Buddhism Osho, 2023-03-07 Religion is the vast sky of existence Reason is a tiny human phenomenon The reason has to be lost has to be dropped Only by going beyond the mind does one start understanding what is That s the radical change No philosophy can bring that radical change only religion Religion is non philosophic anti philosophic and Zen is the purest form of religion Zen is the very essence of religion Hence it is irrational it is absurd If you try to understand it logically you will be bewildered It can only be understood illogically It has to be approached in deep sympathy and love YOU CANNOT approach Zen through empirical scientific objective concepts They all have to be dropped It is a heart phenomenon You have to feel it rather than think it You have to BE it to know it Being is knowing And there is no other knowing **Birding and Mysticism**

Osho, 2023-04-14 Zen is not a theology it is a religion and religion without a theology is a unique phenomenon All other religions exist around the concept of God They have theologies They are God centric not man centric man is not the end God is the end But not so for Zen For Zen man is the goal man is the end unto himself God is not something above humanity God is something hidden within humanity Man is carrying God in himself as a potentiality *With Roots and Wings* Jay B.

McDaniel, 2009-06-26 In *With Roots* to be open to the insights of people of other faiths as well as to share our own and to become centered on God McDaniel shows where the new universe story of Thomas Berry and Brian Swimme and the Christian story meet and differ where they complement and where they supplement one another *With Roots Wings* shows how to experience both green grace that comes from opening one s self to the rhythms of the cosmos and red grace symbolized in the crucifixion of Christ both of which are vital to a Christian ecological spirituality and praxis Most impressive is McDaniel s ability to absorb and reflect important lessons Christians can learn from Native Americans from Buddhists and Hindus from Muslims and Jews The complexity of the issues he addresses and his ability to explain them simply and clearly
