Forensics Under Fire Jim Fisher, 2008-02-04 Television shows like CSI Forensic Files and The New Detectives make it look so easy A crime scene photographer snaps photographs a fingerprint technician examines a gun uniformed officers seal off a house while detectives gather hair and blood samples placing them carefully into separate evidence containers In a crime laboratory a suspect's hands are meticulously examined for gunshot residue An autopsy is performed in order to determine range and angle of the gunshot and time of death evidence Dozens of tests and analyses are performed and cross referenced A conviction is made Another crime is solved The credits roll The American public has become captivated by success stories like this one with their satisfyingly definitive conclusions all made possible because of the wonders of forensic

science Unfortunately however popular television dramas do not represent the way most homicide cases in the United States are actually handled Crime scenes are not always protected from contamination physical evidence is often packaged improperly lost or left unaccounted for forensic experts are not always consulted and mistakes and omissions on the autopsy table frequently cut investigations short or send detectives down the wrong investigative path In *Forensics Under Fire* Jim Fisher makes a compelling case that these and other problems in the practice of forensic science allow offenders to escape justice and can also lead to the imprisonment of innocent people Bringing together examples from a host of high profile criminal cases and familiar figures such as the JonBenet Ramsey case and Dr Henry Lee who presented physical evidence in the O J Simpson trial along with many lesser known but fascinating stories Fisher presents daunting evidence that forensic science has a long way to go before it lives up to its potential and the public s expectations *Federal Agent Under Fire* Julie Anne Lindsey,2018-04-01 To catch a serial killer an FBI agent gets dangerously close to a fierce and beautiful target in this suspenseful romantic thriller For the past five years FBI agent Blake Garrett has fixated on catching a serial killer The trail is starting to go cold until the madman s latest victim manages to escape with her life Marissa Lane has the clues Blake needs to finally crack the case But she is still the object of the killer s obsession Now Blake is torn between drawing his elusive prey out into the open and his deep desire to protect the woman he can t resist **Up in Smoke (A Hot in Chicago Rookies Novel)** Kate Meader,2022-02-22 Lives are on the line at Engine 6 and so are hearts Running an engine crew in the Chicago Fire Department is my dream job and between that my awesome kid and my nosy sister I lead a pretty great life Bruised and burned by my marriage I don t have time for dating or drama but I always have time for pie And when I share a slice of cherry with a sweet redhead followed by the hottest dirtiest most pulse pounding kiss of my life I start to rethink the possibilities Until that woman walks into my firehouse and upends my well ordered world Abby Sullivan is now a rookie firefighter on my crew and a threat to my self control more dangerous than a five alarm blaze My job is to watch her six when all I want is to watch her fall into my bed Lust has no place in the firehouse and a distraction like Abby with her electric blue eyes waves of flame red hair and freckles I want to map with my tongue is one I can ill afford Because one wrong move and it could all go up in smoke *Up in Smoke* is the first in the brand new *Hot in Chicago Rookies* series about firefighters navigating the trials of new jobs and sizzling romances as they find their place in the world and the love of a lifetime Firefighters firemen firefighter romance hot in chicago workplace romance forbidden romance boss employee romance single dad single father **Love under Fire** Dorothea Odom,2024-05-17 This book is based on true events which occurred during the mid to late 1980s in Colombia when terrorist elements were very active in their campaigns to derail U S and Colombian Government efforts to destroy the coca crop and thus stem drug exports from Colombia to points northward Readers will get an inside look at how the U S Embassy functioned as well as profiles of certain key characters The central theme is that true love comes under fire but ultimately triumphs although there is no happily ever after ending The basic idea is that one s trust
