa in February 1941 through his last offensive to destroy the British Eighth Army at Alamein in August September 1942 The study compares his ability to conduct tactical operations with his apparent inability to plan and execute actions at the operational level of war Rommel's problems with operational planning are addressed within the scope of campaign planning principles set forth in FM 100-5 Operations Final Draft His planning is expressly judged on how he shaped his operational plans by using the concepts of aims resources constraints and restrictions to conform to strategic guidance Rommel's tactical

execution is contrasted with his operational performance This comparison is based on the AirLand Battle tenets of agility initiative depth and synchronization The study concludes that Rommel s failure lies in planning operations that exceeded his resources and conducting needless operations that resulted in the loss of the initiative at the decisive point Rommel s plans exceeded the strategic objectives desired by the theater strategists His execution was ultimately defeated by his quest for tactical victories without regard to how they contributed to achieving campaign objectives Rommel s weakness at the operational level led to failure to sequence tactical victories to achieve campaign goals This failure illustrates the importance of understanding how operational art orchestrates tactical activities to achieve strategic objectives within a theater of operations
