careers of Austro Hollywood artists and on influential developments in Austrian film history This first comprehensive English survey of Austrian film introduces more than a century of cinema following the development of the industry chronologically through the nation's various transformations since 1895 Important industry movements genres and films are highlighted with sociopolitical cultural and aesthetic details An analysis of the economic trends that have influenced Austrian film is also provided The survey considers the directors actors producers writers cinematographers editors composers and other film artists who have been essential to the development and influence of Austrian cinema The closing chapter anticipates new faces of the Austrian film industry in the 21st century

**Hermeneutic Humility and the Political Theology of Cinema** Sean Desilets, 2016-06-10 This book revisits the tradition of Western religious cinema in light of scholarship on St Paul's political theology The book's subtitle derives from the account in the Book of Acts that St Paul was temporarily blinded in the wake of his conversion on the road to Damascus In imitation of Paul the films on which Sean Desilets's analysis hinges including those of Carl Th Dreyer Robert Bresson Pier Paolo Pasolini and Carlos Reygadas place a god blind mechanism the camera between themselves and the divine Desilets calls the posture they adopt hermeneutic humility hermeneutic in that it interprets the world but humble in that it pays particular even obsessive attention to its own limits Though these films may not consciously reflect Pauline theology Desilets argues that they participate in a messianic hermeneutic tradition that runs from Paul through St Augustine Blaise Pascal Karl Barth and Walter Benjamin and which
